

**MONEY INVESTED IN VICTORY BONDS** can be made to earn larger interest by selling the bonds and investing in first mortgage on improved City property. And the mortgages are just as safe, although not so readily convertible into cash. Money invested in mortgages is, generally speaking, fixed for the term of the loans which run from 6 months to 5 years. Hence the larger rate of interest. Drop in and talk it over.

# BENEFIT FROM SOVIET SMALL

Some Parts of Russia Not Starving But Stocks are Scanty.

SUIZRAN, ON THE VOLGA, May 13.—(The Associated Press)—Five hundred miles from Moscow and at the border of the famine belt, it becomes evident that the first year of Soviet Russia's new economic policy has made far less changes in the provinces than in Moscow, Petrograd and the other big cities.

Far removed from the sea-ports, connected with the manufacturing districts by a broken transport system overloaded with the shipments of food and seed grain to the worst stricken hunger regions, large provincial towns such as Suizrán have, naturally, benefited very little by the present freedom of trade.

They are not starving, as the provinces farther down the Volga but, at this time of the year, with the next harvest some months off, they are living day to day from hand to mouth.

**Paper Money.** Markets are open, but display scanty stocks and at prices as high or higher than in Moscow, while the peasants and town dwellers have not the abundance of paper money which seems common to all in the cities. Besides, they are slower to think and spend in millions and seem reluctantly to part with the printed bits of paper which Muscovites spend freely today in the belief that they will buy less tomorrow.

In the principal street of Suizrán, which has more than 10,000 inhabitants, the correspondent counted less than 10 open stores in a mile's ride. There were three or four bakeries, displaying meager stocks of pastries and black and white bread, a meat shop or two, and some others had in their grimy windows a few pitiful bits of

# SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to 35 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to agricultural purposes.

Records will be granted covering any land suitable for agricultural purposes and which is not of timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent lands.

Where pre-emptor in occupation process for 3 years and has made proportionate improvements, he may be cause of ill-health, or other cause, be granted certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$500 per annum and records same each year.

Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his own, without actual occupation, provided statutory improvements made and residence maintained on Crown grant land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilled residential and improvement conditions.

For grazing and industrial purposes areas exceeding 20 acres may be leased by one person or company.

Mill, factory or industrial sites on other land may be purchased, if they may be purchased, conditions include payment of stampage.

Natural gas, petroleum, or other minerals, may be purchased on condition of payment of one-half of cost of road, not exceeding half of purchase price, is made.

## PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons holding and serving with His Majesty's Forces. The one within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Cases are limited for five years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots by members of Allied Forces, or dependents, acquired direct or indirect, remitted from an instalment to March 31, 1920.

## SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

## GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for stags, campers or travellers, up to ten head.

feminine finery, doubtless of a pre-war vintage.

**Buildings Empty.** Most of the buildings were empty, their boarded or broken windows speaking the desolation of seven years of war and revolution that shows much more plainly in the provinces than in newly resurrected Moscow.

When the Volga opens in the spring, some of Suizrán's shop-windows may be filled again and if the coming harvest is normal, the town may lose its air of depression, but as it stands today, it seems an example of the desolate provincial towns of the better class that dot Russia from Vladivostok to Petrograd and from Archangel to Odessa.

## INTERIOR NOTES

Mrs. Sanford Mercer, of New Westminster, has been a guest of Mrs. Goddard, of New Hazelton during the past week.

Rev. and Mrs. J. R. Hewitt, of New Hazelton, left on Thursday for Vancouver to attend the Methodist conference.

R. H. Cairns, inspector of Injun schools, Vancouver, arrived in New Hazelton on Wednesday, and was the guest overnight of Rev. and Mrs. J. R. Hewitt.

Quite a lot of building is going on at several points throughout the Valley and it begins to look like a return of more favorable times.

Wm. Nunan of Pacific arrived in Telkwa on Saturday night to take over the depot there. Relieving Agent Sessions has gone on to Endako.

Inspector Acland of the R.C.M.P. was in Telkwa last week and was accompanied by Constable Davis of Prince Rupert, who will take Constable Millwater's place there. The latter has gone to headquarters at Vancouver.

The latest word from T. J. Jefferson, the Bulkley Valley delegate to Ottawa, is that he will be back in Telkwa this month. He has been attending several meetings in New York and the probability is that a decision will be arrived at now with regard to the further development of the company's coal interests in this district.

Smithers again defeated the local Telkwa baseball team last Sunday by a score of 17 to 20.

The farmers throughout the Telkwa district are moving rapidly in the direction of dairying as the main industry and a number are preparing to house and properly feed dairy herds. New and larger barns are to be erected, a few more silos will be built and more succulent feed will be grown for cattle.

## BUSINESS IS BAD.

Two tramps gathered at the local tavern at the end of a long and unsuccessful day's begging. They were both tired and

hungry, and gazed with longing eyes at their empty glasses. "Didn't you make anything, Bill?" inquired one. "Not about that house I saw you looking at—the big one with the open window?"

"Didn't trouble to ask," was the reply. "I looked in the window and saw two gals playing on one piano, so I guessed they were too poor for me to worry."

# COLT WITHOUT FORELEGS IN WINNIPEG

Curious Freak of Nature Lying in Animals Hospital in Prairie City

WINNIPEG, May 16.—A two-legged colt, a remarkable freak of nature, is lying in a private ward at the animal hospital, McMillan Avenue, H. V. Coleburne, veterinary, is working to keep life in the body, and he believes the colt will survive.

Normal in every way except for the lack of forelegs, the animal was born Friday at the Fort Rouge Dairy Farm, Fort Garry. It was rushed in an ambulance to the hospital Sunday in an effort to preserve its life. There is no sign, according to Dr. Coleburne, of even the stumps of forelegs, which he believes is unique.

The colt is being fed a special preparation of analyzed milk, and is suffering no pain. In a few days, when he has acquired sufficient strength, he will be "cradled," that is stood upon his hind legs with his forequarters strapped up, from the roof, to a normal position. In this way, he probably will live for years.

## FALSE ECONOMY

The family that does not provide for laundry service in the weekly budget is practicing false economy. Under our new plan, **Laundry work by the pound**, practically the entire family bundle—washed and returned, damp almost ready for ironing, for \$1.25.

This is the cheapest Laundry Service ever offered locally, and the husband who has the welfare of his family at heart cannot afford to pass this service up without serious consideration.

We have also our **Soft Finish Service**, where for a small additional charge, everything is dried and all flat pieces ironed and folded.

To those who can afford the small additional cost, this is the most complete service possible, without finishing the entire bundle. The cost will be found to be considerably below the prevailing price.

A trial will convince you of the merits of this service.

# CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc.

Keep the bowels properly regulated by the use of

## MILBURN'S LAXA-LIVER PILLS

and you will enjoy the best of health. Mrs. Frank Wilsey, R. R. 3, Belmont, Ont., writes:—"I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would blout terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother got me a vial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
