USED BARLEY GRAINS
TO SHOOT YOUNGSTERS

WINNIPEG, Dec. 26.—Victor Swain, was fined \$75 or given the alternative of spending two months in jail, when he pleaded guilty before Judge Dawson in a speedy trial to a charge of wounding. The charge against Swain arose from a Halloween celebration near Selkirk, when accused fired at children who were playing pranks. In explaining the circumstances he said he had removed shot pellets from the cartridges and substituted barley, thinking the grain would do no harm. He shot at two children of Duncan McKenzie. Some of the grains of barley wounded both children.

WOULD GET RID OF
ALL GRAND TRUNK
LINES IN STATES

MONTGOMERY, Dec. 26.—"Let me say in all sincerity, that we will not be able to administer the system to the entire satisfaction of the people, until he gets rid of that portion of the line which serves the cities across the line." In these words, Lieut.-Governor Pugsley, speaking at the banquet to Sir Henry Thornton here, concluded an appeal to the new head of the Canadian National to get rid of portions of the Grand Trunk railway which had terminals in American cities.

LIGHT AMUSEMENT
FAVORED IN PARIS

People Spend Quarter of Billion
Francs Annually on Theatres

PARIS, Dec. 26.—The people of Paris spend a quarter of a billion francs yearly on theatres and motion pictures, and do not care to do much heavy thinking during the process. Government statistics on last year's receipts of every playhouse in Paris warrant these statements, and at the same time supply interesting information about what pleases the tired business man of France and his non-voting wife.

Motion picture houses, which outnumber the theatres three to one, took in 50,000,000 francs in 1919, rather more than did the theatres, and a third of the total amusements receipts. Last year, however, the theatres took first place with receipts of 86,000,000 francs, 11,000,000 more than the movies. This increase seems to be due largely to the fact that theatregoers have modified their Oppositional attitude toward high prices of admission and also by a revival of the typically light and racy play.

The government subsidized Opera, and the Opera Comique, headed the list with the largest receipts, each taking in more than 9,000,000 francs last year, and the serious Comedie Francaise did well with 6,000,000 francs, but these institutions are virtually without competition in their field, and they represent a big portion of the money paid for the classics.

The Folies-Bergeres, where the big scenes always hinge on the presentation of a group of handsome show-girls, tops the list of theatres, exceeding even the famous Comedie Francaise. The next in line among the dramatic houses is the Palais Royal, which always pursues a policy of giving highly spiced comedies of family life.

CLAIMS TO BE DEAD
AND NOT ARRESTABLE

Ontario Farmer Recounts Weird
Tale in Chatham Court

CHATHAM, Dec. 26.—Joseph James of Harwich township claimed immunity from arrest, on the ground that he had been dead for three days. This is what he told the police officers when they went to apprehend him on a charge of threatening to shoot a neighbor.

James was arraigned and remanded for a week on a charge of being insane and dangerous to be at large. Considerable evidence was taken, during some of which Senator McGoig's name was mentioned.

According to the evidence of the police officers, James claims Mr. McGoig and High Constable Peters conspired a plan some time ago to bring in all the Englishmen, place them in a vault, after which the former was going to ship their bones to England.
