FOR ALL CANADA

WHEN looking through the pages of the new Birks' Catalogue, is it not an inspiration to think that we have one quality of goods, one price, and one catalogue for all Canada. The people in Dawson City are served just the same as those in Montreal and Victoria, and it is the same all over this vast Dominion.

The quality of anything from Birks' is guaranteed.

FINAL RALLY OF LIBERALS

Great Gathering in Westholme Theatre Last Night Heard Speakers.

Last night the Westholme Theatre was packed to the doors with people anxious to hear the Liberal gospel expounded and to show Fred Stork that they were with him in the election which is taking place today. It was a great crowd and the addresses proved interesting. S. E. Parker presided and introduced each speaker and also said a few words of an optimistic nature.

Then, Collart read a telegram designed to show how voting for a Tory would interfere with individual liberty. He made a short but impressive speech.

W. E. Williams showed how Colonel Peck in the past had been 100 per cent Tory and it was on his past he was to be judged. He said he was a free trader but voted against it at Ottawa. He mentioned the fish car fiasco and the railway dolefit and urged that they support a leader with vision. Such a leader was Hon. W. L. Mackenzie King.

Thomas McClymont spoke humorously and effectively of the financial policy of the Meighen Government and its extravagance. He likened the rise of the farmer party today to the rise of the Patrons of Industry during a former Tory regime. He showed the fallacy of protection as applied locally and urged support of Fred Stork as the Liberal candidate.

Fred Stork, in opening, remarked on the much more agreeable audience which greeted him this time than four years ago on a similar occasion. The audience was now vastly different in temper and tone than it was then. Still the fight was the same old one of Vancouver vs. Prince Rupert. Now Prince Rupert was given the opportunity of having one of its citizens as its representative at Ottawa.

Mr. Stork commented on the serious interest that had been taken in the election by means of letters to the newspapers. He had to thank many of the writers who had helped him gain support. Indeed, if the campaign continued much longer some of the enthusiastic supporters of Col. Peck who had broken into print would make their candidates vote even smaller. Some of the papers had been so bad that, at the last moment, the Peck committee had to get out a new paper of its own.

Sympathy with Them.
Influence and assistance from all quarters was being sought by the Peck committee. He sympathized with Stewart and Fryzell who had recently been elected nurses in the Independent sanitarium to keep Newton, Morrow and others under the skirts while Orme and Joe Scott kept watch over the patchwork quilt of many colors which covered such a multitude of sins.

The speaker went on comparing the condition of today with those of 1896 when the Conservative government had before been overthrown. A change was again due and was surely coming.

Premier Meighen had said that the tariff was the only issue. It was not his intention to lower it.

"Perhaps Toronto needs Meighen but Canada needs a change," said Mr. Stork. "Canada needs a far bigger man than Meighen not the gramophone of McKenzie & Mann as R. R. Bennett, Meighen's cabinet minister, once styled him. The country will never be great with such men in control. Men of the stamp of Sir John A. Macdonald and Sir Wilfrid Laurier are needed."

Mr. Stork, in closing, stated that he had been all through the district and from what he had seen and heard he would be disappointed if his majority was less than a thousand. He appealed that such a majority be polled up that Meighen would see that this part of the country could not be defied and that Mackenzie King would see that it was as much behind him as it was behind his illustrious predecessor, Sir Wilfrid Laurier.

FIFTEEN BOILS ON NECK AT ONE TIME

Anyone who has suffered from boils can sympathize with poor old Job. There was no Burdock Blood Bitters on those days, so Job had to suffer in silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poultices and lancing you may do will not stop more coming. What you have to do is take **BURDOCK BLOOD BITTERS** and the blood will be cleansed of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes:—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 43 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

the tariff or leave it as it was but his intention was undoubtedly to advance it and still further raise the already high cost of living.

There was a National Debt of three billion which must be faced. It had been made and must be paid for through the natural resources of Canada. To encourage the lumberman, the farmer, the fisherman and the mining man the tariff wall must be lowered.

Railway Situation.
Mr. Stork referred to the railway situation and its effect on Prince Rupert. Business had been diverted to Vancouver, and the dry dock had been left idle when it was badly needed and could have been used to advantage in the war shipbuilding program. Freight rates had been advanced crippling industry.

It was high time for a policy of economy and common sense to be instituted. The Meighen Government had never called into its councils on railway matters men who were experienced and familiar with railroad business. He believed it was the policy of Mackenzie King to invite men in with whom to consult regarding the National Railways. He believed in putting in men who knew something and expelling the lawyers, bankers and doctors from the board of directors. The Grand Trunk Pacific Railway had had a great chance to make good but government ownership had not been given a fair show. It seemed that the government had been out to lose as much money as possible so that an example of government ownership would be set for all time and so that the people would be so glad to get rid of the railway that they would be able to hand it over again to Mackenzie & Mann, Sifton and Flavell. The road had every advantage and Prince Rupert, as its terminus, would be a great port if the government had had the inclination to make it so.

Vancouver Minister.
Premier Meighen was asking for a renewal of confidence but what chance would Prince Rupert have if he was returned and H. H. Stevens of Vancouver was his minister of Trade and Commerce? That would not be in the best interests of Prince Rupert.

"Perhaps Toronto needs Meighen but Canada needs a change," said Mr. Stork. "Canada needs a far bigger man than Meighen not the gramophone of McKenzie & Mann as R. R. Bennett, Meighen's cabinet minister, once styled him. The country will never be great with such men in control. Men of the stamp of Sir John A. Macdonald and Sir Wilfrid Laurier are needed."

Mr. Stork, in closing, stated that he had been all through the district and from what he had seen and heard he would be disappointed if his majority was less than a thousand. He appealed that such a majority be polled up that Meighen would see that this part of the country could not be defied and that Mackenzie King would see that it was as much behind him as it was behind his illustrious predecessor, Sir Wilfrid Laurier.

Between the first and second performance on Thursday evening at the Westholme Theatre, the box seats will be auctioned off for the Elks' Minstrel Show on the 14th.

PRINCE GEORGE

The Board of Trade is holding a dance tonight. Election returns will be posted in the hall in the course of the affair.

In reply to his communication to the Postal Department at Ottawa, the Board of Trade has been advised that it would cost too much to have transfer of mail at Jasper and, therefore, it cannot be effected.

Miss Beatrice Oliver was married last week to Norman Bennett at the home of Mr. and Mrs. George E. Oliver, Rev. Wm. Graham conducting the ceremony. W. L. Foley was best man and Miss R. M. Robinson was the bridesmaid. The honeymoon is being spent on the coast.

P. W. Graham, station connector, has been hailed into police court charged with failing to take out a building permit for the building. The case was adjourned until this week.

SMITHERS

Development work has been resumed on the Mann Mine, Hudson Bay mountain. It will continue throughout the winter with Captain Turner in charge. The Mannie was hounded two years ago by Jack Aldrich and J. F. Guthrie, of Seattle.

Mrs. Bruce Kerr died at Telukva last week. The funeral was held on Friday, Rev. Mr. Deans officiating.

The Ladies' Aid of the Union Church had a very successful bazaar last Wednesday and the sum of \$250 was realized.

Miss M. E. Williams has resigned from the staff of the Bulkley Valley Hospital and returned last week to her home in Vancouver, where she will be married. Mrs. C. H. Hankinson gave a shower in her honor, before she left.

Mrs. K. Doodson and her daughter, Miss E. Doodson have arrived here from Manchester, England. Mrs. Doodson is the mother of W. H. Doodson, the butcher.

Mrs. Royer, of Battle Creek, Michigan, is here visiting with her daughter, Mrs. J. P. Kilpatrick.

Mrs. F. V. Anhol and children have gone to Toronto where they will spend some time visiting.

Miss Routby has arrived from Vancouver to take a position in the Bulkley Valley Hospital.

Without advertisements, this paper would not be as interesting to you, because information of goods for sale in the stores is news—just that.

PRINCE RUPERT LAND DISTRICT—DISTRICT OF COAST, RANGE 5.
