PURCHASE HORSES CANADA AND STATES

Russia to Replace Those Lost During War and Starved to Death.

WINNIPEG, Feb. 21.—Purchase of 1,000,000 horses in Canada and the United States by the Russian Soviet government, to replace those killed in the war and the thousands which have starved to death in the last four years, may be completed within the next few months in satisfactory financial arrangements can be made, it has become known locally.

The question of arranging satisfactory credits is all that is holding up the deal. There are no Soviet representatives on this continent in connection with the proposed arrangements, but all details are being handled by a Soviet horse purchasing commission in New York, it is understood. The animals will be shipped from Vancouver, according to present plans.

Confirmation of the impending deal, which will involve millions of dollars, was obtained from local Canadian Pacific officials, who have been in touch with the situation ever since negotiations were opened. Several horse dealers in the city particularly those of Russian extraction, are also interested in the deal.
