

Times must be very hard in Vancouver. A client of ours there says he is very hard up and so must sacrifice a fine Double Corner which he owns here in Prince Rupert on Sixth Ave., at Cotton Street, in Section Six. It is on the sewer and lies fine for building. Make us an offer. It must be sold. H. G. HELGERSON, LTD., Real Estate, Rentals, Insurance.

REDRAWING ALBERTA LIQUOR ACT WITH VIEW TO ITS IMPROVEMENT

EDMONTON, Mar. 6.—One of the main proposals in the forthcoming draft of the provincial government for amendments to the liquor act will probably be the closer centralization of liquor distribution in the hands of the provincial vendor.

Although Attorney-general J. E. Brownlee refuses to divulge even a scrap of information in respect to the proposed changes, it is learned that one month's notice has been given to all government inspectors of drug stores in the province, their services to cease approximately the last of March.

This is taken to mean that the distribution of liquor through the channels of drug stores will be practically eliminated.

Supporting this contention is the report that already negotiations are under way by the attorney-general's department for new warehouse quarters in both Edmonton and Calgary, these quarters to supplement the vendors' stores already existing in these places, and to be centres of liquor distribution for those legally entitled to purchase liquor under prescriptions or otherwise.

With the government in the distributing business on a systematic scale, it is assumed that other points for the establishment of vendors' stores will be decided upon later by the executive council.

SCOTTISH HOME RULE IS ADVOCATED IN A CIRCULAR LETTER

A circular letter was this morning received from the Scottish Home Rule Association which contains the following paragraph:

"Scotland is a nation in every sense of the word, no less than Ireland, and her claims to self-government can no longer be overlooked. The Scottish people have been for a long period of time convinced of the justice and necessity of this principle, and in every parliament for many years a majority of the Scottish members have been pledged to 'Home Rule for Scotland.' During the last decade the demand for self-government has strengthened enormously, and the vision of a Scottish parliament sitting in Edinburgh, legislating for Scotland, has caught and held the imagination of the Scottish people. We have refrained from pressing our claims as actively as

HEARTBURN

A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach, attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

MILBURN'S LAXA-LIVER PILLS

and you will have no heartburn or other liver troubles such as constipation, jaundice, water brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Edith Cutting, Shallow Lake, Ont., writes: "I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

we might have done because of our belief in the priority of the claims of Ireland to self-government. As a necessary consequence of the Irish settlement we respectfully urge that it is now Scotland's turn to be considered. We, therefore, call upon His Majesty's Government to direct their attention immediately to this question of 'Home Rule for Scotland'; to give it precedence over every other political issue; to cease legislating for Scotland from Westminster, and to pass into law forthwith a measure of self-government suited to the needs and circumstances of Scotland and satisfactory to the Scottish people."

BUY CANADIAN GOODS IS LATEST SLOGAN

Edmonton Women Co-operating to Increase Interest in Home Manufactures.

EDMONTON, Mar. 6.—Per head of population Canadians spent \$145 abroad every year, whereas American citizens only part with \$47 outside the borders of the United States. Canadian women are to be shown the fallacy of sending our good Canadian dollars to enrich the coffers of the republic to the south, and the fact that we are spending too much money abroad is to be shown those who control the destinies of the home.

In co-operation with the Women's Council of Canada, the Edmonton Board of Trade is launching a campaign to interest Canadian women in Canadian products, and the ladies of Edmonton are to visualize the various goods which are manufactured here. To this end forty ladies of the Women's Institute will pay a visit to the Dominion Furniture Company on Tuesday. This visit will be followed by similar inspections of other manufacturing plants in the city, and by this means it is hoped to stimulate loyalty towards Canadian-made goods, and afford the ladies an opportunity of seeing for themselves that Canada's products can not be excelled.

SUING RAILWAY FOR BURNING UP SOIL ON HER ALBERTA FARM

EDMONTON, March 8.—That the soil of her farm was burned up and rendered useless and that her hay crop was destroyed by a fire started by the Alberta Great Waterways railway, is the claim laid in the supreme civil court by Mrs. Magda Wilflinger, who asks in all \$2,600 damages from the company.

The papers in the action filed by Mrs. Wilflinger's solicitors, Van Allen, Simpson and Company set out the claim that the plaintiff in the action is a married woman and a farmer residing near Opal in the Province of Alberta, and that on October 6, 1921, the railway by its servants, started a fire and did negligently allow it to spread till it over-ran the plaintiff's farm, burned up the soil and the hay crop and caused her loss in employing men to fight the flames. She claims the loss of the entire 160 acres of arable land, which has been rendered unfit for use by reason of the fire.

J. N. Taylor, of Ocean Falls, visited here last week to look into the possibility of operating logging camps during the coming summer. No definite announcement was made.

Work is going on here at a point on the Kilsault River 800 feet above the dam of clearing the river with a view to diverting it to the east side so that the danger of the town being flooded may be lessened. Joe Wells, road foreman, is in charge.

Mr. and Mrs. Don Cameron left last Thursday morning on a visit to Seattle.

An epidemic of grippe has been sweeping the town during the past fortnight and nearly everybody has been ill. Several went to the Anxoy Hospital.

VAGARIES OF LAW IN BRITAIN SLATED BY MAGISTRATE IN CASE

LONDON, March 8.—(By Canadian Press).—The vagaries of the law had an exemplification in a recent case in this city in which cigarettes and red tape were featured. A publican was summoned at the West Ham police court for selling cigarettes after 8 o'clock at night.

It was stated that two officials had called at the public house in question and after they had had drinks one of them called for a small packet of cigarettes. A barmaid served the customer with the cigarettes. Thereupon he pointed out to her that she had done wrong; as it was then 8:30. The barmaid promptly collapsed in a faint.

The magistrate dismissed the summons on payment of five shillings cost by the publican, and in doing so made observations upon the law. He said that if a sardine on toast had been served by the barmaid a cigarette could have been sold legally. A publican must not sell a biscuit with wine, the magistrate remarked, as this would be infringing on the Bakers' and Confectioners' order. He could sell cooked sausages, but not a raw sausage, as the latter would be in infringement of the Butchers' order. The law would hold good, the magistrate said until the people at a general election demanded its abolition.
