DOG RACE AT THE PAS TODAY

Wolf Hounds and Huskys Being Used—Mongrels Are the Most Successful.

TEST OF ENDURANCE.

THE PAS, Man., Feb. 28.—By Canadian Press.—The fifth annual dog derby of The Pas is being run today over a course 200 miles in length for a purse of $2500. The great race, as usual, is a no-stop one and the course this year lends itself to tests of speed as well as endurance. In past years the rugged old trail to the far bush, storm-ridden and heaped high with snow, was purely a test of endurance for man and animal. Never yet has a dog been lost in the big race, for it is one of the main rules that a badly injured dog lays the driver open to suspicion of abuse, and upon proof his disbarment from the Derby races forever. There is no gainsaying the fact that it is a strong man's sport and it takes a weather-beaten bushman to stand the gaff. The dogs, too, must be of the best and strongest type procurable, and the maimed and inferior animals are not allowed to leave the starting point. Every care is taken to protect the dumb beasts from abuse and cruelty, and it is the boast of the Derby Association that it has succeeded in this respect.

This year's course follows the winding Carrot River, level and sheltered from biting winds and blizzards, to a point 100 miles from The Pas, where a turn is made and over the same route to the starting point. This is ideal for speed and the teams regard it with great favor. It particularly favors those teams using the Alaska or double hitch, with which more than half the entries are equipped. The Lake Winnipeg teams from around Grand Rapids prefer the Siwash or single file hitch. This has proven very useful and of some advantage. Under good racing conditions the Alaska hitch, which is the racing hitch, has a marked superiority and takes less out of the dogs. It permits free and individual action and the pull is a direct one. In the Siwash hitch the pull is indirect. So far the Alaska-hitched teams are Morgan, Winterton, Dupas-Bancroft, Godbout-Rusick, Campbell, Chartrand and McDonold. The first four are the ruling favorites, with a tendency to place long odds upon the Dupas-Bancroft combination.

The type of dogs making up the teams run to a cross between a collie and a wolf. Some there are whose progenitors are wolf hound and husky. The mongrel type stands out most prominently in all and this appears to be the most successful breed in the races run in the past. For years the racing dogs have been fed upon frozen fish, and some of the teams use this to feed their charges at this time, but the big teams buy beef and mix it with suet. The daily feed bill of a team of eleven dogs works out at around $5.

CRIBBAGE GAMES

Elks Won First of a Series of Three Tournaments From St. Andrew's Last Evening.

The Elks won the first of the series of three cribbage tournaments from the St. Andrew's Society last night by a score of 38 to 34. Six teams played in each of the club rooms. W. E. Thompson was captain of the Elks and J. A. Allen, St. Andrew's.

TRAIL CLUB WINS SHIELD

Last Tournament of Season Last Night Resulted Trail 1138, Wanderers 1134.

The closest billiard tournament of the season and the one in which the Trail Club were given the best run of the series was the one played betwyeen that club and the Wanderers last night, which resulted in victory for the Trail by a score of 1138 to 1134. The tournament was the last fixture of the season and the timetable is now wound up with the exception of one game between Jack Suden and Tom Silversides in the Trail-Sons of England tournament. This game was scheduled for last Monday night and should have been declared defaulted before this.

As a result of last night's game the Trail Club is again assured of the city billiard championship and the trophy for that distinction, the Trail Shield. The honor of winning the largest number of games has been taken by W. Barbour and W. Blythe, both of the Trail. To decide the winner of the cue offered for this record there will have to be a 200-point play-off between the two men. The largest break of the season, as far as is known now, has been made by J. H. Pillsbury of the Elks, 43. Another cue is offered for this.

Of the six games offered last night, the Trail won two and the Wanderers four. The individual scoring was as follows:

W. Barbour (Trail), 200; Col. S. P. McMordie (Wanderers), 152.

W. Blythe, 200, W. J. Nelson, 182.

G. Waugh, 197; F. Stephens, 200.

D. Brown, 186; R. H. Shockley, 200.

Jack Suden, 161; W. W. Scott, 200.

Jack Judge, 194; W. J. Hemmings, 200.

The standing of the clubs to date follows:

	Pl.	Pts.	Av.
Trail	9	10422	1158
Wanderers	10	11338	1134
St. Andrew's	10	11003	1100

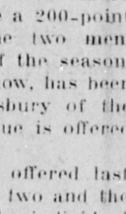
Use Plenty of Water



Lots of people use more Pacific Milk than is really necessary in cooking. For all baking, and most puddings it should be diluted with water, using one-half the quantity of milk called for by the recipe, making up the rest from the tap.
This saving may seem small in itself, but it counts up in a year's milk bill. When you dilute it, always pour the milk into the water, rather than the water into the milk.

The highest billiard break on record in the city was made in a practice game by W. Barbour, of the Trail Club team, at the end of last week when he scored 103 points without a stop. Barbour is practically a newcomer in the city but h e is conceded to be about the best player who has yet made a public appearance in recent years. He has been beaten on single occasions by some of the best players in the city but on the whole is ahead of them. In the Prince Rupert Pool Room handicap tournaments he is set at the largest minus handicap.

Senior League football t eams are being organized for the coming season and the Sons of Canada, Sons of England, Callies and Great War Veterans' are all angling for players. It is understood that the lineups for 1922 will be much the same as last year although there will be some new blood on all the teams. Some of last year's Juniors have been approached but the most of them seem to be holding back while the organization of an Intermediate League is being mooted. In the past the most of the Senior teams have devoted their efforts towards the fostering of Senior teams and, at the present time, some of them find themselves depending on the "old war horses" with no younger players to fill up the ranks. It goes to impress on these teams the necessity of at all times fostering the younger element without devoting all energies in the contests for Senior League honors.

SONS OF CANADA WON OVER ELKS BILLIARDS
