Support Farmers of Central B. C.

> The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind

and asking merchants for Central B. C. products whenever possible.
