

"We Saw Your Letter In the Newspaper"

"YES."
"And is that correct what is said about Dr. Chase's Nerve Food?"

"Yes, it is absolutely true."
"But why do you recommend it?"

"For two very good reasons. First, because it fully restored my health and strength when I was weak, worn out and very greatly discouraged, and, second, because I believe it is a duty as well as a pleasure to let other women know about so superior a treatment."

"I never used Dr. Chase's Nerve Food, but I got interested in that Woman's Advertising Contest they had, and nearly every woman I

met seemed to be talking about it. Then I saw your letter, and knew you would tell me about it."

"Well, you know how weak and miserable I was for years in spite of all the doctors could do for me. I was nervous, irritable, restless and sleepless. Thought sometimes I would go out of my mind from worry and depressed spirits. I need not tell you how well I am now. You can see for yourself. There is the whole story, and all the credit is due to Dr. Chase's Nerve Food."

"I get your viewpoint now. It would be a sin and a shame if you did not tell others."

Dr. Chase's Nerve Food, 50 cents, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

OCEAN FALLS IN BAD WAY

If Water Supply Does Not Improve May Have to Close Down Plant Entirely.

THIRD MACHINE WAS STOPPED SATURDAY

Unless there is a decided improvement in the water supply at Ocean Falls within a week's time, the entire plant at the Pacific Mills there will have to close down. This word was received in the city by arrivals from Ocean Falls on the Venture last night.

Two machines were closed down some time ago and the third stopped on Saturday. There is only one still operating and to keep it going there must be an improvement in the supply. The lake which supplies the dam for the paper mill is at a lower level than ever before since the mill was in operation.

In an attempt to relieve the situation, the company has been blasting out obstructions in the river between the lake and the dam and an appeal has been made to the residents to use electric light and power as sparingly as possible so as to assist in keeping the last machine running. Nine hundred horsepower which would keep the machine going grinding 30,000 pounds of pulp per day, is used by the residents.

KAVANAUGH IS SPEAKER

Addressed Big Meeting Last Night in McIntyre Hall on Unemployment.

There were about 200 persons present at the meeting addressed by Jack Kavanagh, the Socialist orator of Vancouver, at the McIntyre Hall last evening. Mr. Kavanagh spoke on the unemployment question. He said that it was not a problem for the municipal or provincial governments but was a national one and the unemployed should have not only a local organization but also national. The speaker touched on the unemployed question in the United States and stated that the authorities there had taken no steps to definitely remedy the situation but had only kept the workless moving from point to point. Great Britain was handling the unemployment situation with much better effect than either United States or Canada.

Peter Thompson was chairman.

Following the address there were a good many questions asked and answered.

Mr. Kavanagh will be in the city until Thursday night and will address meetings every night while he is here. He arrived on last night's train from Prince George and other interior points.

LIQUOR FROM RUPERT SEIZED AT HAZELTON

Constable Fairbairn Takes Charge of Consignment Made From Great West Wine Co.

On Monday night last Constable A. Fairbairn, acting upon instructions, and armed with a search warrant, seized a consignment of liquor which arrived via Canadian National Express for a local man and removed the liquor says the Omineca Herald of New Hazelton. The goods came from the Great West Wine Co., Prince Rupert, and it is claimed all business connected with the transaction was done in British Columbia. A charge is to be laid against the Great West Wine Co.

The Man in the Moon SAYS:-

It is surprising how difficult it is to prove to some people that business is picking up.

SOME of the Prince Rupert businessmen want to know what it is they are picking up.

THEY say they have plenty of time to pick up anything.

NO man needs to worry about talking in his sleep unless he happens to be married.

MANY a man would like to learn to play poker but the cost of learning is too high.

PRINCE GEORGE STILL IS WRESTLING WITH THE PAPER PROBLEM

While in town from Dome Creek yesterday, Robert Tyhurst, general manager of the Fraser Timber Syndicate, while disclaiming that he had anything of importance to give out on pulp mill matters, stated that the status of the enterprise was entirely satisfactory, says the Prince George Citizen.

"One of the greatest difficulties which we have had to contend with in the entire period of negotiations," he said, "has been the difficulty of arranging meetings between the principals and the government." He explained that the principals of the undertaking had made calls upon their time, as of course had the members of the government. The great distance which separated the principals from Victoria had rendered it difficult to make any rapid progress. It was anticipated that Hon. T. D. Pattullo, minister of lands, would leave for the east very shortly, stated Mr. Tyhurst, and when he reaches Montreal he will meet all the members of the syndicate with the exception of Frank Jones, president of the Canada Co., who is in South America, and the negotiations will enter their final stage.

Mr. Tyhurst stated that no difficulty appeared to exist which would threaten the successful conclusion of the negotiations.

PRESIDENT OF FORD COMPANY OF CANADA DIED ON SATURDAY

Gordon M. McGregor Was Native of Windsor and Prominent Canadian Business Man.

WINDSOR, Ont., March 13.—The death occurred on Saturday morning of Gordon Morton McGregor, president of the Ford Motor Co., of Canada, aged 49 years.

Mr. McGregor was a prominent business man of the province and, besides being president of the Ford Company, he was a director of the McGregor, Bannell Fence Co., Walkerville, and the Ideal Fence Company, Winnipeg.

He was born on January 18, 1873, in this city and was educated in the public schools here and in Winnipeg. He was appointed vice president of the Ford Company in 1904 and to the presidency only a year or so ago.

He was married and is survived by his widow, one son and three daughters. He was a Liberal in politics and a Presbyterian.

Rood & Frizzell, local Ford agents, were notified of Mr. McGregor's death by wire on Saturday.

GERMANY'S POTASH INDUSTRY REVIVES

United States Is Largest Market For Product.

BERLIN, Mar. 13.—Germany's potash industry, disrupted by the war, is rapidly getting on its feet again. Within the last few months, according to recent announcement, Germany has concluded arrangements for resumption of her potash trade with all European countries, except Poland, and also a number of overseas countries including the United States. The value of the total potash output in Germany in 1921 is estimated at 2,500,000,000 marks.

In a review of the potash business in the Transatlantic Trade Journal for January published by the American Chamber of Commerce in Germany, it is stated that relations with dealers in the United States recently have been re-established, the American consumers now being considered, as before the war, Germany's largest and most important market for this branch of trade.

The report says that Germany, in reviving the industry, has felt the competition of Alsace-Lorraine, especially in the American market, and bordering countries, owing to the favorable freight rates.

Of particular interest to America is the statement of the Chamber of Commerce that the potash industry established in the United States during the war is not considered in the least as a hindrance to the German export trade of the near future.

The Journal estimates that in 1913 Germany exported about 50 percent of its entire potash production while the export trade in 1921 averaged about 5 percent of the business done in the last peace year.

CO-OPERATIVE ASSN. ELECTS OFFICERS AND HEARS GOOD REPORTS

At a meeting of the Northern Interior Co-operative Association held last week reports showed that the financial condition of the association had improved considerably since the last meeting. The semi-annual meeting will be held at Houston in June. The following officers were elected:

President, Frank M. Dockrill.
Vice-president, H. Davis, Houston.
Secretary, G. L. Murray.
Manager, W. G. Murray.
Executive committee, R. McGregor and W. H. Cocks, Telkwa; Geo. Olton and R. May, Smithers; H. Frank, Terrace; Mr. Hinkle, Francois Lake; Mr. Sheldford, Wistaria; and one from Pelling.

PRINCE GEORGE

Father Coeola, the seventy year old veteran priest of the central interior, was in town last week after returning from a long hard trip into the upper reaches of the Nechako River valley. He has left again for the Babine country.

The Prince George Liberal Association has elected the following officers for the year: Honorary president, H. G. Perry, M. L. A.; president, William Somerton; first vice president, P. J. Moran, secretary, J. D. McLeod.

The farmers of the Pine View district expect that there will be a sufficient acreage under cultivation there this season to warrant the establishment of another creamery.

President Klink, of the University of B. C., addressed a public meeting here last Sunday and on Monday visited the High and Public schools speaking to the pupils.

FIXING RESPONSIBILITY

Nothing escapes the scientists of the Mellon Institute when they analyze the cause of wear on laundered fabric. Even the unsuspected clothes line is questioned as to its responsibility.

Here, as is often the case, that supposed friend of the housewife, is found to be quite culpable.

Expert tests have shown that clothing exposed for 24 hours on the clothesline, has suffered a loss of 2 per cent.

This explains in no small measure the almost universal failure of lace curtains just below the line of the opened window sash.

By this test, the laundry industry is vindicated, and we are shown that after all, even the home laundry process has its imperfections.

We do not use clothes lines in our process, your clothing is thus saved this 2 per cent loss, which may be even greater here when such high winds prevail. This service is at your disposal.

ANNUAL MEETING GREAT SUCCESS

Mrs. S. P. McMordie Elected Regent Municipal Chapter, Daughters of Empire.

The annual meeting of the Municipal Chapter, Imperial Order Daughters of the Empire, was held on Saturday afternoon at the Presbyterian Church Hall. It was a great success and considering the inclement weather, there was a good representative attendance. Annual reports of highly satisfactory nature were received from the various chapters and the election of officers took place. Mrs. S. P. McMordie, regent, was in the chair and with her on the platform were the standard bearers of the various chapters, Miss Georgina L. Hunter, Municipal Chapter; Miss Mae Martin, Hill 60 Chapter; Miss Constance McMullin, Girl Guides; Miss Frances Cross, Langemarek Chapter; and Mrs. George W. Kerr, Adair Cross Chapter. Mrs. H. C. Fraser, accompanied by Miss Kathleen Grant, sang the "Glory of the Sea," and Mrs. G. L. Monroe, accompanied by Mr. W. E. Williams, "Wanderer." Both solos were highly enjoyed. H. L. Campbell, superintendent of city schools, gave a splendid address dealing with the relations of parents and teachers in connection with school work. It was interesting and might well have been heard by every mother in the city.

Election of Officers.

Honorary regent, Mrs. F. H. Du Vernet.
Honorary first vice regent, Mrs. F. G. Dawson.
Honorary second vice regent, Mrs. J. C. McLennan.
Regent, Mrs. S. P. McMordie.
First vice regent, Mrs. A. T. Parkin.
Second vice regent, Mrs. S. J. Evans.
Secretary, Mrs. A. W. Healy.
Assistant secretary, Miss M. Carter.

Treasurer, Mrs. Walter Hume.
Echoes secretary, Mrs. S. L. Warner.
Organizing secretary, Mrs. G. Gilbray.
Standard bearer, Miss Georgina L. Hunter.

URGES RECEPTION FOR PRES. KLINCK

Principal of Revelstoke High School Writes to Mayor Rochester.

G. A. Lundie, M.A., principal of the Revelstoke High School has written to Mayor Rochester urging that a civic reception be given to Dean L. S. Klink, president of the University of B. C., when he arrives here next Sunday night with his party of agricultural lecturers to spend two days in the city. Mr. Lundie says that a great reception was given President Klink at Revelstoke and that he has a delightful personality. President Klink and his party are at present in the interior giving extension course agricultural lectures. Arrangements are being made to have him address the Canadian Club here.

NELSON'S LIBRARY COST CITY \$1287 69

Librarian Paid \$1029 a Year—Other Expenses Shown.

Visitors to the Nelson municipal library during the past year were 30,911, and the total of books loaned was 21,854, the city council has just learned in a report submitted, which has just been certified by Auditor Charles F. Hunter.

Prosperous advertising means regular continuous advertising.
