Results in Half the Usual Time!

The reason Ironized Yeast brings such amazing results is because it not only contains just the right amount of all three essential vitamins, but in addition contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured especially for medicinal purposes, and which is entirely different from the yeast found in ordinary "yeast tablets."

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly!
