LIVE DEER ON FISHING BOAT

Capt. Vhatum and Crew of Scandia, Made an Interesting Capture

The crew of the halibut schooner Scandia, Capt. W. Vhatum, which arrived in port yesterday, while in fishing in Icy Straits, Point Augusta, on Saturday, espied a young buck deer swimming in the water and, after an exciting chase by three men in a dory it was captured. One of the crew stated it took them all their time to catch up with the young buck which was travelling as fast as a "steamboat." With much difficulty it was lassoed and its feet tied. The youngster is now reclining lazily on the deck of the Scandia with a bunch of nice juicy grass to go at, and it is the centre of much interest. Capt. Vhatum is very loath to part with the deer and is seriously thinking of keeping it as a mascot.

Ten Years Ago in Prince Rupert

November 14, 1912

Ex-Alderman T. D. Pattullo has accepted the nomination for mayor of the city for the coming year. A number of leading citizens headed by J. Dennis Allen approached Mr. Pattullo to allow his name to go on the nomination papers.

M. Albert, of the Westholme Lumber Co., has returned to the city after a short business trip to Victoria. Jack Lindsay, the transfer man has also returned from the south.

The social evening in the St. Andrew's hall last night under the auspices of the Ladies Aid of the Presbyterian Church was a great success. George R. Naden, president of the Young Men's Club, acted as chairman.

W. J. Jefferson has been appointed deputy collector of inland revenue at Prince Rupert according to an Ottawa dispatch today.

The steamer Prince Rupert was eight hours late yesterday owing to the heavy storm. The vessel had to anchor for a time in Nanu Pass.

PIPE TENDERS

Contracts were awarded for the supply of water pipe for the city at the council meeting last night. The Prince Rupert Supply Co. will furnish 2500 feet of eight-inch pipe at a cost of \$3730., the Robertson, Godson Co. of Vancouver will furnish 2500 feet of one and one-half inch pipe at \$502, and four gate valves, six and eight inches to cost \$312, while the Canadian Fairbanks-Morse Co. will supply 1000 feet of one-inch pipe to cost \$124.

TOM MOORE SPLENDID IN ITALIAN PICTURE

Strong Emotional Drama Being Shown at Westholme Theatre Tonight

Tom Moore's admirers are in for a delightful surprise in his newest Goldwyn picture, "Mr. Barnes of New York," which opened at the Westholme theatre last night and will be repeated tonight. As the hero of the picture made from Archibald Clavering Gunter's famous novel, which had a resounding success upon the American stage, he gives a very debonair impersonation of an erratic, genial Yankee who stumbles into a love affair in Paris which carries him into, and out of, a Corsican vendetta. There is a strong emotional drama in the photoplay through which runs the comedy of Tom Moore's characterization of Mr. Barnes.

Goldwyn has given the star the best direction and support. Victor Schertzinger directed the picture with the same skill and success he achieved with "The Concert" and with the long list of Mabel Normand farce-comedies. The alluring Naomi Childers is cast for the role of Enid Anstruthers, the young English girl who falls in love with a picture of Mr. Barnes; Anna Lehr is the Corsican girl sworn to avenge the murder of her brother upon her sweetheart. Sydney Ainsworth and Otto Hoffman have important parts.

SIXTH AVENUE GRADING UNDER CONSIDERATION NOW

A report from the Board of Works was read at the city council last night dealing with the rough grading of Sixth Avenue. It suggested that the work be charged at the rate of fifty per cent to the property owners and fifty per cent to the city. The property owners who have already paid for the grading are exempt from such a tax. After some discussion it was decided to leave the matter over till the next meeting in order that the aldermen might have a chance to study the suggestion more closely.

LITTLE GLENTANNA BOY DIED RECENTLY

"Jackie" Priest, the little son of Mr. and Mrs. J. Priest, of Glentanna, succumbed to an attack of scarlet fever a few days ago and was buried at Smithers cemetery on Friday last. Rev. R. E. W. Biddel conducting the service. Deep sympathy is extended to the bereaved parents by their many friends.

300,000 POPPIES SOLD
VANCOUVER, Nov. 14.—About 300,000 poppies were sold in British Columbia on Armistice Day. Financial returns are not yet complete.

The funeral of Peter Talbot, an old employee of the G. T. P., who passed away while travelling from Telkwa to Smithers on the train last Monday, took place at the Smithers cemetery on Saturday. The service was conducted by Rev. M. W. Lees. Much regret is felt at this sudden call of a well-known and much respected old-timer. Death was attributed to heart failure.

James Irvine, of Prince Rupert, is spending a vacation here, looking up old friends and getting a first hand knowledge of the interior country.

FURTHER GRANT BOOTH SCHOOL

Council is Assured \$5,488.75 Now Asked Will be Last Required

The city council at last night's meeting, after listening to many arguments furnished by members of the school board and their architect, A. M. Jeffers, in charge of the work on the Booth Memorial School, passed an appropriation of \$5,488.75 to complete work. The money was only voted on the assurance that it would be the last needed to complete the work and that it would be taken out of the school surplus fund.

Mr. Jeffers, in telling of the need of further funds for the work following the presentation of the school board's case by Dr. W. T. Kergin, chairman of the board, drew the council's attention to the many defects in construction which he had remedied. The locks on the doors were of very cheap material and were not lasting, new hinges were needed on the doors, and the floors in the cloakrooms had to be relaid. Mr. Jeffers told of places where the water had been leaking through the plaster and stated that the repairs were amounting to double the first estimates.

Alderman Kelly asked for some assurance that this would be the last money asked for. Mr. Jeffers informed him that to the best of his knowledge it would be. Alderman Montgomery pointed out that this was the reply given the council on the last occasion and suggested that the only way out of the trouble would be to shut down when the money had been expended.

Alderman McLeod then made a motion that the money be authorized subject to the above conditions and Alderman Colhart seconded it. The motion carried with Alderman Montgomery registering the only dissenting vote.

Mr. Jeffers definitely informed the council that the work would be completed by next Monday and that the men now working there would be discharged.

Cook with This Ware ~It Uses Less Fuel

Do you know that by using the wrong kind of cooking utensils, you can waste dollars and dollars of good money every year? It's true! This money can be saved if good enameled ware is used, such as Diamond Ware or Pearl Ware. The secret is that they heat up more quickly and hold the heat.

Here is a good test. Take a Diamond Ware or Pearl Ware saucepan and a saucepan of equal size made of brass, copper or aluminum. Into each pour two quarts of cold water. Place each saucepan over the burner or fire. The water in the Diamond or Pearl saucepan will come to the boil in just half the time it takes the other. Think of the money that can be saved by women using good enameled ware for all their cooking. No heat is wasted when Diamond or Pearl Ware is used.

With fuel at the present prices, economical housewives should not forget that by using SMP Enameled Ware kitchen utensils nearly half the cost of gas, coal, wood or electricity for cooking can be saved.

What ware do you cook with? Are you saving money and enjoying full satisfaction by using Diamond Ware or Pearl Ware utensils, or are you still using all-metal wares? Equip your kitchens at once with economical Diamond or Pearl Ware.

Sold in every good hardware store.
