

ON LEISURELY TOUR CANADA

Sir Thomas Robinson, O.B.E., Will be Here Until Thursday Night—Daughter in Kootenays

Sir Thomas Robinson, of Grimsby, England, director of the Canadian Fish & Gold Storage Co., who arrived from Vancouver on the Prince Rupert Saturday afternoon, is making a leisurely trip through Canada. He will be here until Thursday night when he will return south on the Prince Rupert.

Sir Thomas has been in Canada for a month already and has visited Montreal, Toronto, Moose Jaw, Vancouver and New Denver, in the Kootenay country. A daughter, Mrs. C. J. Campbell, wife of the manager of the New Denver Light & Power Co., and the New Denver Waterworks, lives at the latter point. Sir Thomas spent a fortnight there. Sir Thomas was last in Prince Rupert at the outbreak of war—in fact, he was in the city on the day war was declared. Accompanied at that time by his wife, now deceased, and Mr. Johnson, father of T. H. Johnson, of this city, Sir Thomas returned forthwith to the Old Country where he played a prominent part in assisting the government in food conservation measures. These efforts of Sir Thomas resulted in his being elevated to the knight-hood.

Although returning again to Vancouver on Thursday night, Sir Thomas may be here again before he returns to England.

PROMINENT EASTERN BARRISTER VISITED CITY ON SATURDAY

E. LaFleur, K.C., Counsel for D. C. Macarow in Merchants' Bank Case, Visiting Jasper and Edmonton

E. LaFleur, K.C., of Montreal, one of the leading barristers of Canada and counsel for D. C. Macarow in the famous Merchants' Bank case, passed through the city on Saturday afternoon accompanied by his daughter and two sons. Mr. LaFleur has been attending the Canadian Bar Association convention at Vancouver and Victoria and is returning East by way of Jasper Park and Edmonton. He arrived on the Prince Rupert from Vancouver and went out on the Saturday evening train.

PRINCE RUPERT PEOPLE TO FLY AT FAIR TIME

Contract is Closed Whereby Big Hydroplane Will Come Here For Exhibition.

Negotiations were closed and a contract signed between the Northern B. C. Agricultural Association and the Railway Employees' Investment and Industrial Association on Saturday afternoon whereby the big Larsen monoplane water machine owned by the latter company, will come here for the Fair. The machine will be here for the entire duration of the exhibition from September 12 to 16 inclusive and will take up persons who wish to make flights. A launch will be operated on the harbor in conjunction with it.

Tickets are already on sale by the Agricultural Association and it is expected that the feature will be well taken advantage of. Ten dollars will be the charge for the flight which will be of ten or fifteen minutes duration.

The carrying quarters of the flying machine Hazelton are very similar to the tonneau of a Ford Sedan. They are closed in with upholstered seats and interior with drop windows. Four passengers can be taken at a time.

It looks like a quiet week for local sport. Only two fixtures are scheduled so far, viz., the Senior Lacrosse game between the Sons of Canada and Elks on Wednesday and the Senior Baseball game between the Knights of Columbus and Elks on Friday. However, it is quite possible if the weather keeps fine, that Baseball League may run in one of their postponed games and the Football Association will likely pull off a Stuart Shield match probably between the Grotto and Sons of Canada who are eliminated from the Gilhuly Cup running and will be taking no risks in playing.

Without any bias, it would appear that the Callies are the general favorites for winning the Gilhuly Cup final in connection with the Labor Day celebration next week. The Scots are going stronger than ever now and have several of their incapacitated players back while the Sons of England are still suffering about as much as they have at any time. It is the confident boast of many of the Callies that they will not lose another game this season.

Sceptre, the famous race horse whose sale to Count Lundgren, an Argentine breeder was announced a short time ago, is to remain in England after all.

Lord Glanely sold her to Count Lundgren recently for £500. It was the Count's intention to send her to his stud farm in Argentina. But the announcement that the wonderful mare was to go so far from the scene of her victories on the turf provoked such an outburst of sentimental regret that a movement was started by influential supporters of horse racing to keep her in England. Lord Glanely and Count Lundgren talked the matter over in a friendly spirit with the result that it was mutually agreed to call the sale off.

Sceptre is being presented to the national stud with no other stipulation but that on her death Lady Noreen Bass, wife of Sir William Bass who gave \$25,000 for Sceptre as a four-year-old and Mr. Sievier who gave £10,000 for her as a yearling, shall each get one of her hoofs when she dies, and Lord Glanely the other two.

In addition Lord Glanely joins Sommerville Fattersall, another ex-owner of the mare, in giving £500 to the London Hospital for the establishment of a Sceptre ward.

Sceptre by many is considered the greatest race horse that ever raced on the British turf. In 1902 she won the 2,000 guineas, the 1,000 guineas, the Oaks and the St. Leger.

Among the conditions it is proposed to impose on entries in the international motor boat races next February between Miami, Fla. and Havana is that owners of the craft must be aboard during the contests. Another is that the contestants engage in a 20 or 25 mile race off Havana so that the people of Cuba may have an opportunity to view the entry of the Havana Yacht Club, Miss Havana, in action.

According to Rafael Posso, the Havana yachtsman who is representing Cuba in the negotiations for the race, prizes amounting to \$10,000 have been assured.
