RINGING UP FATHER

FINAL MEETING OF CAMPAIGN

Mayor Rochester Accepts Invitation and Meets Colonel Mc-Mordie on Platform.

The Empress Theatre was packed to the doors last evening to hear the mayoralty and aldermanic candidates in their final appeal to the electorate from the public platform. It was Colonel Mc-Mordie's meeting, he having engaged the hall for the occasion and invited the others, all of whom courteously acknowledged the courtesy. There was applause for both mayoralty candidates and a good greeting for each other. Among the speakers other than Colonel Mc-Mordie and Mr. Rochester were Aldermen Kerr, Kelly, Silversides, Mrs. Kirkpatrick and Messrs. Black and Sutherland.

One of the chief complaints of Colonel Mc-Mordie was that the retiring council had not taken the public into its confidence and told them what had been done during the year. He discussed a letter published in the press by the mayor and promised if elected he would enforce the law.

Oriental Question.
Dealing with the employment of Orientals, the Colonel said he had no criticism to make of Mr. Rochester as a private citizen employing whom he wished, but when he came out as a public man he was open to criticism for his action. The Oriental question was a pressing one at the present time.

Among other subjects discussed was the using of the electric light and power profits for public works in the city, thus placing the burden of taxation on the poor man when the absentee property owner was the one who should help to pay the bill. He defended the school building and urged that the policy of unsold lots should be dropped and that all should be put on the market and sold to the highest bidder.

The speaker resented an insinuation that he had ulterior motives in dropping an eighteen hundred dollar job in order to undertake a fifteen hundred dollar job. He said he had been insulted by being offered money to influence his decisions as police magistrate. If he wanted a chance to make money it would be better to stick to the police magistracy.

The Mayor.
Mayor Rochester in opening presented the suggestion that he was afraid to meet Colonel Mc-Mordie on the platform. He said the man did not live that he was afraid to meet.

He discussed the police question and denied he had said from the platform he would fire the chief of police. He did say he thought the city could not be cleaned up by the present force but on taking office he found he was able to get results without such drastic action and he believed that today the city was clean. (Laughter).

Taking up the school question again, the mayor said \$210,000 had been expended on the new building and yet when he visited it the walls were wet, there was a pool of water on the floor but he did not say it was the Colonel's fault. He also had protested the spending of from \$18,000 to \$25,000 on the moving of the water pipe and his plan had been adopted, thus making a saving to the city.

In closing, Colonel Mc-Mordie charged that the mayor had forgotten to answer many of the charges. If elected he would do his utmost to give good city government.

MUST SETTLE COUNTRY WITH WHITE PEOPLE

Japanese Will Come If No Effort Is Made to Encourage European Immigration.

TELLS OF VISIT TO JAPAN

Railway System of Nippon Praised by Well Known Timberman Who Is Here.

"Since my recent visit to Japan I am more than ever convinced of the desirability of settling this country with white people and I believe that a vigorous immigration policy is necessary if we are to retain the country for the white race," stated J. F. Hanna, timber expert, who arrived from the south on the steamer Prince Rupert yesterday en route to Massett Inlet. Mr. Hanna recently visited Japan and spent some months there. He was very much struck with the vigor, cleverness and adaptability of the Japanese people. He says their industry is amazing and they are making great progress.

During the war the Japanese made a lot of money and they are now spending a great deal. Many fine houses have been built in every part of the country and there is still a lot more building to be done. While the lumber yards at Kobe are apparently well stocked, the steady demand is so great that much more will be needed. The lumber is supplied from several countries and only about one-tenth of it comes from Canada. Mr. Hanna urges that this proportion should be increased and that business in other lines should be done with Japan. English goods are used everywhere and Australian goods are seen but, outside of lumber, there are very few Canadian goods on sale in that country. The waste from British Columbia lumber camps would be worth a great deal in Japan just now.

Railways and Trams.
The railways and trams were a source of great interest to Mr. Hanna. There is a railway running from one end of Japan to the other and trains run each way every hour and all lines are double tracked. He did not see a single track line anywhere. On the tram lines the services are very frequent and the cars

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will, no doubt, remember when a few years ago there was a collision in the Halifax, N. S., Harbor and one of the munition ships was blown up, causing great loss of life and laying a large portion of the city in ruins, and causing a great deal of suffering and distress among the inhabitants.

Mrs. Winfield Dill, now of Windsor, N. S., was living in Halifax at that time and went through this trying experience and the shock wrecked her nerves. She writes as follows: "I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my housework. I would take such nervous spells I would be under the doctor's care. 'I saw Milburn's Heart and Nerve Pills advertised, so I took two boxes, and they helped me so much I took six more, and now I am completely relieved. I can recommend them to anyone suffering from heart and nerve trouble.'"

To all those who suffer from nervous shock we would recommend our **MILBURN'S HEART AND NERVE PILLS** as the best remedy to tone up the entire nervous system and strengthen the weakened organs. Milburn's Heart and Nerve Pills are the original heart and nerve food, having been on the market for the past 27 years. Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
