

MONEY INVESTED IN VICTORY BONDS can be made to earn larger interest by selling the bonds and investing in first mortgage on improved City property. And the mortgages are just as safe, although not so readily convertible into cash. Money invested in mortgages is, generally speaking, fixed for the term of the loans which run from 6 months to 5 years. Hence the larger rate of interest. Drop in and talk it over.

MANY PEOPLE WENT TO THE SALT LAKES

Popular Swimming Resort Was Well Patronized Yesterday Afternoon and Evening.

The swimming season is on again in full swing and ferry launches as well as many private craft took parties over to the Salt Lakes yesterday afternoon and last night. The swimming in the afternoon and early evening was thoroughly enjoyed although later in the evening the flies became rather thick and somewhat detracted from the pleasure.

The ferry boat "23" also made a special trip with a party of 20 or so young people, chaperoned by Mrs. James Simpson, who went across to visit Miss Weller and Miss Hedden, of the hospital staff, who are spending their holidays camping at the Broadhurst summer home near the entrance to the Salt Lakes.

ALICE ARM

The Midway Group of claims, adjoining the Esperanza, has been bonded by Ralph Ingraham to a company of Anyox people for \$25,000 and development work, on which four men will be employed, is to commence at once. The Midway was staked by George Pratt in 1912.

Five hundred sacks of high grade ore are ready at the Esperanza mine to come down the hill for shipment to the smelter. The working staff has been increased and it is intended to ship ore throughout the year.

R. W. Goranson and E. P. Riley, of the Dominion government geological survey, have arrived in town and expect to be joined this week by George Hanson who is in charge of the work in this district. They will survey the Esperanza Hill and across the bay on Roundy and Lime Creeks and will then finish.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and second-class to be \$250 an acre. Pre-emption now confined to surveyed lands only. Records will be granted covering any land suitable for agricultural purposes and which is non-timber land. Partnership pre-emption abolished but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least one acre before receiving Crown Grant. Where pre-emptor in occupation of less than 5 years, and has made no permanent improvements, he may be granted intermediate certificate of improvement and transfer his claim.

Records may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre are required. For grazing and industrial purposes areas exceeding \$50 acres may be given by one person or company. Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions including payment of stumpage.

Natural hay meadows inaccessible by existing roads may be included in conditional upon construction of a road or them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The men within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by holders on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years. Provision for return of money accrued due and been paid since August 1, 1914, on account of payments, fees or taxes on hold-over pre-emptions. Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, is waived direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers on hold-over pre-emption purchase, involving forfeiture, on fulfillment of conditions of purchase, in favor of sub-purchasers. Sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING. Act 219, for systematic grazing of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

When You Need Milk

their work in the Upper Kit-sault valley which was commenced last year.

Rev. Father Fleck, of Anyox, visited Alice Arm on Tuesday and Wednesday of this week and celebrated mass at the residence of S. Dumas.

An ice cream social was given at the tennis court on Thursday evening in honor of the 18th birthday of Miss Nettie Hogberg. About forty people were present.

Joe Wheatley has a boom of 100,000 feet of logs ready to be taken to the Georgetown mill.

A SEEDLESS FIG

By Dr. M. Kroeger, F. R. H. S., Los Angeles, Calif., Formerly of Prince Rupert.

A new fig has been developed the past few years, that has created a new industry in California. The honor and credit for the discovery of the remarkable fig, now known as the Kadota, belongs to the late Stephen H. Taft, that wise old horticulturist of Sawtelle; member of the Centenary Club of Southern California.

This fig can be "canned" like any other fresh fruit, and is suitable for long distance shipping to Eastern and Canadian markets as fresh fruit.

Already in the San Joaquin Valley several thousand acres are planted to this fig and it has become the most profitable of all horticultural undertakings. The Kadota fig tree commences to bear the second year, and produces enormous crops for 4-12 months each season. The first crop begins to ripen in June.

Immense Profit

A seven year old Kadota tree produces on an average 250 pounds of figs. The 1921 crop netted the growers from 8 to 10¢ per pound, or in other words from \$20 to \$25 per tree. One hundred trees are planted to the acre yielding a profit of over \$2,000 per acre. This almost seems too good to be true; nevertheless it is a fact.

As California is the only State in the Union where figs, from a commercial point of view, can be successfully and profitably grown, overproduction is an impossibility and it is my firm belief that money invested in well-managed Kadota fig orchards will yield a good income for generations.

Until about 1850, the only fig grown in California was the Black Mission, which was imported from Europe by the mission fathers. During the next 50 years, the White Adriatic was extensively planted and since 1900 immense acreages have been planted to the California-Smyrna (Calimyrna) and Kadotas. The latest plantings are mostly Kadotas.

The first California fresh figs of the season arrived in Los Angeles on May 22 from India and found an immediate sale to the Southern Pacific commissary. The railroad paid \$15 for the box of figs, or about \$2 a pound.

On Own Fig Tree

Near Fresno, California, is a tree that is said to yield every year two tons of figs. It is really five trees growing as one, the branches of the tree trunks were joined by grafting several years ago; and the Christian Science Monitor points out, that with a yearly income from this source alone, an income that is steadily growing, the owner might, not very far in the future, be said to be living not only under his own fig tree but on it.

JAP ALLEGED TO HAVE STABBED JACKSON WAS CAPTURED YESTERDAY

Constable R. Gibson, provincial police officer of Port Essington, reached the city on last night's train bringing with him Tomagusha, the Japanese who is alleged to have stabbed Jim Jackson at Port Edward last Saturday. Tomagusha disappeared from Port Edward immediately after the incident and was captured by Constable Gibson at Sunnyside yesterday. Accused came up before Stipendiary Magistrate J. H. McMullin for preliminary trial this morning and was remanded for eight days.

TERRACE NOTES

Miss N. Phillipson who has been visiting Mrs. McGregor, left on Sunday for Prince Rupert.

Owing to the high condition of the river the Ambury mill has been closed, and many of the men are in town.

The G. W. V. A. building is now well advanced, and promises to be one of the largest buildings in town.

Dr. Knox Wright of the Bible Society visited town this week and held a lantern lecture in the Presbyterian church on Friday evening.

J. P. Gilbert of Vancouver is visiting his parents, Mr. and Mrs. C. R. Gilbert.

Elwood Brooks who has been confined to the house with a sprained ankle, is able to be about again.

Mr. Ramsay of the Soldier Settlement Board was in town last week.

Miss Pollock is visiting her sister, Mrs. A. Baker.

Owing to the high river, which made use of the ferry impossible Miss Pearson and Miss Evans spent the week in Terrace.

Miss Helen Reinfeisch and Miss Mary Porteous of St. Paul, Minn., were the guests of Mr. and Mrs. George Little last week.

On Saturday evening a dance was held in Progress Hall after the show.

On Tuesday, June 6 a son was born to Mr. and Mrs. Otto Von Hees.

Was Troubled With Her Stomach For Five Years

Mrs. Samuel Ward, Millerville, Sask., writes: "I feel that I must write to you before another day passes I am so happy and so grateful to your splendid medicine, Burdock Blood Bitters, for after an illness of five years I am better. I had stomach trouble so bad, I could not bear the smell or taste of food of any kind, and got so thin and weak I could not work. I had four doctors attend me, but they did me no good. I was in no pain, but felt so ill, at times, I thought I would die, in fact, all my friends were sure I could not live many months. This time last year I saw where a man was relieved of stomach trouble by Burdock Blood Bitters, so my husband got me two bottles, but I had no faith in it after all the different medicines I had taken, however he insisted, and after the first two days I must say I began to feel better, and after the first bottle I felt so much better I went out a little every day, but could not go alone I was so weak, but I soon got so I could walk and eat, and have got quite stout. I am nearly seventy years of age and I feel better than I have for years, and can do all my housework. You may make use of this letter if you wish, as it may be the means of making others as well and as happy as I am." B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
