## MEMORIAL FOR NATIVE HEROES

Impressive Ceremony at Unveiling of Metlakatla Tablet  
 by Archbishop DuVernet

Solemn and impressive was the ceremony at St. Paul's Church, Metlakatla, yesterday, of unveiling the memorial tablet in honor of the four heroes of the native village who made the supreme sacrifice in the Great War. The large and handsome brass tablet is now formally placed in a prominent position on the wall of the native worshipping place where it will remain a perpetual memorial to the brave men. It bears the names of the four heroes of the village who died on active service: John E. Rudland, James N. Leighton, Daniel Pearson, M.M., and Andrew O'Reilly. Six men enlisted from Metlakatla and these four gave up their lives. The tablet was provided by the residents of the village themselves.

The service drew a large attendance not only of the natives themselves but of visitors from Prince Rupert including a detachment from the Royal Canadian Mounted Police in full uniform, consisting of Inspector Ashland, Sergeant Jepson, Corporal T. Brice and Constable Thornthwaite. There were also representatives of the Great War Veterans' Association and Archbishop DuVernet, Archbishop G. A. Rix and Indian Agent W. E. Colison went across to participate in the ceremonies. Miss Stone, Miss Mercer and Miss Davies from this city were also in attendance.

The service commenced with the singing of a hymn after which Peter Haldane, the Metlakatla lay reader, gave a scripture reading. Prayer was offered by Archbishop G. A. Rix and another hymn was sung followed by Archbishop DuVernet's unveiling address. The detachment of Royal Canadian Mounted Police marched forward and stood at attention as the Archbishop removed the Union Jack draping the tablet which was adorned with an abundance of beautiful wreaths sent by the natives themselves and friends from Prince Rupert. An impressive two-minute silence was observed after the unveiling by those present who stood with heads bowed. A memorial prayer was then offered by the Archbishop and the native choir sang the hymn "O Valiant Hearts." A short address in the Indian language was delivered by the Indian agent W. E. Colison and Mrs. Morrison read an address by C. F. Morrison who was unable to be present in person. The Metlakatla Band played an appropriate selection and delivered by Acting Chief Constable William Leighton who was also the father of one of the dead heroes. Peter Venn and Envoy Auekand, of the Salvation Army, each spoke a few words and a hymn was sung followed by the singing of the National Anthem. The band played "The Dead March in Saul" and the closing ceremony was the playing of "The Last Post" by Bugler Rance of Prince Rupert. An impressive silence was observed that could be fairly felt by the assembly.

After the service, tea and refreshments were served in the town hall and the Prince Rupert visitors then returned home. Indian Agent Colison took over the local visitors in the launch Murietta.

GOOD home-made bread has always been the chief food of the earth's sturdiest races. None of the breakfast foods or health foods can equal bread in nourishment. Good bread is the most digestible food as well as the cheapest.

## \$72,000 ASKED IN DAMAGE SUIT AGAINST C.N.R.

Alberta Woman Asks for Sum for Death of Husband and Personal Injuries

EDMONTON, Dec. 28.—Claim for over \$72,000 has been filed in the supreme civil court here against the Canadian National Railways by Mrs. Bernice Mary Smith on behalf of herself and four small children, the action arising over the death of her husband who was killed at a level crossing near Blackfoot on the company's line last October.

**Train Struck Auto**  
 Mrs. Smith is the widow of Chester John Smith and resides at Kilsyth. She claims that while being driven with her husband and one child across the railway tracks in an automobile on October 7 last their car was struck by a railway eastbound train when her husband was killed and she and her children were injured. She claims that the train was traveling at a high rate of speed and that the driver was negligent. She asks for damages for the loss of her husband, for her own injuries, and for the expenses of her children's education and maintenance. She also asks for the value of the automobile and for the loss of her husband's services.

train when her husband was killed and herself seriously injured. She claims that the responsibility for the accident and the death of her husband lies with the railway in that the crossing was a dangerous one and the train was being operated at an excessive and dangerous rate of speed, no bell or whistle being sounded at the crossing.

Her husband was an energetic and capable farmer of the age of 35 years according to her claim and his death leaves her with four children aged 7, 6, 4 and 2 years.

On account of permanent injuries which she sustained in the accident she claims from the company \$7,500 general damages and hospital expenses as yet undetermined and as administratrix she claims as general damages resulting to herself from the loss of her husband \$30,000 and \$180 expenses. For her little daughter Bernice Maudie, she claims \$7,500, for Norman, Lewis \$8,000, for Mildred, Elizabeth \$9,000 and for Dorothy Marie \$10,000 for the loss of their father.

## USE OF RADIO IN HERRING FISHERIES

Will Eliminate Waste of Time and Increase Size of Catches

GOTHENBURG, Dec. 28.—The radiophone is becoming a serious menace to the safety of the herring off the Swedish Coast. The fishermen, out at sea soon will be told from the Gothenburg radio central the exact location of the herring schools. This unique service, which will tend to eliminate wasteful waiting on the part of fishermen, and will doubtless mean a considerable increase in the catches of herring, is the newest commercial use to which the wireless telephone will be put in Sweden, according to plans just completed.

While merchant vessels have for some time been required by law to carry wireless equipment, the smaller fishing vessels have hitherto operated without sys-

Write immediately for sample card, instructions and territory. Donalds Manufacturing Company, Dept. 117, Toronto, Ont.

Plans are on foot to distribute news in Sweden by radio telephone. Experiments are being made from Stockholm as a center.

## PRAGUE BECOMING AN AERIAL CENTRE

Development of Commercial Aviation in Central Europe Promises to Make City Clearing House for Traffic

PRAGUE, Czechoslovakia, Dec. 28.—The development of commercial aviation in central Europe promises to make of this city an aerial clearing house for the traffic between western and eastern Europe.

The Franco-Rumanian Aero Company, started two years ago, is working steadily toward an air service to join Paris and Constantinople by way of Strassbourg, Prague, Vienna, Budapest and Bucharest. It is planned ultimately to establish a side line from Prague into Russia by way of Warsaw. Up to the present time in 1922 this company has carried 2500 passengers and 150 tons of merchandise.
