## WILL STUDY INCINERATORS

City Engineer and an Alderman Are to Visit Cities in the South.

The city engineer and one of the members of the council are to go to Nelson, Vancouver, Victoria, Seattle, Tacoma, Yakima, Nanaimo and other cities in the south to study incinerators in operation before any further action on the matter is taken by the city council. This was decided upon by the council last night when a report from the board of works recommending this course was adopted. The decision followed a long general discussion in committee of the whole.

Pictures of the Nelson plant received from John Bell, its designer, were studied and the whole question was, thoroughly discussed. Mayor Rochester and other of the aldermen seemed to think that an incinerator might not be necessary after all here. He agreed, however, that the garbage scow system would have to be done away with. An alternative method of dumping in low spots in the city and covering with ashes was taken up. Mayor Rochester favored this, but Ald. Kerr, chairman of the board of works, thought it would not be effective or desirable.

It has not been decided which of the aldermen will go. Ald. Dybbayn will be going south soon, but he does not feel in a position to take up a technical matter of the kind.

## WAGE DISPUTE ARBITRATION

Differences Between City and Employees Will Be Settled in This Manner.

The dispute between the city and its employees regarding the proposed ten per cent general cut in all wages and salaries is to be settled by a board of arbitration, the employees, in the meantime, being given notice that a readjustment will take place on May 1. A resolution to this effect, moved by Ald. Gollart and seconded by Ald. Kelly, was passed by the council at the meeting last night.

The dispute has arisen since the report of the council committee recommending a general cut of ten per cent was received. The employees, countered with the attitude that the time was not right for such a cut as the cost of living had not decreased sufficiently. The employees have expressed their desire for an arbitration board and the council, feeling that this would be the easiest and most amicable way of arriving at a settlement, has concurred.

Ald. Montgomery felt that, since the council had not adopted the report of the committee, there was really no dispute for an arbitration board to settle. Ald. Kerr and Ald. McLeod were of the opinion that further reports of committee were to be received. Mayor Rochester stated that the employees had distinctly asked for an arbitration board.

On the vote being put Ald. Kelly, Ald. Dybbayn, Ald. Gollart and Ald. Silversides supported the resolution for an arbitration with Ald. Montgomery, Ald. McLeod and Ald. Kerr against. Ald. Perry was not present.

## ALBERTA POLICE GET BLOODHOUNDS FOR USE TRACKING CRIMINALS

EDMONTON, March 28.—Two couples of bloodhounds for tracking criminals arrived at the Alberta Provincial Police headquarters and are being sent out again to different detachments to complete their training and to be on hand in case of eventualities. In addition the police have three other dogs, which are also being sent out to various points. These dogs are pure bred English bloodhounds and were raised in Lethbridge. They have already been given a try-out and proved eminently satisfactory, although only partially trained. They hunt singly or in couples, but contrary to popular conception they are by no means savage; once they come up with their quarry they do not proceed to maul the victim, but merely keep in touch with him. They have been used with considerable success in the United States for many years, and are kept by the penitentiary wardens for immediate use in the case of criminals escaping.

## VANCOUVER WORLD DEVELOPMENT NUMBER

Neat Special Industrial Publication Reaches City—Items of Local Interest.

The British Columbia Development Number, a splendid industrial supplement to the Vancouver World, has just been received here.

The magazine, which is in magazine form and consists of 82 pages, has descriptive articles of all the important cities and districts of the province, and Prince Rupert and Central British Columbia have not been neglected. There is a short article entitled "Our Flourishing Northern Port," which accompanied by four timely photographs, describes this city.

In the advertising section is a page of interest entitled "Albert & McCaffery Limited and McDougall & McNeill Limited, general con-

## Sport Chat

The fine weather of the last week-end set the blood of the outdoor sports tingling and Saturday afternoon and Sunday were enjoyed by many local athletes getting an anti-season warm-up at their favorite games. Football players were out on Acropolis Hill, tennis players held down the courts for several hours, and on the quiet streets the younger people were indulging in scrub baseball. The weather was a little cold, it is true, but the bright sunshine and springtime ardor made up fully for that. Several picnic parties were on the water and in the evening several campfires might have been noticed on the opposite side of the harbor.

The semi-finals in the Prince Rupert Pool Room senior billiard handicap will be played in the course of a few days. In the third round two more games are to be played: E. Green vs. H. Charlton and Col. McDermid vs. D. Brown. The winners in these games will meet G. Waugh and C. Badagno, respectively, in the semi-finals. A. A. Easson and S. L. Warrior were eliminated in the third round by G. Waugh and C. Badagno.

Large pictures of the Elks, senior basketball champs, and Meteors, ladies' champions, in individual ovals, together with their managers and Fred Gilhuly, donor of the Senior League trophy, and the four league cups, Gilhuly, Grotto, Benson and McDermid, make a very attractive sports window that may be seen at Benson's studio this week. The Maple Leafs, runners up in the Ladies' League, also are having their pictures made in a similar fashion. These three large pictures are all to be donated to the teams by Mr. Benson. The Meteors and Elks' pictures will be sent to Vancouver for publication.

Prince George curlers will wind up the season tomorrow night with a smoker to be held either in the G. W. V. A. hall or Oddfellows' hall. A splendid entertainment is being arranged and a pleasant evening is promised. During the smoker the trophies won at the bonspiel will be presented. A post season series was played for the possession of the Catto Cup, the White Horse Shield and the Dewar Trophy. These trophies will also be presented to the successful rinks.

## ST. ANDREW'S ARE WINNERS CRIBBAGE

Defeated Elks in Final Games of Tournament Last Night by Score of 26 to 22.

St. Andrew's cribbage players won the three game tournament from the Elks by a margin of four points, the final games last night resulting in victory for the Scots by 26 to 22. The first series was won by the Elks by a margin of four points, in the

second. St. Andrew's equalized and last night they won.

The teams were as follows:

St. Andrew's—A. Clapperton (captain), R. Robertson, W. R. Martin, S. Taylor, James Ross, W. M. Brown, J. McKechnie, D. Jack, H. M. Foote, T. McElmont, J. Campbell and A. R. Hunter.

Elks—W. E. Thompson (captain), W. W. Knight, W. D. Vance, W. McLeod, H. F. Glassey, H. Menzies, W. J. Cash, Peter Salem, D. Millen, E. Green, J. Cobb and Alex. Yule.

## LAKE FISHING IN NORTHERN ALBERTA

Quantity of Whitefish Shipped Out During Winter Caught Through Ice.

EDMONTON, Mar. 28.—During the past winter three companies operated on Buffalo Lake, which lies 80 miles east of Chocoma on the Alberta and Great Waterways Railway and in Saskatchewan. In addition to the Alberta Fish Company and P. Johnson, the McInnis Fish Company took out a total catch of whitefish amounting to 1,260,000 pounds, or roughly 63 carloads.

A fully equipped camp was maintained at Buffalo Lake, while warehouses, offices and other essentials were in use at Cheecham, from where the catch was shipped out. In all 75 men were employed by the McInnis Company, these including 36 fishermen who netted the whitefish through holes in the ice. Though the lake is but 80 miles from the railroad, some of the fish had to be hauled a distance of 100 miles, the scene of the operations being a long distance out on the lake, which is a large body of water.

Forty-two teams of horses were used to transport the fish from the lake to the railway, these being driven "four up."

## COST OF OTTAWA PARLIAMENT BLDGS.

Large Sum Paid Out for Firing Gun Every Day at Capital of the Dominion.

OTTAWA, Mar. 28.—Housing Canada's government comes high. In the fiscal year ended March 31, 1921, nearly \$2,000,000 was spent on the new parliament buildings, which, in the matter of minor details and the scheme of ornamentation, are not likely to be completed for some years. Four other big items are: Grounds, including Major's Hill Park, \$586,449.21; sundry rented buildings, \$884,347.97; departments generally, care and cleaning of departmental buildings, including \$100 to E. Snowden for firing the noon gun, \$372,922.25; central heating plant, connections and operation, \$291,038.22.

A good point to remember

## BEACH TRAIN BILL DROPPED IN WINNIPEG

Labor Incensed at Failure of the Legislature to Pass Measure.

WINNIPEG, Mar. 28.—Owing to the defeat of the Manitoba government and the decision to pass only necessary legislation before dissolution, a number of bills have been dropped.

If Winnipeg wants to go to the beaches on Sunday this year it will have to go by road. The Sunday train bill died a painless death in the law amendments committee this week. The process was simple in the extreme. The committee convened, considered and passed with some amendment three bills, the Soldiers' Relief Bill, the Manitoba Farm Land Bill and the School Act Amendment Bill. Thereafter, F. J. Dixon moved that the committee adjourn which it did. "Since die," said the attorney-general. And with the rest of the unfortunates the Sunday Beach Train Bill passed away.

A delegation put in an appearance in the committee room with the idea of making representations on the subject, but the approaching demise was conveyed to them by members in the know and at the conclusion the committee filed out, leaving the members with their dead.

Labor is incensed. Labor is incensed at the shelving of the beach train bill. Seen at the Labor Temple on his return from the parliament building, Ernest Robinson, secretary of the Trades and Labor Council said labor felt much disappointed at the decision to shelve the measure. "There is a large and increasing demand for the Sunday beach trains," declared Mr. Robinson, "and the failure of the legislature to pass the amendment after it had been given its second reading, will be greatly regretted by a large proportion of the citizens of Winnipeg. This question undoubtedly will be made an issue at the coming election," he concluded.

A report from the city solicitor on the subject stated that it was not a legal question but merely one of policy. The immediate and urgent need for the road should be a factor in such cases. There was no doubt it was needed here.

The council in the past has been averse to putting in improvements under the local improvement plan where petitions were not sufficiently signed. As yet this principle has not been departed from.

Ald. Montgomery said that he would have no hesitation in voting for this particular roadway being put in but he felt that the easiest and most polite way would be to ask the provincial government for its sanction instead of going over its head.

Ald. Gollart said he could see no difference between this case and that of Vanarsdol Street where the council had taken no action. It would be unfair to put one road in and not the other.

## NICKEL AND DIME.

Mary (meeting old school friend)—Are you married? How many children?  
Friend—Yes, two little folks.  
Mary—How old?  
Friend—Five and ten.  
Mary—H-m, I see, Woolworth twins!—Orinifer's Ink.

## "At Forty-Five"

"YES, at my age I suppose I should expect a change in my condition. But I am so nervous and irritable, so easily excited and worried, that I cannot understand what is wrong."

"I know just how you feel, my dear, for I have gone through exactly what you are experiencing now."

"But you are not nervous."

Nerve Food was recommended to me by an aunt who used it while passing through the change of life and was completely built up by its use. From my experience as a wife and mother I find that the majority of users are women, especially women passing through the change of life; next by young mothers to regain strength after baby comes, and also by mothers for their young daughters entering their womanhood. While it is good for all classes of humanity, I am sure it is especially so for women, as they seem to be troubled most by nervous diseases."

Dr. Chase's Nerve Food, 50 cents a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto.

## PREPARATIONS FOR MANITOBA ELECTIONS

Leader of Conservative Party Resigns at Conference of the Party.

WINNIPEG, Mar. 28.—Preparations are going on by all parties looking to the forthcoming election in this province. R. G. Willis, leader of the Conservative party in Manitoba, will resign his position as head of the party at the convention to be called shortly in Winnipeg. This was the announcement made by Mr. Willis at a conference of 300 members
