CATHOLIC LADIES AND KNIGHTS OF COLUMBUS PARTY

There were about 150 persons present at the dance given last night in the Metropole Hall by the ladies of the Catholic Church under the auspices of the Knights of Columbus. Whist and bridge were played, refreshments were served and a delightful dance followed.

Mrs. Jacobsen and Miss E. La Trice tied for the ladies' first prize at whist and the former won on the cut. Sam Howe won the gentlemen's first whist prize. The winners at bridge were Mrs. S. J. McLeod and J. Fred Ritchie. Balagoo's Orchestra furnished the music and dancing was kept up till about 1:30 this morning. F. W. Moersch was master of ceremonies and J. J. Muldoon presided at the door.

SONS OF CANADA DEFEAT CALLIES

First Half Was Well Played But Second Proved Rout for Scots. Score 5 to 1.

It was easy going for the Sons of Canada in the football game with the Callies last night and they won by a score of 5 to 1. The first half was productive of some fairly good soccer and the Callies possibly had the edge with the grade in their favor but, in the second, when the positions were reversed, the Sons simply overwhelmed the Scots and had everything their own way and if seemed just a matter of goal shooting.

The teams lined up as follows:

Sons of Canada—H. B. Scott; Vic Menzies and Harry Menzies; W. G. Anderson, W. Davis and James Mitchell; S. Marks, R. Long, J. Marks, E. Warren and J. Tait.

Callies—W. R. Martin, J. Currie and D. Jack; E. Smith, A. Kinghorn, G. Anderson; W. Mitchell, E. Mackintosh, R. Scott, G. Sellars and J. McPherson.

Dave Gay was referee and George Waugh and Jack Hynd, linesmen.

Play and Scores.

The first half opened with the grade in favor of the Callies and the first goal was made for the Scots by Mackintosh after fifteen minutes play. About ten minutes later the Sons equalized through J. Marks and at the end of the period the score was 1 to 1.

The second half proved a walk-away for the Sons and Martin let several easy ones through while the backs were off guard. B. Long scored the second and third for the Sons and S. Marks and J. Marks, the fourth and fifth. With the exception of two or three breakaways the play was entirely in the Canadian quarter.

As a result of their victory, the Sons of Canada have at least assured themselves of divided honors with the Sons of England at the end of the schedule. The Grotto are out of the running for championship and the Callies have sustained their sixth defeat of the season without a win. If the Grotto win over the Englishmen in Thursday night's game, the Sons of Canada will be the winners of the league.

LACROSSE BACK INTO ITS OWN

Is Again The Most Popular Sport In Victoria—Replacing Baseball

VICTORIA, B.C., July 17.—(Written for the Canadian Press by Archie Wills.)—Lacrosse has displaced baseball as the popular sport in the public schools of this city. The baseball league which found much favor in recent years has passed away and the gutted stick game now reigns supreme.

The switching from one sport to another, which has resulted in a general revival of the national summer game in this city, can be attributed to three factors. Firstly: The Gyro Club agreed to equip all schools, with entrance classes, with sticks, balls and nets and to provide coaches. Secondly: The willingness of the pupils to toss aside their ball and glove and take up lacrosse. Thirdly: The enthusiasm of the teachers and many former lacrosse stars who turned out and gave the lads every kind of advice.

Fifteen years ago when lacrosse was thriving here the capital boasted a splendid school league and most of the players, who in 1919 won the Mann Cup, were taught the rudiments of the game in it. During the war, however, baseball gradually forced lacrosse from its lofty perch and eventually became the established sport for the youngsters. During the last five years not a lacrosse stick could be seen on any of the school grounds.

Mann Cup

Lacrosse enthusiasts last year realized that there was a dearth of material for the defense of the Mann Cup due to the fact that only the veterans were available and no new blood was coming up for transfusion into the ranks. It was pointed out that unless something was done immediately there was danger of the Mann Cup emblematic of the world's amateur lacrosse championship, passing into other hands. The Gyro Club then came forward with sporting offer and laid out \$1,000 to revive the game in the schools. As a result there are twelve school teams today engaged in a merry race for the possession of the handsome Gyro Cup and a set of medals.

Way back in the '90s Victoria was a name to be reckoned with in Western lacrosse circles. Then followed a long period of inactivity. Vancouver and New Westminster doing most of the battling for the trophies. In 1919 came Victoria's greatest effort. One of the finest amateur teams that has ever played in the history of the game was gathered together and lifted the Mann Cup, a beautiful Elk gold trophy, which today has a valuation of close on \$3,000.

Winnipeg staged a lacrosse tournament that year and invited Victoria to go east and defend the trophy against all-comers. As is well known the Capitals had no difficulty in overwhelming every twelve that opposed them.

Trouble Breaks Out

In 1920 trouble broke out in lacrosse circles and Victoria backed out of the league with the announcement that its team would be ready to defend the cup at any time. New Westminster challenged and sent a team to the Capital but it failed to lift the cup after a very gruelling struggle. There was some talk of Orangeville coming out in the spring of 1921 but the visit did not materialize.

This year Victoria and Vancouver patched up their differences, organized a new league and are now playing a series for the Mann Cup. Victoria has many of its veterans in the field but the need of new blood is quite apparent. It is believed that the champions will be strong enough to defend the cup this year. If they are the lacrosse executive is not afraid of future years as the school and senior leagues are developing many star players who are expected to prove valuable material for Mann Cup company in the years to come.

The lacrosse revival which started in the proper place, the public school, has spread all over the city, until now the gutted stick game is drawing far bigger crowds than baseball. Those who are interested in the revival are making sure that all rough tactics are tabooed and are providing only the fastest and cleanest

"Water too low." That is the statement of local anglers who returned from last week-end's fishing trips with creels in which the trout were noticeable by their scarcity. They say that the streams are so low on account of the recent warm weather that one can walk along with tennis shoes where before the water ran a foot or so deep. The same condition has prevailed over the favorite streams for several weeks now and it is apparent that before fishing will be good again there will have to be rain. In the lakes a few fish have been caught but it is mighty poor picking in the streams. All in all, this is the season for followers of Rip Van Winkle rather than those of Isaac Walton.

St. Louis and New York seem to be running each other pretty close for honors in both the American and National League baseball pennant races. In the American League, St. Louis has jumped into first place and at the end of the week was two games ahead of the Yankees. In the National, the Giants are still in the lead but their margin has been reduced a great deal and they are but seven games ahead of St. Louis. These two clubs are pretty well ahead of all others in both leagues, however. Boston occupies cellar position in both leagues, with Philadelphia only a few points ahead in either case.

The intermediate baseball game, which was to have been played tonight between the Sons of Canada and Gil's has been cancelled, and the senior game between the Elks and Sons of Canada, which was postponed last Thursday, will be played tonight instead.

NEW DIVING TOWER AT SALT LAKES IS ALREADY COMPLETED

Visitors to the salt lake Sunday were surprised and pleased to find a new diving tower installed at the swimming floats. It is 22 feet high and was the work of Joe Scott Jr. and Jack Bodie, while E. F. Dunbar presented the lumber. The work was done last week, the lumber towed across the harbor and carried to the float and all the carpentry completed without even so much as "We are about to commence."

It is understood that the intention is to build two more small platforms part way to the top so that the less experienced divers may graduate their work.

Swimmers will appreciate the improvement, especially in a season when there is so much good weather and swimming becomes one of the star amusements and exercises of the place.
