NEW PRESIDENT FOR BASKETBALL

Jack Venables Elected President in Place of John Mitchell Who Cannot Act. Number of Entries Were Also Put In

J. F. Venables was elected president of the Prince Rupert Basketball Association at the meeting last night in place of John Mitchell who had been originally elected, but who gave notice that it would be impossible for him to serve on account of the fact that he would be out of the city for quite a while in the course of the season. Entries were received at the meeting from four Senior teams: Eks, Sons of Canada, Colts and Knights of Columbus; four Intermediate: Elks, Sons of Canada, Colts and Grotto; and two Ladies: Maple Leafs and Adanacs with prospects of two more. An agreement with the Fair Board for the use of the Exhibition Building for the playing available made the participation of the winter's games was also sanctioned. President Venables was in

The standing in the Fraternal Whist League competition today shows a somewhat different complexion than last year. The St. Andrew's and Sons of Canada teams are leading with three victories each and no losses, while the Valhalla and Knights of Columbus teams, last year's leaders, find themselves somewhat further down than they are accustomed to, the former with two victories and one loss and the latter with one victory and two reverses. A change in the usual trend of things will doubtless add interest to the competition. The Elks, at a meeting held on Thursday night, decided to enter only one team in the basketball competitions this winter—that one to be in the Senior League. It was found that the material participation of the winter's games was also sanctioned. Art Blasson has been appointed captain and he is making

all preliminary arrangements. The Elks aggregation is expected to be one of the strongest teams in the running.

The Canadian National Railways Magazine carries the following from its Esk correspondent: "Local fishermen have been getting some good catches from the Skeena and smaller rivers. The summer tourists who spent a few weeks at the Lakelse Lake resorts reported the fishing the best yet and the boys say the "old Swimming hole" is all right. Anyone wishing a good place to spend a holiday cannot do better than make Terrace a stop-off point. We have the hottest and one of the largest hot-springs in Canada, the boating and fishing in Lakelse Lake is first class. The Skeena River fish hatchery is also an interesting place to visit."

HOW FRENCH WOMEN DO THEIR WASHING

Without boiling or the use of drastic washing compounds, French housewives hang on their lines the finest table linen and most dainty lingerie, blouses, and washable garments, every piece free from trace of stain and as white as snow. The secret of this success lies in the use of Dainty White, a preparation which has been used all over France for over 50 years. This is not a washing compound, nor does it contain chemicals which are hard on fabrics. It is absolutely harmless solution added to water in which the linen or garments are soaked after the initial washing. Dainty White acts like magic. It removes perfectly stains from tea, coffee, fruit, blood, grass, etc., and also bleaches to snowy whiteness. It saves all boiling which has a tendency to yellow the articles and rid's washday of that tedious and steamy process. Mme. Lethullier, whose family has had the formula for Dainty White for years is now manufacturing the preparation in Vancouver. Housewives who delight in a snowy white wash should try it; it is not intended for silk or woollens.
