

TIMES must be very hard in Vancouver. A client of ours there says he is very hard up and so must sacrifice a fine Double Corner which he owns here in Prince Rupert on Sixth Ave., at Cotton Street, in Section Six. It is on the sewer and lies fine for building. Make us an offer. It must be sold. H. G. HELGREN, LTD., Real Estate, Rentals, Insurance.

PRINCE GEORGE

W. H. Fairley, the Dominion government agricultural expert and egg specialist, visited the district last week and lectured at Vanderhoof. Professor Fairley said that there should be a good opening in the Central Interior for egg producers as the difference in the local and Vancouver wholesale prices should more than offset the disabilities of the north in the matter of climatic conditions.

The city council has declined to make payment in the case of City of Victoria vs. the Catholic Church on the taxation of church property. The city's share of the cost was \$98,86.

The Presbyterian Church is to build a \$10,000 edifice in this city. Construction will start as soon as the frost has left the ground.

The telegraph tolls between here and Quesnel have been reduced from \$1.80 and \$2.20 to \$1 straight for day and night messages.

Fred Taylor, secretary of the Prince George Agricultural and Industrial Association, has received advice from Hon. W. R. Motherwell, minister of agriculture, that no hope can be entertained for the establishment of an experimental farm in the district this year. Financial reasons present the main difficulty.

Dean L. S. Klinek, of the University of B. C. on Sunday delivered a lecture in the Dreamland Theatre under the auspices of the Prince George Board of Trade on "The University of B. C. and its relation to the Province." Alex Young, president of the board, was in the chair.

The tie camp strikers held a meeting in the Princess Theatre last week and voted by 181 to 1 to remain out. There are only 15 men working at present in McArthur's camps.

Mrs. P. S. Bonney has been appointed musical director in the schools of this city.

Jack Kavanaugh, the Socialist orator, is to address a meeting in Prince George tonight.

Paid in Error.

City Solicitor Hooper said that one should look fairly at the \$91,000 paid last year. It was true this sum had been paid but \$22,500 had been paid in error on the dry dock when a bylaw passed by the ratepayers had provided for its exemption. All had understood that the dry dock was to be exempted and the fact that it had been charged \$22,500 had been an oversight. The company really should have paid \$68,500. The agreement provided for the payment of \$15,000, \$4,500 yearly for five years of which had actually been paid already by this payment on dry dock taxation.

Ald. Montgomery asked the city solicitor if he would stake his reputation on a statement that the \$22,500 had been paid in error.

The city solicitor said that it was his opinion that the bylaw exempting the dry dock might be proven ineffective on account of operations having ceased in 1920 but there was no doubt that the company would make a fight with this in their hands. It would be up to a Supreme Court judge to decide and his opinion might not be accepted. Even if the bylaw were proven ineffective the railway company would likely be entitled to a revision on the dry dock assessment which would bring the taxation possibly down to \$12,000.

Ald. Montgomery questioned the status of leases and the matter of credits against the \$45,000. The city solicitor pointed out that there were two classes of leases—present and future. Present leases were to be taxable and would not be credited against the \$45,000. Future leases would be creditable. The Municipal Act would provide for taxation of present leases in any event.

Fight if Necessary.

The matter of the exemption of the dry dock was then taken up. The solicitor stated that, while an exemption bylaw had been passed, he could find no

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Bummers, out, writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

paid by the other property owners and the mill rate would advance to 40%. He considered the agreement was unwarranted, ill-considered and not in the interests of the city.

Correct in Figures.

Ald. Dykhavn said that he would like Ald. Montgomery to be correct in his figures. He had stated that the same lands which paid \$91,000 last year would now pay \$10,500. This was absolutely an incorrect statement. This year the company would pay \$10,500 plus taxes on leased land plus local improvement taxes. It was a matter of fact that the company had paid \$22,000 to much last year on the dry dock account.

Ald. Montgomery said he was sorry that the chairman of the Finance Committee should try to be misleading. The city treasurers had told him that the company paid last year \$91,000 plus \$6,000 local improvement. He thought that any revenue the city might get from leased land now would be small. As far as leased lands were concerned he did not want there to be any debatable point whereby present leased land taxation might be credited to the \$45,000.
