THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-tives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness.

"Fruit-a-tives" will always relieve Indigestion because these Tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

TWENTY CENTS A DAY ON RUSSIAN RAILWAYS

MOSCOW, Feb. 13.—Thefts of goods from Russian railways are so extensive that M. Djerjinsky, the Pole who now directs the railway administration, asserts that it will be necessary to establish a special police force to stamp it out. Djerjinsky first came into international notice through his direction of the counter-revolution organization known as the Cheka during the red terror period in the summer of 1918.

He recently denounced the railway employees as speculators and traffickers who should be jailed. However, it is difficult to understand how the railroad men can be expected to work without stealing for trainmen have told the correspondent that their pay amounted to only 5,000 Soviet rubles a month. This is equivalent to 20 American cents, less than the price of a single pound of black bread.

LANGUAGES SPOKEN LEAGUE OF NATIONS

LONDON, Feb. 13.—Professor Gilbert Murray, vice-chairman of the executive committee of the League of Nations, says the necessity of an international language was forcibly borne upon him when attending the recent meetings of the League of Nations at Geneva.

"If you spoke in English," he said, "it was translated into French; if in French it was translated into English, and if anybody knew neither English nor French that was his own look out."

On the whole, he thought the natural way out of the difficulty would be for the League to recognize one of the two artificial international languages, either Esperanto or Ido.

The latter for most Europeans was easier. To non-Europeans there were certain advantages in Esperanto, which had a smaller number of roots.

MANITOBA MAKING MUCH MORE BUTTER

WINNIPEG, Feb. 13.—The output of creamery butter in Manitoba in 1921 was the largest in the history of the industry, according to the annual report of L. A. Gibson, commissioner of the dairy branch of the provincial department of agriculture.

The output for 1921 was 8,550,195 pounds, as compared with 7,666,802 pounds in 1920. The average price realized by the creameries last year was 37c per pound, as compared with 55c per pound in 1920, which had the effect of cutting the total selling value by the creameries from \$4,216,752 in 1920 to \$3,163,538 in 1921.

A comparative statement for the past 10 years shows that only in 1918, when dairying conditions were unusually good did the total output come anywhere near the figure for 1921, the output in 1918 being 8,150,182 pounds.
