

Ready for Business

PRICES ARE DOWN

With confidence we announce better values this year than ever before. Don't feel under any obligation to buy, but come right in and look about. "Our Cards are on the Table." Every article marked in plain figures. It's the goods we sell, not the goods we keep, that pays our rent and runs our business. There is only one place in the world where you can live a happy life, and that is inside of your income. That is where we can be of service to you.

McRae Bros. Ltd

GROCEER MAY SUCCEED MILKMAN IN DUTIES

Doctor Professors Predict That Era of Dried Milk is Coming

LONDON, Dec. 9. (By Canadian Press).—Some day the milkman may vanish from the earth and the grocer fill the place that may never know the milkman again. Some time in the future the milk trade, as it is in these days, may be a thing of the past, and people may obtain their milk from the grocer in a dried form. Dr. Leonard Hill made the suggestion of this possibility at a recent sitting of the National Milk Conference in London.

Dr. Leonard Hill is Director of the National Department of Applied Physiology, National Institute of Medical Research at Mount Vernon, Hampstead, and was formerly a member of the Army Medical Advisory Board. He was serious in his suggestion that dried milk might yet take the place of the lactated fluid, and he expressed himself in favor of this.

Best Way Out

Dr. Dreyer, Professor of Pathology at Oxford, also pronounced for dried milk. He said it was the best way out for the mass of consumers in large cities. This was in connection with a discussion on pasteurization on which conflicting views were expressed at the National Milk Conference. Dr. Dreyer leaned towards absolute sterilization and suggested that under such a system two of the three vitamins would not be impaired. If the third suffered, he said, its place could easily be taken by a few drops of orange or tomato juice. The danger of pasteurization, one of the speakers said was in giving false confidence. The process should be allowed only under definite control, and all pasteurized milk should be sold with its age stated on the bottle.

Mr. and Mrs. Nathan Straus, of New York, well known advocates of pasteurization, said they had discovered in London so-called pasteurized milk which still contained dangerous micro-organisms. Mr. Straus advocated the use of milk bottles with rounded ends, so that they could not be left to stand open, exposed to the air. Several medical officers of health made pleas for more investigation before pasteurization was decided upon. Sir Daniel Hall, Chief Scientific Advisor of the Ministry of Agriculture, expressed the view that it was "easy to be unnecessarily scared by bacteria." Dirt in milk was a bad thing, he admitted, but what the people need is more milk.

Thomas Dewey, Indian Agent at Massett, reached the city this morning from Victoria on the Prince Rupert. He will go to Massett on the Prince John tonight.

WHAT TO HAVE IN THE FAMILY MEDICINE CHEST

A Safe Remedy for Colds Absolutely Essential: the Capsule Form Ideal

In the home of practically every reader there is some member of the family with a cold. These are the days when colds are common; too often they are looked upon as "mere colds," and nothing is done to prevent further trouble. Yet a cold which at first seems to give no cause for alarm will sooner or later lodge in the lungs, and then the trouble begins. At the first symptoms of a cold or gripe, start taking Grip Fix. You will be surprised at the relief it gives and the quick results with which it completely breaks up the most insidious cold. Grip Fix has been used everywhere in Canada for ten years, and no remedy is better or more favorably known. Grip Fix comes in capsule form, convenient to keep or carry, easy to take. In this way a cold can be cured in a single night. Thousands of cases prove it—an unflinching record of success. Get Grip Fix from Orme's Drug Store Ltd. See a box.

Her Heart Skipped Every Third Beat

Mrs. James Burleigh, 248 King St. E., Chatham, Ont., writes:—I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me. I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat.

I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a lot better; could sleep a little and felt stronger. I continued taking them for about three months, and felt better than I had for years.

When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like letting everyone know what they did for me.
