NATIONAL HOME FOR THE JEWS

Difficulties With Arabs in regard to Re-Settlement of Palestine.

LONDON, Aug. 7.—(By Associated Press).—The government is unremitting in its efforts to find a solution of the Palestine Problem. To this end it has among other things, recently published the official correspondence that has passed between the government, the Palestine Arab delegation now in London, and the Zionist organization since last February.

Included is an official statement of British policy, as given out July 1, to the effect that a Jewish national home be founded in Palestine, and Jewish people will be in Palestine as of right and not sufferance. The disappearance or subordination of the Arab population, language or culture is not contemplated, and the establishment of a full measure of self-government in Palestine will be fostered. The special position of the Zionist Executive does not entitle it to share in the government of the country.

Zionists Interfere.

The Arab delegation has replied to this statement of policy as follows:

"Since its establishment in Palestine the Zionist Commission has very much interfered with the administration of Palestine under one pretext or another, all of which were based on solicitude for Jewish interests.

"One military administrator after another, and one British official after another, had to go because they could not and would not govern the country on lines laid down by the Zionist Commission.

"We see division and tension between Arab and Zionist increasing day by day and resulting in general retrogression, because the immigrants dumped upon the country from different parts of the world are ignorant of the language, customs and character of the Arabs, and enter Palestine by the might of

UNCOMFORTABLY SANDWICHED.

Commenting on this official correspondence, a diplomatic correspondent writes in the Sunday Times:

"Briefly put, the British government finds itself uncomfortably sandwiched in between two sets of promises. Driven by the exigencies of the great war to demand on behalf of the Allies the co-operation of the Arabs against the Turks, Britain agreed to recognize their independence within a territory which included Palestine and Syria. That was on October 24, 1915.

"On November 2, 1917, possibly with a view to obtaining other and equally necessary support, Earl Balfour made his famous declaration in favor of the establishment of a Jewish home in Palestine."

The passage of the House of Lords the latter part of June of the Balfour declaration, was immensely popular in Palestine, where this incident is regarded as a notable Arab victory.

England and against the will of the people, who are convinced that these people have come to strangle them. Nature does not allow the creation of a spirit of co-operation between two peoples so different.

"The fact is that His Majesty's government has placed itself in the position of a partisan in Palestine of a certain policy which the Arab cannot accept because sooner or later it means his extinction."

W. G. CHEENEY, president of the Eureka Oil Company, owning 2650 acres of oil locations in the Katalla field and a similar acreage at Gold Bay, arrived in Hyder from Ketchikan last Thursday and is around getting acquainted with the residents.

Miss Emerance O'Neill, of Nelson, B. C., niece of Pat Daly, managing director of the Daily Alaska, is paying the Hyder camp a visit and is the home guest of Mr. and Mrs. M. R. Jamieson.

STEWART.

Miss Elizabeth Baynton, daughter of Mr. and Mrs. Arthur Baynton and Louis Legge, a young pioneer, of the Hyder camp and a member of the Hyder Transfer Co., were married last Friday afternoon in St. Mark's church, Stewart, by the Rev. Edwin Moss. The wedding was public and the church was packed.

Before leaving for Seattle last Sunday, W. R. Tonkin, president and general manager of the Fish Creek Mining Company stated that conditions at the mine were more than satisfactory. A second shoot of high-grade ore had been encountered in the drift from the crosscut tunnel on the upper lead, where the lead now carries two and one-half feet of good ore with six inches of solid grey copper assaying 493 ounces of silver and \$28 in gold, a total value of \$521 a ton. Development work is being pushed to the limit by Foreman Angus McLeod. Between 15 and 20 tons of high-grade ore has been sacked and there are about 150 tons additional on the dump. Regular shipments have commenced.
