Mounted Policeman Murdered by Eskimo but Arrest Follows

EDMONTON, July 22.—Constable Doak of the Canadian Northwest Mounted Police has been murdered by an Eskimo in the north but retribution swift and sure followed, for the murderer is now being tried for the offense at Herschel Island according to British methods.

Constable Doak went into the sub-arctic last spring and arrested an Eskimo who was charged with the murder of five of his countrymen. The Eskimo got hold of a rifle and somehow shot Doak dead while the latter was sleeping at the fort at Herschel Island. He escaped.

The Eskimo went back to his tribe and threatened death to all if he was interfered with, but within twenty-four hours another mounted man was there and he arrested the murderer and brought him back to Herschel Island where he has been placed on trial on seven charges of murder.

**BANK'S MEMORIAL TO
ITS GLORIOUS DEAD**

W. R. Allan, President, Union Bank of Canada, presenting Banks gift to Vice President, Lakeside Irish Air Camp.

Sir James Alkins delivering an oration after unveiling of Union Bank of Canada Memorial.

Commemorating the heroism of 120 officers of the Bank who gave up their lives in the Great War the memorial to mark the self sacrifice of its staff inclined in the view that sacrifice of such a nature should be marked by some corresponding service for the good of humanity and in consequence decided to perpetuate the movement initiated by H. B. Shaw, the Bank's Vice-President and General Manager, in starting a fresh air camp for Winnipeg's needy children. Nearly 1,000 kiddies will be given a holiday at the Association's camp this year.

Six hundred representative persons witnessed the unveiling and took part in the impressive dedicatory services at which His Grace, Archbishop Matheson officiated. Major-General Ketchen, C.B., C.M.G., and staff represented the military.

Hearing itself strong and bold, a single shaft of Tyndall stone that was quarried in the Province of Manitoba, the memorial majestically embodies that spirit of physical and moral courage which was the compelling force behind the heroism of Canada's Glorious Dead. The monument has a remarkably picturesque setting. It is centred on an elevation which juts into Lake Winnipeg, and massed in the background is a group of silver birches. Encircling the cenotaph are nine fir trees, representing each of the Provinces of the Dominion. Centred on the facade is an oblong tablet, upon which have been carved the names of the 120 who compose the Honor Roll of the Union Bank of Canada.
