

# .. SUCCESSFUL .. SOCIAL FUNCTIONS.

The successful society matron recognizes that in order to maintain her position as a society leader she must follow certain well defined lines; she must not forget the "frills"—those little aids that may mean the difference between the success or failure of her affair.

Probably you intend holding a whist drive and dance, a bridge or five-hundred party, an "at home" or a birthday party in honor of a daughter or friend. If so, you will require dance programs, tally cards, place cards, bridge score or five-hundred pads, as the case may be. In any case, whatever your requirements, consult us before buying elsewhere. We carry an excellent stock of artistic designs, unexcelled material, and at a reasonable price.

### SASKATCHEWAN NEEDS 3500 MEN FOR SEEDING

Women for Housework Will Also Be in Demand But Wages Lower.  
REGINA, Sask., March 8.—In anticipation that between 3000 and 3500 men will be required for seeding operations on the farms in Saskatchewan, the bureau of labor is laying its plans to provide that amount of help for the farmers this coming season. It is announced here. The estimated number of men required is about the average of the past few years.  
At a recent convention of labor bureau officials the situation with respect to women help was so thoroughly canvassed by the women in charge of this branch of the work at the various depots of the province. It was the consensus of opinion that the demand for girls and women on the farms will be about the same as last year, but that the prevailing wages would be lower. Last year, domestics from the old country were quoted \$30 a month, but this year it is the intention to offer \$25.

### FIVE AT ONE BIRTH

Saskatchewan Cow Makes Record But None of Progeny Live.  
REGINA, March 8.—A record which will stand for some time in the animal world was recently created by a Saskatchewan cow when she gave birth to five calves, all normal, weighing about 30 pounds each. This cow a pure bred Jersey, gave birth to three normal calves last year.  
The performance is somewhat detracted from, in the fact that none of this year's litter of calves lived. This was due to the mother cow taking fright at a train and running for over a mile a few days before giving birth to the five. The cow is owned by Holhis Williams, of Estlin, south of Regina.

### OFFICE-BOY PSYCHOLOGY

Two office boys met outside the palatial offices of a firm that was reputed to be worth millions, and which employed over 2,000 people.  
Said the first boy: "Ulo, Dick! Wotcher lookin' at the office wot sacked you last week for? Are yer tryin' to get look back?"  
His friend sniffed.  
"No bloomin' fear!" he said. "I just dropped round to see if they wuz still in business."
