BULKLEY VALLEY COAL

IS A HIGH CARBON, NON-COKING, BITUMINOUS COAL
That can be used to economical advantage in all styles of fire boxes. In your kitchen range try the nut-egg size and simply shake the bottom grate when a hot fire is desired. For heaters use single screened lump. In furnaces use single screened lump with a generous portion of fines added to hold a slow fire or banking over night. You will use no other fuel after becoming accustomed to—
