Had Bad Pains in Her Heart

Nerves were very bad

Mrs. John Case, R. R. No. 4, St. Catharines, Ont., writes:—I wish to say that I have been bothered very much with my heart and nerves. I doctored with two different doctors, but did not find much relief. I would have such bad pains in my heart, at times, I would be almost afraid to move or breathe, and at night I could not sleep. If the pains in my heart were gone, my nerves would be so bad I could not sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart worse.

I had been suffering for nearly two years until one day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken two boxes and am feeling so much better, I am able to do my own work, and can eat anything I wish. I cannot praise

A letter was read at the meeting of the City council on Monday night from Attorney-general Manson stating that he would support the resolution of the council as far as it was in his power to have a highway constructed from the city to Terrace. The letter was ordered filed.

The Board of Works reported at the city council meeting last night on the suggestion put forward by Alderman T. Collart that the roadways be wider. While agreeing with the alderman that such a plan would do much to improve the sight of the streets, that board stated that it would be too expensive and the matter was put on file.

The city council last night considered various tenders submitted for lumber and awarded contracts. On examination, however, it was found that all firms had not been asked to tender and it was decided to call for new tenders for fir, spruce and hemlock to be in by November 20. The specifications include the immediate delivery of 50,000 feet and another 65,000 feet in January next year.
