DAILY EDITION Tuesday, March 7, 1922

Library Goes Before People.

The library proposal is now before the people and a vote on it will be taken on March 22. The council followed out the mandate as set forth in the petition of the ratepayers. The next step will be to vote. There will of course be opposition to the bylaw. There seem to be people in every town who vote against everything. If the Angel Gabriel were to make a proposal that the city be incorporated as one of the districts of heaven there would still be the old guard who would want it kept as one of the precincts of hell.

The people have already registered their approval of the library idea in giving so generously of books to form a nucleus of the collection. The president of the provincial library commission in estimating the number that might be collected locally put it at 500, but instead of that the people gave nearer 1700. It was a wonderful demonstration of a desire on the part of citizens to be helpful to the community and to encourage the efforts of those who are working to make the library a success.

Great credit is due those who have given their time for the public service in getting the library started. There is still a good deal for them to do and doubtless they will rise to the occasion and work with a will until a new librarian is installed and the books are being loaned. It begins to look as if Prince Rupert would have an institution of which she may be proud.

Most Complete Cold Storage.

When it is considered how many big plants of various kinds are established in the North and how few of them are operated successfully, it is matter for congratulation that the Canadian Fish and Cold Storage Company has made such a good record and has kept the big plant, the biggest on the coast, operating all the time and apparently paying its way. It is no small matter to operate a plant these days in such a way as to make it pay. It is a feat worthy of emulation. It means everything to Prince Rupert. The addition of the ice freezing capacity is in line with the progressive spirit that has carried the concern along for several years past.

Parliament Opens Tomorrow.

Tomorrow afternoon the Governor-general will open Parliament, the first in which Hon. W. L. Mackenzie King will lead the government. Like all new governments it is more or less experimental. All democratic government is experimental. We believe that Mr. King has the ability to handle the affairs of the country. The people as a whole think so or they would not have given him their confidence and placed him in the position he now holds.

What effect will the coming of the new government have on Prince Rupert? That is what we are interested in. It is because we expected to get certain results that we voted to send to Parliament a supporter of the government. It will of course take time to work out policies and bring about changes, but we all look to see Northern British Columbia benefitted by the recent change. Something perhaps will depend on the attitude taken by the government at the coming session of Parliament, but more on the general attitude which it adopts toward those things which make for the upbuilding of the North. We expect the period of railway hostility to cease and in its place come a desire to serve the North and particularly the terminus of the line, on which the whole system depends.

Eyes Are Still on Old Country.

The eyes of the Canadian people are still fixed on the Old Country and noting the political changes which are taking place. That there is a political upheaval going on is very apparent, and that it may have an effect on the whole Empire is very clear. While our government has little more than a sentimental relationship with that of Britain, yet we as a people are very largely influenced by the political and social changes going on there, just as we are influenced by the changes going on in the United States. The fact that so many people who live here come from the British Isles adds much to the interest taken in the political occurrences in that country and also adds to the influence which those occurrences have on the people of Canada.

TOO FEW SIGNED FOR ALFRED STREET ROADWAY PETITION

The city council was notified by the Board of Works last night that the petition of John Lambie and 14 others for the putting in of a 16 foot plank roadway on Alfred Street was insufficiently signed and therefore no action could be taken on the matter. The petition needed 21 signatures, but only had fourteen. It was pointed out that there was difficulty in getting such a petition signed for much of the property concerned was held by the provincial government. The report was adopted but the matter is coming up for further consideration with a view to obtaining some other means of doing the work which it is felt is rather necessary.

Ald. Kerr said that if a proper petition could be brought to the council he was sure that the Board of Works would not turn it down.

Ald. McLeod said that the road should be put through by some other means if it could not be done by local improvement.

Ald. Montgomery said that, since the provincial government was practically the stumbling block, he thought the city might create a precedent in putting the road through.

Ald. Silversides concurred with Ald. Montgomery and thought the city solicitor might look into the matter.

WIRELESS REPORT

8 a.m.
DEAD TREE POINT—Clear, calm; barometer, 30.16; temperature, 30; sea smooth.

 Low—3:25 a.m., 8.8 feet.
 16:28 p.m., 4.8 feet.

SINGLE UNEMPLOYED ASK FOR MORE TIME

Delegation Appearing Before the City Council Receives No Assurance on Matter.

A delegation from the unemployed consisting of W. Dickens, K. Thompson, G. White, W. Wicks and A. Chapman waited on the city council last night asking that the allowance of work under the city relief scheme be raised from two days to three days for single men. It was pointed out that \$6 thus earned by single men per week was not sufficient for them to live on and they felt that they were being discriminated against while the married men were getting good treatment.

Mayor Rochester said that the single men were not being discriminated against but it was felt that the married men had many times the mouths to feed and were not in as good a position to rustle as the single men. The city did not mean much money, but it was all that government allowed single men and if the city gave more time it would have to pay the entire cost. He would take the matter up with the provincial government. In the meantime nothing could be promised for the city had already used up all the moneys appropriated for this purpose and there was yet three weeks to go.

The Man in the Moon SAYS:

WHEN business refuses to come back the only recourse is to go out after it.

JAMAICA does not like to have Chinese coming into the Island. Doubtless there is the fear that they may get too much ginger should they go there.

WHEN someone asked Austen Chamberlain if he was going to resign he replied "No let George do it."

THE Irish Republicans created a Frankenstein in the shape of an army which now haunts them.

IT seems to be quite the fashion to grin and bare it.

HE wore a blinkety hat
 Upon his blankety head
 Arrayed in a blinkety blankety suit
 On a blankety meal he fed.

AMONG the things that don't get you very far is sitting down and thinking about doing something and then deciding not to do it.

ANOTHER thing that won't get you far is hoping your electric light bill will be light. It won't.

Ten Years Ago in Prince Rupert

March 7, 1912.

The new postoffice will be built at the corner of Third Avenue and Third Street. It is announced that J. H. Hilditch has the contract for the building which will be 56 feet by 100 feet and three storeys in height.

The Progressive branch of the Prince Rupert Conservative Association elected the following officers at last night's meeting: President, A. J. Prudhomme; first vice president, J. F. Macdonald; second vice president, F. M. Lennie; secretary, Neil McKay; treasurer, William Sibbald; executive committee, S. M. Newton, John O'Brien, George Leek, W. Angle, J. H. Kelly and Douglas Sutherland. A report recommending the expulsion from the Association of Dr. W. B. Clayton, J. Fred Ritchie, H. H. Clarke, Ed Clarke, W. R. Love, A. Ward, H. H. McKinnon and H. Douglas was unanimously adopted.

Prince Rupert people last night in the new Methodist Church had the pleasure of listening to the first pipe organ recital ever rendered in the city. Professor Serle played.

Joe Brown has offered the city \$150 for lot 4, block 8, section 1, which was on sale at the municipal tax sale at the upset price of \$694. It was pointed out that the city did not hold the title to this lot and therefore the matter was laid over.

For PERFECT HEALING—
It's ZAM-BUK EVERY TIME

ULCERS & OLD WOUNDS. "Ulcers broke out on my right ankle, and the whole leg was full of inflammation and pain," says Mr. Edward Bingham, of 118, Brant Avenue, Brantford. "I could neither wear boot nor shoe, nor could I move about at all. Lotions, salves and ordinary ointments seemed unable to touch the ulcers, but the very first application of Zam-Buk was soothing and cooling. As I kept on with Zam-Buk, the swelling, inflammation and discharge was thoroughly subdued, and the sores were gradually and permanently healed with firm new tissue."

ECZEMA, RINGWORM, Etc. "A nasty patch of eruption," writes Mrs. W. Adams, of 489, La Salle Road, Montreal, "started on my little son's neck and spread rapidly until his body was entirely covered. The boy was treated at three different hospitals and at last the doctor pronounced the disease incurable. Five years elapsed from the sores first appearing when a friend got me to try Zam-Buk. This great herbal balm brought a marvellous improvement. My boy got better and better until after four months Zam-Buk treatment his skin was absolutely cleared of every sore and eruption. There has never been the slightest sign of disease since."

EVERYDAY INJURIES. "I gashed my fingers very badly with a piece of tin," says Mrs. S. Cliff, of Melville, S.D. "The wound somehow became infected, and blood-poisoning set in. I received doctor's treatment but the throbbing and swelling spread right up into my shoulder. So long as I live I shall never forget the relief experienced the first time I applied Zam-Buk. The swelling was reduced rapidly and before long Zam-Buk had drawn every bit of inflammation and poisonous matter out of the wound and effected perfect healing."

THERE'S NOTHING TO TAKE THE PLACE OF Zam-Buk

FATHERS GUESTS OF SONS AT BANQUET IN METHODIST CHURCH

What is known as a "Lad Bring Dad" banquet was held last night in the parlors of the Methodist Church, when the boys of the Treat Bangers were hosts to their fathers. The menu was prepared by the lads and included such wholesome provender as baked beans, sandwiches, pie and cake, with hot coffee.

In order that the boys might enjoy the event, a committee of ladies took the serving off their hands, this committee including Mrs. Cameron, Mrs. Howard Steen, Mrs. Bert Stockdale, Mrs. J. Irvin, Mrs. John McKechnie and Miss Morrison.

There was a short program consisting of a piano duet by Gordon Parkin and Clifford Cameron, a song by Mr. and Mrs. Stockdale and an address by P. Linzey on "The Lad's Challenge to the Dad." Adjournment was then made to the gymnasium, where a basketball game between prearranged teams was hotly contested. The following were the teams and scores:

Eddie McLean, Isa Katsayama, Jack Wrathall, Bert Kelly, Harold Macdonald—41.

William Wrathall, Yoshi Katsayama, Clifford Cameron, Henry Heilbrunner and Frank Morrison—10.

The parents were much pleased with the entertainment given them. There were present at the banquet about fifty in all, and on the whole a most enjoyable and profitable time was spent.
