

ONE OF THE GREAT NEEDS OF OUR CITY is a more abundant supply of money available for building loans. What more public-spirited use can you find for your savings than assisting some young married couple to acquire the home they so greatly need? Is your money not more usefully employed, both to you and the borrower, when invested in gilt-edged mortgages at 8 per cent. than in the savings bank at 3 per cent.? And we will make sure of the security for you.

H. G. HELGERSON, LIMITED

## ANTONIO ROSAS AGED 132, STILL EARNS HIS OWN LIVING

BUENOS AIRES, May 4.—Antonio Rosas, a negro who is reputed to have been born 132 years ago in the African Congo, is still earning a living in Buenos Aires as a medicine man and ticket seller. He was too old to put up a fight when three men held him up and robbed him a few days ago but told a reporter he would have made a better showing if he had not "taken a drop too much." Antonio does not yet believe in prohibition.

Antonio claims to have been captured in the Congo when a child by French slave traders. The French ship on which he and other negroes were placed was pursued and captured by an English vessel and taken to Madeira. He was brought to Argentina at the age of eight.

He saw the birth of the Argentine nation in 1810 and slavery abolished in 1813. In later years he adopted the surname of Rosas after the famous Argentine tyrant, Rosas, of whom he was an admirer. He is one of the few negroes living in Buenos Aires.

## LOOKING FOR SON SENTENCED TO HANG

WINNIPEG, May 3.—Missing for more than 20 years, the Salvation Army has been asked to help in the hunt for Will Purvis, son of Mrs. M. J. Purvis of this city. According to Mrs. Purvis her son was tried and convicted for the murder of a farmer near Columbia, Mississippi, but the father refused to work when his execution was to take place. Later a farmer on his death-bed confessed to the crime, entirely exonerating Purvis, who afterward was awarded \$5,000 compensation by the Mississippi legislature for his wrongful conviction and imprisonment.

RE SPECIAL TIMBER LICENSES

The attention of Timber License holders who are taking advantage of the provisions of the 1921 Amendment to the FOREST ACT, whereby arrears of license fees accrued prior to 31st December, 1920, have been funded and made payable in annual instalments, is specially directed to the fact that any renewal fee which became due in 1921 is not included in the instalments above mentioned, and such 1921 and all subsequent renewal fees must be paid within one year after the date of expiry of the license in order to maintain the right of the holder to obtain a renewal of the License.

## HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

**BURDOCK BLOOD BITTERS** which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## In the Letter Box

**DAYLIGHT SAVING.**

Editor Daily News: Kindly allow me a few words in regard to Daylight Saving as adopted in Prince Rupert.

If Mayor Rochester or the city council wanted to make us adopt Daylight Saving in this city, they might at all events have given the people sufficient notice to enable them to get ready for it. It was sprung on us with such short notice that a lot of people knew nothing about it till it was actually in force the morning of May 3.

## Much Confusion.

Even the teachers of our schools were unable to let the school children know of the change and consequently was all sorts of confusion and inconvenience throughout the city, and the confusion will be permanent, not only for our citizens but also for all visitors to the city by reason of the fact that our city time will differ from the time of all steamers and trains into and out of Prince Rupert. It seems foolish to bring this inconvenient disagreement into existence and I fail to see any compensating advantage.

Anyhow as the nights are very short in this part of the world during a good part of the summer and the days are exceptionally long from April to September, haven't we already got all the daylight we can possibly want or make convenient use of?  
M. J. McNEIL.

## GOLD AND PLATINUM ORE SHOWING HIGH VALUES LETHBRIDGE

LETHBRIDGE, Alta., May 4.—Gold and platinum bearing ore, showing a high percentage, have been taken from the West Butte Sweet Grass Hills, southeast of this city and following closely on the assay reports from Montreal, negotiations were opened with the old country capital to interest them in developing the property. Three lots of samples sent to Montreal show, Class 1, gold \$493 per ton; Class 2, gold \$250 per ton; Class 3, gold, 883 per ton. Platinum averaged one and one half percent.

## BOOTLEGGERS' CUNNING DEVICES IN WINNIPEG

WINNIPEG, May 4.—Equipped like the mystery houses described in "dime thrillers" local police, in a search for offenders of the Manitoba Temperance Act, recently discovered a house with movable partitions, electrically controlled by a push button in the floor. The partitions were used to evade the police and during a test the movable wall worked "like a charm." A portion of the partition taken to police headquarters as evidence against the owner was covered over with the same paper as on the solid wall of the house.

## SUCH IGNORANCE.

Letter to a Tennessee school official: "Sir: I hear you are thinking of hiring Miss \_\_\_\_\_ to teach in a school. My advice is to don't hire her. She can't spell kaff."—Nashville Tennessean.

## NOT MUCH DOING AT FORT NORMAN DURING WINTER

EDMONTON, May 4.—No startling developments were recorded at Fort Norman during the winter, according to Ronald McKinnon, of the Imperial Oil Company's staff, who recently arrived here from the northern oil fields. Little work, it is said, was accomplished by the men left at the oil drills owing to the extreme weather and solidly frozen ground. There is no change in the condition of the discovery well—oil exists in the drilling, but the well cannot be classified as a gusher.

Mr. McKinnon left Norman late in January and travelled the entire 1200 miles to Fort McMurray by dog team, relays of fresh dogs being secured at each post.

## DRUGS CARRIED IN AIR SOUTH AMERICA

BUENOS AIRES, May 4.—The airplane service for passengers inaugurated a few months ago by an English concern between Buenos Aires and Montevideo has been placed under customs supervision. The discovery was made recently that dutiable drugs were being transported from Montevideo by airplane passengers in their baggage.

## UNEMPLOYED WOMEN DEMAND ASSISTANCE

Invaded Vancouver Relief Office Yesterday and Had to Be Dispersed by Police.

VANCOUVER, May 4.—Thirty unemployed women invaded the city relief office here today and demanded assistance. They had to be dispersed by the police. There was no violence.

E. C. Manning, C. C. Mills, P. W. Racey, of Surf Inlet, and J. B. Morgan of the Morgan Logging Company, were guests at the Rotary Club luncheon today.

The minimum temperature reading at the Dominion meteorological bureau here in April was 29 degrees above and the maximum, 56.

## CONCEITED DONKEY.

Egg salad before him at eatery—looks like wonderful stuff. He sprinkles it with seasoning—top off pepper shaker—pep, more than enough. Moral: Watch your pep.—Aesop's Film Fables.

## FALSE ECONOMY

The family that does not provide for laundry service in the weekly budget is practicing false economy. Under our new plan, **Laundry work by the pound**, practically the entire family bundle is washed and returned, damp almost ready for ironing, for \$1.25.

This is the cheapest Laundry Service ever offered locally, and the husband who has the welfare of his family at heart cannot afford to pass this service up without serious consideration. We have also our **Soft Finish Service**, where for a small additional charge, everything is dried and all flat pieces ironed and folded.

To those who can afford the small additional cost, this is the most complete service possible, without finishing the entire bundle. The cost will be found to be considerably below the prevailing price.

## CANADIAN STEAM LAUNDRY

PHONE 8.

Better be honest than clever.

## TENDERS WANTED.

Notice to Taxi Firms, Transfer Companies and Transportation Companies. Tenders will be received up to 5 p.m. Thursday, May 4, for the transportation of school children between Conard Street and McBride Street to the Burden Street school, five mornings in each week. For further particulars, see the undersigned, 104

## NOTICE.

IN THE MATTER of an application for the issue of a fresh certificate of title to Lot 10, Block 41, Section 5, City of Prince Rupert, Map 922. NOTICE is hereby given that it is my intention to issue after the expiration of one month from the first publication hereof, a fresh certificate of title to the above mentioned property in the name of J. Arthur Hoadley, which certificate of title is dated the 3rd March, 1919, and is numbered 7344-1. H. F. MacLEOD, Registrar of Titles, Land Registry Office, Prince Rupert, B. C., 21st day of March, 1922.

## Supreme Brand

FRESH ROASTED **COFFEE** FRESH ROASTED

The value of coffee as a beverage is primarily in its strength and flavor. Green coffee will keep indefinitely, but such is not the case after it has been roasted.

Roasting brings out the flavor and aroma. Coffee becomes stale because of loss of these aromatic principles.

We are roasting and packing for current requirements only, realizing that, essentially, coffee must be fresh roasted to prove perfectly satisfactory.

Sold only in 1-pound airtight cartons
