Seventy-five Barrels of Alcohol Seized by Federal Revenue Officers.

QUEBEC, April 26.—The most important seizure in Quebec since the enforcement of the new liquor law was made this afternoon by inspectors of the Federal Revenue and Customs Department, when seventy-five barrels of alcohol valued at a minimum of \$60,000, were taken from an old house on Petite Champlain Street and transferred to Government warehouses.

Petite Champlain Street is one of Quebec's historic spots, being built over old wharfs on the riverbank, 150 feet below the Terrace. It is an excellent point from which to start cargoes of liquor to the United States or Ontario by boat. This follows the discovery on Saturday afternoon of an immense illicit still in the northern section of the city, in the house of a man named Julien, where, also, 160 gallons of liquor was found.

Charles Wing, employment agent of the Granby Co., advises that no laborers should go to Anyox at the present time as there are plenty of men there now and there is no accommodation for more. The only men who should go to Anyox are those who are sent officially through the local provincial government employment bureau.

# Had Bad Cough and Sore Throat

Never neglect a cough or cold however slight. If you do it can have but one result; it leaves the throat or lungs, or both, affected. A single dose of

DR. WOOD'S NORWAY PINE SYRUP

will help to stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs the healing virtues of the Norway pine tree along with the soothing and expectorant properties of other excellent herbs, roots and barks promptly eradicate the bad effects, and the persistent use cannot but help to bring about relief.

Mr. Albert Marsh, Lower L'Ardoise, N. S., writes:—"About a year ago I contracted a cold accompanied by a very bad cough and sore throat. I sent for the doctor, but what he prescribed did me so little good I began to get discouraged. A friend came to see me and asked me if I had ever used Dr. Wood's Norway Pine Syrup. I told him I had not and sent him right away to get me a bottle. I started using it, and after a couple of days I found I was getting relief, and after taking two bottles the soreness in my throat seemed to be leaving me, so I resolved to continue its use, and after I had used five bottles both my sore throat and cough were gone. I would not be without Dr. Wood's for any money."

Price, 25c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

DISCORD AMONG MOSCOW PEOPLE

Protest Made by Communists Against Present Government Tendencies.

MOSCOW, April 26.—Moscow newspapers have turned their broadsides loose on the little group of Communists malecontents who dared present to the last meeting of leaders of the Communist Internationale grievances against the present turn of affairs in Russia alleging that the new economic system is a resurrection of bourgeois domination.

However the papers print the text of the complaint and the list of those who comprise the group of malecontents headed by A. Shliapnikoff one of the leaders of the Metal Trade Union, who has been chosen as a delegate to Genoa. In all there are 21 signatures to the statement of grievances including Mme. Alexandra Kollantay, member of the Central Executive Committee, the real governing body of Russia.

The power possessed by the government for rallying support to its policy and maintaining party discipline was displayed by the action of the Metal Trades Congress which, after an address by Premier Lenin, adopted a resolution of censure against Shliapnikoff.

"Leave the Communist party if you like," says the Pravda, "and we will fight you," adding that the group could not stay in the party and oppose the present turn of affairs.

In its petition to the Internationale the group stated that it considered the policy now being executed in Russia would lead to a split among the proletariat, whole factions at congresses being deprived of their rights, while persons expressing opinions contrary to those professed by the leaders were persecuted and deported. Charges were made that bourgeois now comprise 40 per cent of the Communist party and are getting control over affairs, though 60 per cent of the party are workers.

The tendencies of Shliapnikoff's group are anarchical and syndicalist. He is a member of the Central Committee of the Communist party.
