Latest Reports
Are Satisfactory.

The latest school reports are on the whole extremely satisfactory. The two experts who have carefully examined the school building make it quite clear that the building is safe and always has been safe but that it should be waterproofed and the fire wall rebuilt as well as having other minor repairs.

There is a difference of opinion as to the floors. One architect is of opinion that they might be strengthened. If there is any doubt the school board, it is hoped, will take the safe course and see that the floors are made so strong than any kind of test will not shake them. We do not want any tragedies and we do not want parents to feel uneasy. Everything must be well done or the children will not return to school.

Crime To Shake Confidence Of Parents.

It is a crime to attempt to shake the confidence of parents in the school. The school board is taking every care and the city council is co-operating. The school building will be made absolutely secure, of that we are assured, and doubtless the recommendations of the architects will be carried out.

It is to be expected that a new bylaw will be placed before the people to raise money for the extra work on the school building. This will have to be done in order that the work may proceed. The ratepayers cannot take any other course than vote the money, although of course they will feel sore at having to do so. No one likes to have to pay money for something that might have been avoided. At the same time we, as a city, cannot afford to allow the building to remain unoccupied and an eyesore. We must complete it at any cost and it is satisfactory to know that the price will not be excessively high.

Will Sympathize With Prairie Provinces.

The sympathy of this section of the country will go out to the people of the prairie provinces who have suffered from the storm of Friday morning. While the loss of life was small, the damage was very heavy and the effect will be felt even here. Some of the most fertile parts of Manitoba will be barren this year. The farmers will be hard up and they will not spend money in travel. While the damage seems to have been more or less local, the district covered by the storm was a large one and the resulting distress will be widespread.

Will Settle With Drydock Creditors.

The Dominion Government is making arrangements to settle with the creditors of the Prince Rupert Drydock and Engineering Co. While there is nothing to indicate what is the intention in the despatch that arrived Saturday, it is to be supposed that the Government will pay fifty per cent of all the accounts outstanding against the shipbuilding concern and not discriminate as did the previous government. If they do not, there will be great dissatisfaction.

In the former case the accounts for goods supplied by the boarding house were ruled out, the bills of printers and advertisers were scratched and many other legitimate claims were refused. If the present government does that there will be a strong protest, but if they take the fair view that all the bills be settled, they will get the support of all sections of the community.

PRINCESS LOUISE WAS IN PORT THIS MORNING AN HOUR

C. P. R. Tourist Ship Had Full List of Passengers Most of Them Making Round Trip

The Canadian Pacific Coaster Princess Louise, Captain A. Slater, called in port this morning from 8:30 to 9:45 bound north with a full list of 288 passengers from Vancouver for Alaskan ports. The list was largely made up of tourists, the large majority of whom were from California although a few were from the East. The number included Hon. and Mrs. G. H. Ferguson, of Toronto, and Mr. and Mrs. Eugene Plunkett, of California, who make the Skagway trip every year. There was also

on board a party of 60 San Francisco tourists personally conducted by M. D. Silberstein, a tourist agent of that city.

ANNUAL DECORATION DAY SERVICE ELKS'

The annual Decoration Day service of the Elks' Lodge took place yesterday afternoon at Fairview Cemetery, about 30 men and half a dozen ladies taking part. The service was a short one. Milton Gonzales, exalted ruler, and Rev. Dr. H. R. Grant, chaplain, leading in it. A couple of hymns were sung and wreaths and flowers were then laid on the graves of the two deceased members of the order, Charles Embleton and Wilfrid Macdonald. The service, though short, was a very solemn and impressive one.

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON
New Rockland, P.Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me."

"In the spring of 1920, I started taking "Fruit-a-tives" and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about "Fruit-a-tives" for I know how they must suffer."

Some thought the Asthma would come back on me as winter came on but it has not, thanks to "Fruit-a-tives". Mrs. J. M. PENNINGTON.

50¢ a box, 6 for \$2.00, trial size, 25¢. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

SNOWBALL GAME MOUNTAIN TOP

Soy Scouts Climbed to Summit Saturday and Bathed in Lakelet

Starting with a paper chase, the St. Andrew's boy scout troop completed a half day's enjoyment Saturday with a swim in a small lake at the summit of Mount Hays and a snowball match near the same place. They ate lunch at the top of the ridge, returning late in the evening.

The boys, in charge of Scoutmaster S. D. Johnson and his assistant Alex. Rix, climbed the mountain by the rather difficult route from a point near the cemetery. One patrol led off at two o'clock and the other followed at three catching the other at the summit. There were 22 boys in all.

The climb was a stiff one for boys averaging twelve and thirteen years of age but they made good time and were back home about half-past ten.

CHILDREN'S DAY WAS OBSERVED YESTERDAY AT BAPTIST CHURCH

The Baptist Church Sunday School held Children's Day Services yesterday afternoon when about 150 children and adults gathered in the church to celebrate the occasion. The church was prettily decorated with flowers which were afterwards taken to the hospital.

The program comprised a chorus by the Primary Department, recitations by Miss Helen Hampton, Miss Nina Martin and Mitchell Gay and also a pretty act entitled "Children's Day Around the World," by Mrs. Sewell and Mr. Box's classes. The Wilting Workers and the Helping Hands rendered a song which was well received. Rev. G. G. Hacker gave an address on pockets, which was much enjoyed. The hearty singing of the hymns was another conspicuous feature which contributed to the success of the day. The offering was devoted to the Mission Fund.

LORNE GOES SOUTH TO START TOWING LOGS FOR STATES

The Grand Trunk Pacific Coast Steamship Co.'s tug Lorne, Capt. McKernan, sailed on Friday for Cumshewa Inlet, Moreby Island, where she will start towing logs for A. T. Kelly to Alert Bay.

These logs will be assembled at Alert Bay and picked up there by an American tug for Puget Sound, being exported to the United States.

A. W. Gray, of Alice Arm, reached the city on Saturday afternoon.
