Missing Steamer And Crew Are Safe

DOMINION ELECTION IN FALL IS NOW CONSIDERED CERTAINTY

Canadian Importer is Found by Canadian Observer Near Point Where Was Last Seen

VANCOUVER, Sept. 1.—The disabled steamer Canadian, of the Canadian Government Merchant Marine, was last night by the steamer Canadian Observer after drifting helplessly at sea for nearly two weeks. She was towed by the Observer and is now heading for Esquimalt. Information was received in the last message from Captain of the Canadian Observer to B. C. Keeley, the agent here of the Canadian Merchant Marine.

The Canadian Observer will have the assistance of the tugboat Algerine and tugboat Canadian Winch. The Canadian Observer is standing by to give assistance when necessary.

Wreck Are Shipped.
The Canadian Observer is in the search for the Canadian Observer, which was reported aboard powerful tugboat and these have been towed to the importer to be towed out and thus for the six hundred miles to Esquimalt. They left their ship this morning. Local officials and every effort will be made to save them.

VANCOUVER, Sept. 1.—Steamer Canadian Importer is safe. It was located late last night by the Canadian Merchant Marine Canadian Observer. The Canadian Observer was 39.20 north and 137.25 west which is about 29 miles west of Esquimalt when the S.S. Canadian Importer was last seen.

Bissett and all the members of the crew which remained on board were still aboard. The Canadian Importer was towed to Esquimalt where she will go into drydock for repairs.

**ERS MARCH
ESPISTE ORDER**
In Virginia Refuse to
Order of President to
Disperse.

W. Va., Sept. 1.—The state police have been in guerrilla warfare against miners on strike and citizens volunteers who are blocking the strikers on non-union. The strikers have refused to obey the president's order to disperse and to dynamite troops if martial law is carried out. A decree took effect today.

**FEIN SENDS
NOTE TO PREMIER
NOW IN SCOTLAND**
Sept. 1.—The reply to the note to Lloyd George's latest note was sent to the British premier by a holidaying in Scotland.

CANADIAN SCOTTISH READY FOR SERVICE

Was Turned Over to Owners and
Will Commence Loading
Tomorrow.

The Canadian Government Merchant Marine steamer Canadian Scottish was turned over by the Wallace shipyard to the government owners yesterday afternoon, now a complete ship ready for service in any part of the world and over any of the five oceans.

At noon today she sailed out of the harbor to spend a few hours on a running trial and will return to port late this afternoon. She will likely commence loading 300,000 feet of lumber and 1000 cases of salmon for Australia tomorrow morning. It is expected that she will sail on Sunday or Monday.

FIVE-FOOT VEIN OF RICH GOLD QUARTZ

Receding Tides in Gulf of Alaska
Reveal Hundred Dollar Ore.

ANCHORAGE, Alaska, Sept. 1.—Receding tides in the Gulf of Alaska on Turnagain Arm have revealed a five foot vein of gold quartz assaying \$100 to the ton. Rock projecting over the sea disclose other rich veins.

TRAWLER LOOKS FOR TREASURE

Ripple Carries Party to Try Salvaging of Millions Dollars.

NEW YORK, Sept. 1.—Bound on a quest for more than a million dollars in sunken treasure, the steam trawler Ripple is plowing her way south today bound for Cape Charles, Va.

The submerged wreck of the Ward line "Merida" to which she is bound was sunk May 12, 1911 in collision with the Admiral Farragut.

SECRET ORGANIZATION PLOTING IN HUNGARY

BUDAPEST, Sept. 1.—The discovery of a secret organization plotting revolution in Hungary is announced by the police here today.

All Political Forces Await Statement from Premier this Evening

OTTAWA, Sept. 1.—Political forces of all shades are awaiting Premier Meighen's announcement in London this evening.

The Ottawa Journal in an editorial forecasts that the Premier has decided to dissolve parliament before calling another session, and it is regarded in the capital that an announcement to this effect is now a practical certainty. It is generally accepted that Premier Meighen has decided on an early dissolution, and already party organizations are making preparations with that end in view.

When, in the fall, the election will be held is still a matter of conjecture. About two months will be needed to revise the registers and make the election arrangements. Thus, if the writs are issued this month, the election would likely take place in November.

Before going to the country it is likely that the cabinet will be reorganized and the government will appeal with a reconstructed ministry. Such action would eliminate the necessity of holding by-elections either for the reconstructed cabinet or the vacancies in the House, which now number seven.

Welsh Magistrate Alleges Chinese Smuggled Into England and B.C. by Boss

LONDON, Sept. 1.—The police magistrate at Pontypridd, in the Rhondda Valley, Wales, asserts that a capitalistic boss is involved in the wholesale smuggling of Chinese workers into England and British Columbia. Smugglers brought before him are said to have been systematically handed along from one ship to another in an effort to pass them into England without passports, and he states that evidence showed the connection with British Columbia Chinese immigration.

FRENCH TENNIS WONDER UPON ARRIVAL.

Here is Miss Suzanne Lenglen, the French girl who has swept the lawn tennis courts of the continent bare of titles and defeated the best women players in the world, as she appeared upon her arrival in this country on August 13. Miss Lenglen is competing in the women's national championship tournament.

Take Up Rails and Turn South End of Pacific Great Eastern Railway Into Scenic Highway

"The section of the Pacific Great Eastern Railway between North Vancouver and Squamish should never be completed, the rails should be torn up and the shops closed between Squamish and Clinton, a distance of 150 miles, and the whole road turned into a fine motor road to Clinton," declared H. F. Kergin, M.L.A., Atlin, who was in the city yesterday on the way to Alice Arm after having made the trip up the P. G. E. Railway with the party of members and business men last week. Mr. Kergin claims that the road could be connected from Clinton to Ashcroft, a distance of 30 miles, and the purpose would be served just as well. The country traversed between Squamish and Clinton is non-productive and therefore a railway is not needed. From a scenic standpoint, however, it has much to offer and a grand automobile highway over the grade would be a popular one for motorists who could take their cars to Squamish from Vancouver by steamer.

HOW PUBLICITY WAS OBTAINED

Editor "Canadian Fisherman" Says Rupert's Howl Was Heard Around World.

The following is taken from a letter which was recently received by J. L. Lee, local secretary of the Canadian Fisheries Association, from F. W. Wallace, secretary of the association for Canada and editor of the "Canadian Fisherman."

"Apart from securing cars for Prince Rupert, your agitation had the effect of giving Prince Rupert a tremendous amount of publicity. In fact, I think if your branch of the association did nothing else for the next two or three years it will have more than justified its existence in the work done on these cars. You can meet railroad officials and members of parliament in Ottawa and they all know well about the Prince Rupert fish cars. To parody the old saying: 'You raised a howl which was heard around the world.'"

BLACK DAMP VICTIMS.
HARCO, B.C., Sept. 1.—Eleven men were killed and seven injured from blackdamp after an explosion in a coal mine here.

Halibut Catch for August Was Large

Amount Landed Here was 2,863,650 Pounds
as Compared with 1,654,000 for the
same month last year

In the month of August this year there was landed at this port no less than 2,863,650 pounds of halibut, which makes the month one of the very highest on record in the history of the business here. It exceeds last month, with 2,577,000 pounds, and August, 1920, with 1,654,000 pounds. This means that during the month there was nearly \$200,000 paid by local buyers to the fishermen bringing in the haul of the sea. The figure also includes the catches of the Canadian Fish and Cold Storage Co. trawlers.

At no time was the price paid very high, and it was on very few occasions that it exceeded 10c for first class fish. This differs from the same month last year when the highest price paid was 18.3c and the lowest 10c, for first class fish. There has been an ample supply of fish during the month, but ice has been rather scarce all the time.

In a week's time, with the salmon season about over, the ice supply will be normal again, it is expected. In the meantime, however, business may be seriously affected for the Butedale supply has been exhausted and all will depend on the Canadian Fish and Cold Storage Company.

SPEAKERS AT ROTARY LUNCH

Hundred Per Cent Canadianism
Should Be Required of Every
Man Says Dancy.

In the attainment of world peace the Rotary Clubs of the world should prove potent factors, stated Capt. Dancy of the Chautauqua circuit, who gave a short address before the club this morning. The world was passing through troublous times, the captain said. The nations were on the brink of a precipice, but all that was needed was confidence, co-operation and patriotism. One hundred per cent Canadianism should be demanded of every man.

The speaker said France was making a splendid effort to rehabilitate following the war; Belgium was doing even better, but Canada was perhaps the best of all. Russia he believed would ring true when she found patriotic leaders. In United States there were bread lines and soup kitchens with three million men out of work. No part of the world was better off than Canada.

Purge Dominion.

There were men even in Prince Rupert, the speaker said, who were openly cursing the flag under which they lived. They should purge the Dominion of treachery, sedition and set up the standard of one hundred per cent Canadianism.

After telling how France took confidence during the war in their leader Pétain that the Germans would not break through at Verdun, the speaker urged confidence at this time.

Dr. Grant addressed the club on Rotarianism.

MINISTER DEAD.

LLANOVER, Eng., Sept. 1.—Sir Arthur Herbert, former minister of Great Britain to Mexico is dead.

CATHOLICS ARE VICTIMS IN THE BELFAST SCRAP

Additional Troops Drafted to
City by Ulster Cabinet to
Keep Order.

BELFAST, Sept. 1.—Six more people are dead and thirty injured as a result of Wednesday's sniping in the streets, making a total death list of fifteen.

The Ulster cabinet has decided to draft additional troops to maintain order.

Workmen were again attacked and the police were forced to fire on attackers who were dispersed.

The correspondent of the Westminster Gazette of London asserts that the attacks are directed by individuals against people known to be Roman Catholics. No organized Orange Lodges are taking part in the fighting.

BIG LUMBER PRODUCTS CO.

Million Dollar Concern Incorporated
This Week to Build
Two Plants.

VICTORIA, Sept. 1.—The Canadian Producers Corporation has been incorporated at a million dollars to manufacture lumber products for export. It announces that it will build a big plant at Vancouver and another at Victoria. The incorporators are C. C. Young, General Victor Odium, Robert Phillips, Henry C. Macauley, C. E. Coughlan, J. E. Sears, and Frank J. Merrick. The new concern takes over the moribund plant here of the Manufacturers Corporation.

INCREASES OF POPULATION

Census Returns Complete for
Four Prairie Cities
Show Gains.

OTTAWA, Sept. 1.—Census returns complete for some of the cities are as follows:
Moosejaw, 19,175.
Swift Current, 3192.
St. Boniface, 13,816.
Portage la Prairie, 6748.
Populations for the same places in 1911 were as follows:
Moosejaw, 13,823.
Swift Current, 1752.
St. Boniface, 7483.
Portage la Prairie, 5892.
