CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc. Keep the bowels properly regulated by the use of

MILBURN'S LAXA-LIVER PILLS and you will enjoy the best of health.

Mrs. Frank Wilsey, R. R. 3, Belmont, Ont., writes:—"I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would bloat terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother got me a vial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

In the Letter Box

BOB HANNA'S PLAN

Editor Daily News.

Reading over the Daily News in regards to Mr. T. Deasy's letter he has put the conditions of the Queen Charlotte Islands in a true, honest case, before the public of Prince Rupert and B.C. in general. He has lived there for the last twelve years and he has studied the conditions with the native and the whites. Seeing that we have a government at Ottawa that is favorable to this Northern country the outlook seems promising for the future this summer. We expect a great amount of settlers from the Old Country. I only hope they bring the right kind of people out, because the pioneer life in this country is no parlor job because settlers in any new country need not think they can live in a mansion, they have to work hard and live in a shack until they can get better fixed for a start.

All the settlers of the Islands, their main grievance has been the transportation difficulty. I would like to suggest to the Board of Trade or some other public body that the Canadian Cold Storage has three steamers they can not operate successfully at the present price of fish on the market. If the Canadian National Railway leased them or bought them to run to the Queen Charlotte Islands, and outlying district, they would not have much expense to put up a few cabins in for the time being. They are fine able steamers for Heate Straits, in any weather the G.T.P. could run them. Three steamers practically for what it costs to run the Prince John or the Prince Albert. Making Prince Rupert headquarters. We could have a daylight service to the islands any time of the year.

Good as Japanese

The islands have the finest climate conditions and the finest fishing grounds in the world. Twenty years ago the Japanese government wanted the privilege from Ottawa to put 20,000 Japanese on these Queen Charlottes in three months to colonize. Surely, we as a white Canadian nation are not going to let Japanese show us how to settle this country with thousands of our people starving in the Old Country.

Get the people, the trade follows. Nobody starves in B.C. as long as you have a fishing line and a clam shovel.

ROBERT HANNA,
Pioneer of 1906, Prince Rupert.
