RUSSIA IS DOING ILLICIT TRADING WITH HER NEIGHBORS

Buying From Poland with Old Gold Coins and Diamonds.

WARSAW, April 18.—Poland and Soviet Russia are doing some trading despite their difficulty in arranging a trade convention.

For months Poland has been sending into Russia, by wagon and by packs on horseback great amounts of cloth and some food supplies, most of the business being carried on at night away from the beaten path where either Soviet guards or Polish soldiers are on watch.

In return the smugglers have been receiving some of the old Russian gold rubles, which peasants had buried as well as hides, furs and in some instances diamonds.

Dress material and bright colored shawls which the Russian peasant women wear over their heads on Sunday when they go to church are in greater demand than at any time since Russia's troubles began and, according to travelers, bring a fancy price once these goods are landed on the other side.

A Soviet Russian trade commission has been in Warsaw some time arranging purchases from the Poles and it was announced recently that the first consignment of goods purchased officially by the Soviets would leave soon for Moscow.

This consignment is made up chiefly of clothing materials manufactured in Lodz. The goods will be insured against theft, the insurance company furnishing armed guards to convey the freight cars all the way from Warsaw to the Soviet capital.

Export Caviar.

Despite the famine in Russia the government has permitted caviar to be sent out of the country because of the high price it brings. There has been but

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc.? Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't sleep at night?

To all women whose heart is weak and whose nerves are unstrung we would recommend

MILBURN'S HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Beanson, Loganville, N. S., writes: "As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me."

"My heart was so bad at night I could not sleep, I would take smothering spells, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

little genuine Russian caviar on the world markets since the great war began.

In December last Russia exported to foreign countries through Latvia alone more than 130,000 pounds of caviar, some of which was sent to the United States. Other exports included hemp, flax, leaf tobacco, furs, untanned hides, kerosene and bristles.

ODESSA PEOPLE ARE SHORT GOOD CLOTHES

ODESSA, April 18.—Spring fashions do not bother the people of Odessa. They have no new fashion journals nor cloth with which to make new dresses. Women sometimes have a hat and a few yards of rough cloth to clothe themselves.

Underclothing is an unknown quantity. So are stockings for the unlucky. Women who have cloaks or furs wear them in day time and at night leave them home. If they did not they would be robbed in the darkened streets.

People who go to the theatre travel homeward in groups for protection.

This lack of clothing hits very hard the younger girls. One of them said to the correspondent: "I should like to go abroad, if only to get nice clothes."

The older women in Russia, when talking of the chance of ever getting abroad, say, "After all, if we get abroad we would be very poor and feel our poverty more by the contrast. Here we are all dressed alike and more or less in rags, and so long as we can get food enough perhaps it is best that we stay in Russia."

PARTIES PREPARE COMING ELECTIONS MANITOBA PROVINCE

WINNIPEG, April 18.—Liberals are preparing for the election which is to be held some time during the coming summer. A convention has been called to meet here on April 25 at which plans will be laid for contesting every constituency in the province.

The Progressives under their official organization are also preparing for a big campaign. There is a remnant of Conservatives but it is not thought they will figure largely in the election. Labor will be active in this city and other centres of population.

While the Legislature has not prorogued and Premier Norris and his cabinet still hold office, they hold their positions only temporarily since they were defeated in the Legislature.

BEARILOUSLY NEAR.

"I've been in camp," said one of a group in the local grocer's who were exchanging stories of adventure, "and only came down yesterday. One morning last week I struck the trail of a bear and followed it till about half-past four that afternoon before giving it up."

"What made you quit after putting in a whole day's work?" asked one of his listeners.

"Well, to tell the truth," replied the first speaker, shifting his weight ponderously from one leg to the other, "it seemed to me the trail was getting altogether too fresh."—Harper's Magazine.
