

SUZANNE AFTER HER COLLAPSE.

Miss Suzanne Lenglen, famous tennis star and European champion, ill in body and in mind, being escorted by friends from the courts at Forest Hills, L. I., following her collapse in her match with Mrs. Molla Mallory, who now wins the right to the world's tennis title. Suzanne wept as she was led to the clubhouse.

ENTERTAINMENT AT SHIPYARDS

Concert, Boxing and Dancing Made Thursday Evening's Affair Delightful One.

The Wallace Shipyard Social Club held another entertainment at the Commissary House on Thursday night. There was a large attendance and the program was divided into three sections; concert, boxing and dance. The singing of L. C. Perry and D. H. L. Pate was excellent and the comic songs by W. Wisby, G. Kenyon and W. Bager brought down the house. The instrumentalists provided very fine entertainment. J. Prevost, playing the mandolin was repeatedly encored as also were E. J. Hardy, clarinet, A. Ward and J. Hammond, who played the guitar. The piano playing of G. Watson was a feature of the evening. Miss A. Lamont gave Scottish, Irish and Spanish dances in her own clever style and was accompanied by Piper J. Sturgeon. She wore the national costumes and danced on a platform made up of six dining room tables so was visible to all in the audience. T. Tyson gave a reading and J. Chisholm an exhibition of club swinging.

Boxing.

The boxing was fairly good and proved interesting to the gathering. The bouts were between J. Selig, 80 pounds and A. Wood, 82 pounds; W. Wisby, 115 pounds and J. Gavin, 115 pounds, and P. Kayshirk, 133 pounds. G. Hill was the referee.

Dancing.

At 10:30 the dancing commenced and it kept up until midnight. The orchestra comprised G. Watson, piano; J. Prevost, mandolin and banjo; J. O'Connor, violin, and D. H. L. Pate, clarinetist. J. Sanderson was master of ceremonies, and J. McCready presided generally over the whole affair.

SMOKE

WONDERFUL QUALITY & VALUE

15¢ per packet. 1/2 lb tin 80¢

Cascade Beer

Delivered in Case Lots To Your Home

YOU DO NOT HAVE TO CARRY your beer from the Government vendor's shop. We will deliver any quantity from a case upwards. Simply tell the clerk in the Government vendor's that you wish CASCADE BEER and ask him to have it delivered to your address.

The vendor will notify us, and we will do the rest. More than that, we will call for and pay you for the empty bottles. But be sure you ask for Cascade, for thirty years the most popular and best beer made in Canada.

COST OF WIVES MUCH TOO HIGH

Formosan Women Are Refusing to Consider Themselves So Many Livestock.

LARGE ENGAGEMENT FEES

Owing to High Price of Women Few Men Able to Take More Than One.

TAIWAN, Formosa, Sept. 29.—The world movement for woman's emancipation has struck Formosa at a time when the high cost of wives is being felt severely. The women, who are mostly of the Chinese race, are demanding the abolition of the system of engagement money which is paid by their suitors when the marriage contract is made, declaring that the payment of money to their parents is an insult to their dignity and position as free-born women. **Not Live Stock.** A young woman of education, a graduate from a girls' school, commands as much as 1,500 to 2,000 yen (\$750 to \$1000) as engagement money and such a sum is a very desirable addition to the family fortune these days. But these girls refuse to consider themselves livestock and decline marriage without personal consent and with a bridegroom of decent appearance and sufficient education. Most Formosan marriages are arranged on the basis of the engagement money and the bride-to-be has little to say about the matter. There are young women who insist that the trouble with engagement money is that it is too high and desirable suitors are often kept away because they cannot pay the price demanded. There is much in this argument which appeals to Formosan women, and a certain number of the less modern women are demanding that engagement money be radically reduced to a point where matrimony will be easier of accomplishment for them. **Polygamy.** The Formosans are polygamists. But the modern tendency is to remain satisfied with only one wife. And it is said that if engagement money does not decrease soon the habit of plural marriages will decrease too, because very few men can afford to purchase more than one wife at present high prices.

THE USES OF YEAST

When you see a man purchasing several cakes of yeast it's no sign his wife is going to make bread.—The Pacific Legion

WEATHER REPORT FOR MONTH OF SEPTEMBER

Precipitation Was 3.32 Inches and Hours of Bright Sunshine 55.2.

During the month of September there was 8.32 inches of rain in the city according to the report given out by H. O. Crewe, government meteorologist, this morning. The highest temperature was 70 degrees on September 10 and 11, the lowest, 40, on September 10. The mean temperature for the month was 52.5. There were 58.2 hours of bright sunshine, over 52 hours of this being on five days. The highest wind was on the evening of September 28 when the velocity reached 70 miles an hour.

TWO MILLION POUNDS FISH

Total for September Was 2,255,500 Pounds—Value Approximately \$225,550.

There was 2,225,000 pounds of halibut landed at this port during the month of September from company trawlers and independent boats according to figures obtained at the waterfront this morning. This total is considered satisfactory although it comes a little short of the same month in 1920 when the catch was 2,320,000 pounds. There were big arrivals at the first of the month but during the past fortnight, on account of the heavy weather on the banks, they have not been so large, many of the smaller boats not venturing forth. The ice and ear supply during the month was ample for requirements and the market did not suffer from this cause. Many of the smaller boats are commencing to tie up and already there are some fishermen in port who will not go out again until after Christmas. The big schooners will soon be leaving the banks to the south to fish near Yakutat, in the Behring Sea and off the Alaskan Peninsula. They will bring their catches to this port, the most convenient one. The highest price paid here during the month of September was on September 27, when the 17.9c was given for first class fish. This does not reach the high price of October last year which was 18.6c. The lowest was about September 1 when 7c and 4c was paid, there being at that time a great quantity of halibut offering.

NEW NURSE COMES FOR HOSPITAL HERE

Miss Bridgeman, of Vancouver, Arrived—Miss Paynter, Night Supervisor, Leaving.

Miss Bridgeman, of Vancouver, arrived in the city this morning to take a position on the night staff of the Prince Rupert General Hospital. Miss Anna Paynter, night supervisor, has resigned from the staff and leaves for her home in Vancouver tomorrow night. Miss E. Godwin also leaves tomorrow night for Vancouver to spend a month's holidays.

L. O. D. E. BRIDGE PARTIES STARTING

Mrs. Blance Gave First Yesterday at Home of Mrs. McMordie.

The first of a series of bridge parties which are being held by Queen Mary Chapter, Imperial Order Daughters of the Empire, was given yesterday afternoon and evening by Mrs. R. Blance at the home of Mrs. S. P. McMordie, Seventh Avenue West. There were four tables each time, the afternoon prize being won by Mrs. G. Whitehead, the evening by Mrs. S. McD. Hunter. The proceeds of the parties will go to the building fund.

BUSINESS METHODS.

When the agent brought Mrs. Tarley her fire insurance policy he remarked that it would be well for her to make her first payment at once. "How much will it be?" she asked. "About \$100. Wait a minute I'll find the exact amount." "Oh, how tiresome!" she exclaimed. "Tell the company to let it stand and deduct it from what they will owe me when the house burns down."—The American Legion Weekly.

Sport Chat

The suggestion that Morse Creek be fixed up at an early date so that it may be used for skating purposes is receiving the support of everyone in the city who is interested in the popular winter pastime. The matter is to be brought before the City Council at an early meeting and it will be pressed that the necessary repairs and alterations be commenced immediately. Now is the time that they must be done if they are to be done at all. The heavy rains will be on for a little time yet and the water should be retained in the creek. It will be no use to try to do the work after the frost comes. The enlarging of the Aeropolis sports grounds is becoming necessary and indeed the place should be widened and lengthened. The field is not the regulation size for the comfortable playing of football, and everyone knows the difficulties that the big rock on the east side of the field presents to

baseball players. Still further, it has been demonstrated by Aviator C. O. Prest that, with little extension, the field could be made quite handy for the taking off and landing of airplanes, and it is reasonable to say that a city of the size and geographical position of Prince Rupert should have a suitable field for airplane navigation. That fact alone should be sufficient to warrant early improvement being made to the grounds. **Living Room Motoring.**—The best car for this sport is the little model that is made in Eastern Canada. It is practically dustless and has an easy running movement that prevents back strain. If kept well oiled this little car can go over the whole course in half an hour without cutting the corners. At the end of the first spin it might be well to empty the underling dust box and clean the revolving brushes which sometimes pick up threads and bits of string. Some girls who have toolled the car in this fascinating indoor sport declare that it improves with use, but the real cause is that the player her-

self is feeling so good he imagines the machine is easier. The best boots, gauntlets, short skivvies and crash.
