British Conservatives See New Epoch in 1932; World Waiting at Door

So Many Would Like to Do Business With Great Britain That it is Difficult to Decide Which to Choose, Declares Neville Chamberlain

BLACKPOOL, Eng., Oct. 6.—The Imperial Conference was lauded by Conservatives here today as "the crowning achievement of a wonderful year which is the beginning of a new epoch." Without dissenting voice, the annual conference of the Conservative party of Great Britain warmly congratulated the national government on the success of the Ottawa economic conference.

Optimistic

Rt. Hon. Neville Chamberlain who tells Conservatives that world seeks to do business with Britain.

"There never was a time," said Rt. Hon. Neville Chamberlain, Chancellor of the Exchequer, "that the Ottawa agreements prevented our bargaining with foreign countries. In fact, our only difficulty is now to choose which of all those countries standing at our doorstep anxious for the first time to make a commercial treaty with us—which of them we shall attach with first."

Fears Entertained For Safety of Former Local Police Officer Near Prince George

VICTORIA, Oct. 6.—Constable McGlinchy of Prince George, missing in the bush while hunting grouse near Prince George, made his way out to the highway yesterday while fifty men were searching for him. He was unharmed and none the worse.

According to telegraphic dispatches to the Daily News, some anxiety is felt for the safety of Provincial Constable Hugh McGlinchy of Prince George, who is missing on a hunting trip near the interior city and for whom a search has been instituted.

Constable McGlinchy, according to the report, left Mrs. McGlinchy on the road in a car on the old Blackwater road thirty miles from Prince George and went into the bush to hunt for grouse. He failed to return to the road and, after waiting some considerable time, Mrs. McGlinchy reported the matter to the police.

KANSAS CITY, Oct. 6.—E. N. (Cap) Edmunds, one of the few surviving witnesses of the assassination of President Abraham Lincoln, died here on Tuesday at the age of 92. LYTTON, Oct. 6.—Frank Gott, aged trapper, who was wounded and captured yesterday by officers who were hunting him for the alleged killing of Game Warden Albert E. Farey near Lillooet, died last night in hospital here. He was taken yesterday near Moha after being shot twice in the legs.

LILLOOET, Oct. 6.—Frank Gott, game guide and trapper, wanted in connection with the murder of Albert E. Farey, game warden, last Monday evening near Moha, was captured yesterday near the scene of the shooting.

District Game Supervisor R. M. Robertson and a posse came upon Gott in the bush and called upon him to surrender. He attempted to escape and was shot twice in the leg before surrendering.

It was also reported that Gott attempted to cut his throat with a butcher knife which he carried away from his camp after the shooting of Farey on Monday evening. After dressing the wounds in Gott's leg, the police started with him for Kamloops where he will be lodged in the provincial jail and charged with murder.

Terrace Berries Were Supplied To Ketchikan

An interesting phase of the strawberry growing industry has just come to attention here. It seems that, during the height of the Terrace strawberry season, a Ketchikan dealer sent to Prince Rupert for half a dozen crates. They were forwarded but the price almost gave him the "shivers." He had been buying at from one-third to one-half the price in the south. He said he did not want any more.

A few days later another order came for berries. It seemed that the quality of the Terrace berries was so high that the Ketchikan people were willing to pay twice as much for them as for the southern product. After that regular shipments were made during the season and the full price was paid.

Bank Charters to Be Extended For One Year Until After World Economic Conference—Legislation to Implement Empire Trade Agreements, Railway Economics and Waterway Project

OTTAWA, Oct. 6.—A resolution to extend Canadian bank charters for one year will be introduced at this session of Parliament. This announcement was a feature of the Speech from the Throne, read by the Governor General at the opening of Parliament today which strikes a highly optimistic outlook on the economic situation. "You will be invited to extend Canadian bank charters for one year," the Speech sets out, "in order that Parliament may be informed of the results of the proposed world economic conference to be called to consider financial, economic and monetary problems before undertaking the regular decennial review of the Bank Act."

RESIDENCE DESTROYED

Home of Parents of Verge Moore at Terrace Consumed By Flames Last Evening

TERRACE, Oct. 6.—The residence of E. J. Moore on the bench, about a mile and a half north of town, was completely destroyed by fire which broke out about 6 o'clock last evening. The fire started on the roof, apparently as a result of sparks igniting moss, and the blaze was not discovered until the roof was a mass of flames. Members of the family were at supper at the time.

Neighbors gathered quickly and assisted in removing considerable furniture and clothing from the first floor. Much clothing and furniture was, however, destroyed.

A large shed which was situated near the house was removed to safe distance. The amount of insurance has not been ascertained.

E. J. Moore of Terrace is the father of V. S. Moore of this city.

Prosecutions Will Follow Infractions

The question of street parking is again giving the police some trouble. The complaint is that local residents refuse to obey the city regulations and warnings from the police are of no effect. Now the matter is coming to a head and Sergeant W. Service says he will have to issue summonses if the people are not more careful. As it is now it is very difficult to drive on some of the avenues owing to the cars being left on both sides.
