LIVER TROUBLE

Bad Bilious Attacks

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.
The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using
MILBURN'S LAXA-LIVER PILLS
They are purely vegetable, small, easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.
Mr. John S. Caron, Donavon, Sask., writes:—"I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

Setting a High Mark

The Canadian Government sets a standard for evaporated milk, which is 7.8 butter fat test. You will find these figures printed on the label of each Pacific Milk can. It is the law. But please remember that this is only the minimum so far as Pacific Milk is concerned. As an actual matter of fact, every 100 pounds of Pacific Milk contains 43 pounds of cream. The richness of this good milk has made it the most popular brand in the whole of Western Canada.
