## ROOSEVELT ACCLAIMED

### Democratic Candidate Gets Great Reception in "Solid South"—Speaks at Atlanta

ATLANTA, Georgia, Oct. 25.—Governor Franklin D. Roosevelt, Democratic candidate for president of the United States, is being accorded a great reception during his tour of the "Solid South." That there is no danger of defection from the Democratic cause in this part of the country is conceded.

Last night Governor Roosevelt addressed a wildly enthusiastic audience in this city's largest assembly place. Declaring that, even during hard times, it was possible to have a balanced budget, Governor Roosevelt assailed the fiscal policies of the Hoover administration. The duty of the government at such a time as this, Roosevelt declared, was, as far as possible, to cut down expenditures rather than increase taxation. This was something that the administration should have done long ere this instead of waiting until a political campaign to promise to do it.

## FEAR HELD FOR SAFETY

### Three Hunters Believed to Have Lost Lives in Snowstorm in Wyoming Mountains

GREEN RIVER, Wyoming, Oct. 25.—Three are believed to have perished in the Big Horn Mountains as a result of a sudden snowstorm which came up while they were hunting in the hills at the week-end. Many other hunters were lost but only the three are now unreported.

So severe was the storm that all forms of transportation and communication have been disrupted. Searching operations for the three missing men are being carried out with much difficulty.

## Asks Completion Of Road Leading To Fishing Floats

Ald. Casey urged at last night's meeting that steps be taken, if possible, to have the road which has been constructed along the east side of Hays Creek from Sixth Avenue to the dry dock opened out as soon as possible to the fishermen's floats, the original objective. The road, as it stood now partially completed, was quite unsatisfactory so far as reaching the floats was concerned. Ald. Casey stated, that, if it was merely a matter of having the dry dock fence moved in order to get past, he thought this should be done at once.

In addition to having to move the fence, permission to do which had been granted, Mayor Orme informed Ald. Casey that certain additional grading would also be necessary. The matter was referred to the board of works with the request that a report be brought in at the next meeting of the council.

E. F. Allstone, who has been paying a week's visit here with his parents, Mr. and Mrs. Ernest Allstone, Borden Street, sailed by the Cardena this afternoon on his return to Vancouver.

## LOCAL NEWS

This evening's train, due from the east at 8 p.m., was reported this morning to be on time.

G. C. Arseneau sailed on the Cardena Sunday night for a brief business trip to Anyox and Stewart.

Mrs. B. J. Bacon, who has been on a brief visit to Port Simpson, returned to the city on the Cardena this morning.

David Burrows returned to the city on the Cardena this morning from a brief business trip to Anyox and Stewart.

Corp. E. H. Clark R. C. M. P. is on a brief trip to Anyox on official duties, having left for the smelter town on the Cardena Sunday night.

E. A. Rasmussen of Juneau, president of the Bank of Alaska, was a passenger aboard the Princess Norah yesterday afternoon going through for a business trip to Seattle.

Sisters Mary Leopoldine, Mary Irene Theresa and Mary Patrick, Juneau nuns of the Roman Catholic Church, were passengers aboard the Princess Norah yesterday afternoon going through from the Alaska Capital to Victoria.

John Stevenson of Juneau arrived in the city from the north on the Princess Norah yesterday afternoon and will leave on tomorrow morning's train for Halifax where he will embark on November 14 aboard the steamer United States for a trip to his native home at Malmo, Sweden.

Northland Transportation Co.'s motorship Northland, Capt. Len Williams, arrived in port at 10 o'clock this morning from Ketefikan and, after discharging two carloads of canned salmon for transshipment East over the Canadian National Railways, sailed at 12 noon for Vancouver and Seattle. The vessel had on board some twenty-five passengers, two of whom disembarked here.

## WILL CUT WORK DAY

### City to Reduce Hours on Relief During Winter—More Requests Considered

It was disclosed by the board of works at last night's meeting of the city council during discussion of a list of four requests made by the central committee of the employed and unemployed labor unions in regard to conduct of relief work that the city engineer now has under consideration a scheme for shortening of the hours of work per day during the coming short winter days. The work has been carried out on the basis of eight hours per day which it is now proposed to reduce to six.

The requests of the central committee of employed and unemployed labor unions were as follows:

1. That a system of scrip in paying for relief work be instituted instead of the present voucher system.
2. That there be a six-hour working day with eight-hour pay on relief work.
3. That relief workers be no longer required to work out back relief.
4. That an adequate relief allowance be made on the basis of cost of living here as shown in the Labor Gazette.

The central committee also invited the city council to have a representative at the next meeting of the committee.

After some discussion, the communication was ordered filed on motion of Ald. Collart and Ald. Pillsbury.

### Would Give More Work

While the communication had not referred to the fact, Ald. Casey felt that the present remuneration on relief work was not adequate to supply the requirements in food for a person doing heavy manual labor. He suggested, if possible, that there be a greater allowance of working time so that those working on relief might be able to purchase more food.

As for the matter of working out back time, Ald. Casey pointed out that it had been agreed last spring between the city and the unemployed that this policy would be followed. Now that many men had worked out their back time or had nearly done so, there were some who wanted to evade doing so. The request being made along these lines he considered a very unfair one. The men had agreed to work out the back time and he felt that it was an obligation which should be met.

Ald. Macdonald declared that he for one, was desirous of doing as much as he could for those working on relief. However, the resources of the city were limited according to the assistance accorded by the governments. He believed that the men should work out their back relief as they had undertaken to do. At the same time, in case of sickness in a relief worker's family or under such circumstances, he believed the city was making due allowances.

Ald. Pillsbury pointed out that not more than twelve days' work per month was being required from any relief worker. It was evident that some men had started out with the idea of beating the back relief work scheme. This was not fair to those who were willing to do their share.

Ald. Black thought that, if a six-hour working day were resorted to, possibly the men would be better able to carry on under the present scale of allowances.

It was at this point that the mayor intimated that a scheme of shortening the relief working day for the winter was under consideration.

## BANQUET OF RAILWAYMEN

### Athletic Association Members Meet at Festive Board, Hear Reports and Present Trophies

## Happy Gathering

### Speeches and Music Enjoyed—Large Turn-Out at Annual Affair

At one of the most enjoyable banquets in its history, the Canadian National Recreation Association members and guests to the number of 100, gathered at the Boston Cafe last evening to do justice to a sumptuous dinner that could not be excelled. The tables were beautifully decorated with flowers from the gardens of the members which lent an added attraction particularly at this time of the year. All were in happy mood, and the evening was without a dull moment.

Immediately after the dinner the president, W. H. Tobey, intimated that he was calling upon His Worship Mayor C. H. Orme to present the C. H. Orme small bore rifle cup and he regretted that a city council meeting necessitated Mr. Orme's leaving at that time. Mayor Orme, in reply, expressed his regret at having to leave so soon, as it was a pleasure to be present with the C. N. R. A. family at this gathering. He complimented the association on its success during the past season and assured that its efforts were not only beneficial to themselves and their association, but that their activities had added a filip to recreational associations in the city which had endeavored to follow the lead given. Matters recreational in the city had thus received an impetus that led to friendly rivalry that was admirable. In a town of this size sport had to be created by the people themselves. H. Lincoln, in receiving the cup from the hands of the mayor, said that he hoped that the coming year would see more competition for the cup among the town associations, and that it would be in good keeping meanwhile.

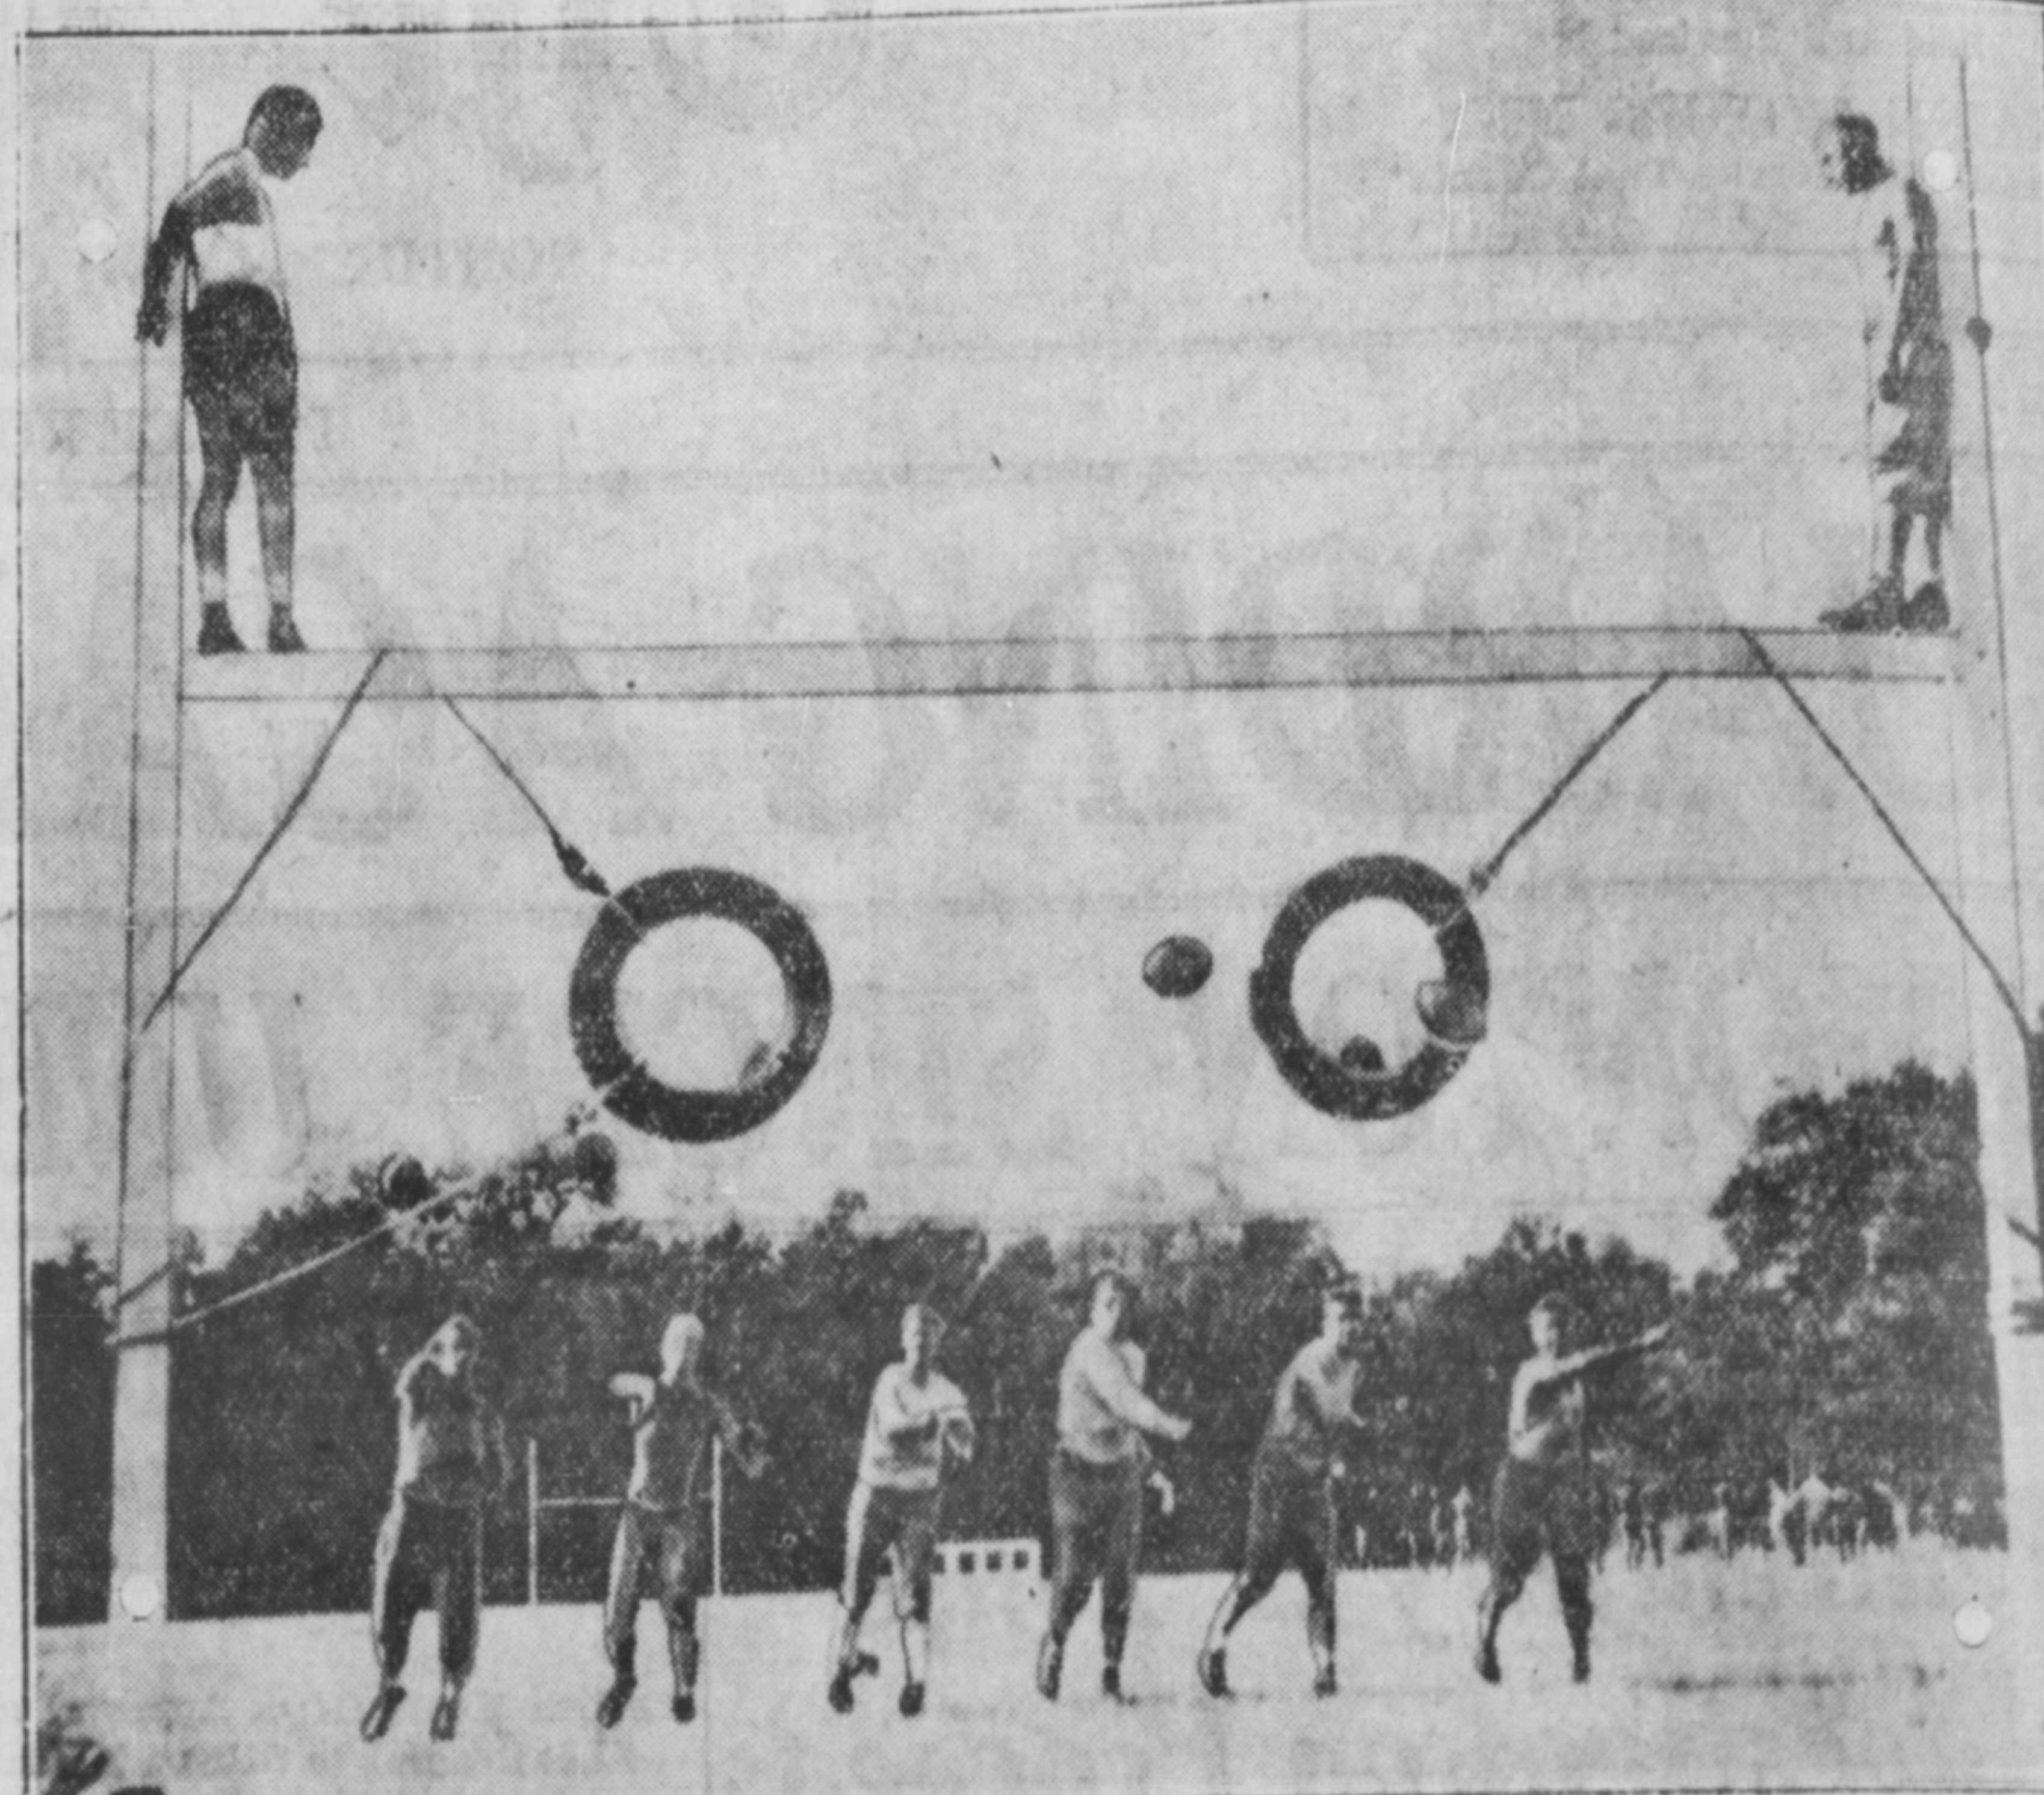

The president, Mr. Tobey, in welcoming the members and guests present, expressed the pleasure it had afforded him to see such a large and representative gathering. It conveyed to him another indication, if such were necessary, that the organization was indeed in a very healthy condition. This fact, he reminded the members, was entirely due to their own efforts, as last year, being his first year as president, he had attempted to take a hand in the working of the organization in its activities, but this year he had decided to sit further back and give those in charge of the various branches of its activities an opportunity to use their initiative that was so obvious. The result tonight, he said, showed the wisdom of that decision. "We do not want an organization that is a one-man affair and, to perform at our best, each must participate. Primarily on that account I suggested that each take a part and I am glad to say that not one of those asked had refused. It is the fact that each one is willing to do what he can that makes the C. N. R. A. the success it is."

Mr. Tobey called on J. Frew, vice-president, to present the tennis trophies and awards. Mr. Frew congratulated each of the successful contestants with the cups on which their names had been engraved as well as a smaller cup similarly engraved which would be perpetual reminders of their successes. Tennis trophies were as follows: Ladies' singles, Mrs. J. H. Horton. Men's singles, W. B. Tobey. Ladies' doubles, Mrs. Currie and Mrs. F. A. Rogers. Men's doubles, J. H. Horton and W. P. McIntosh. Mixed doubles, Mrs. F. A. Rogers and F. M. Davis. American tournament, Mrs. Teng and F. M. Davis.

Mrs. A. Webber sang an appropriately chosen solo, "In the Garden of My Heart" and as an encore, "When Honey Sings an Old Time Song," each of which was beautifully rendered. J. A. Teng sang "The Open Road" and, as an encore, "Rose in the Bud," in a most commendable manner, followed by "The Boarding House" and "The Milk Pail" by R. E. James in his own inimitable way. Three delightful banjo solos were rendered by J. Arseneau, and several selections by C. P. Balagno and his Venetian Orchestra were played during the evening and greatly enjoyed by all present.

Softball trophies were presented by J. W. McAuley. The Haines Trophy, being won by the Round House team, was accepted by Captain J. Horton and the C.N.R.A. trophy won by the Station team, received by Capt. A. Styles. Mr. McAuley complimented both captains on the high standard of play during the season and thereby making their achievements all the more meritorious. Horseback trophies were presented by A. R. Nicholls in happy vein, to the doubles to Messrs. Brass and Davis, and the singles to P. Peterson. On behalf of the C.N.R.A.

### Softball Trophies

Softball trophies were presented by J. W. McAuley. The Haines Trophy, being won by the Round House team, was accepted by Captain J. Horton and the C.N.R.A. trophy won by the Station team, received by Capt. A. Styles. Mr. McAuley complimented both captains on the high standard of play during the season and thereby making their achievements all the more meritorious.

Horseback trophies were presented by A. R. Nicholls in happy vein, to the doubles to Messrs. Brass and Davis, and the singles to P. Peterson. On behalf of the C.N.R.A.

Basketball team, J. Campbell presented the city basketball trophy to the president to be retained in the custody of the association until again won by another city team. Mr. Campbell made a promise or a threat at the previous banquet that he would bring the city basketball trophy to the next C.N.R.A. banquet, and this he made good.

The Cribbage Trophy, the A. L. Holtby Cup, was presented by R. E. James to the Car Shops team, Capt. W. Tucker, who paid tribute to the efficiency with which Mr. James had conducted the Cribbage Tournament during the year. Badminton American Tournament prizes were presented by F. S. Walton to the winners, Mrs. F. M. Davis and W. B. Tobey.

During the evening the President welcomed back A. R. Holtby, retired B & B Master, who had returned to Prince Rupert. Mr. Holtby in reply expressed the pleasure it was to him to be back among his old friends again, and to join with them under such pleasant auspices.

The president then introduced F. S. Walton, chairman of the Bowling Committee to give an address. "Some Experiences of a Prisoner in Germany," which proved to be the "piece de resistance" of the evening as the president intimated.

Mr. Walton having spent over three years in Germany as a prisoner held his audience to high pitch as he related his experiences which were both pathetic and amusing. Even in the direst circumstances and hardship he and his pals, to whom he paid glowing tribute, saw humor that saved them always from dejection. He recalled the efforts

of himself and three others to escape in mid-winter which, though unsuccessful, was only abandoned when with feet frozen it was impossible to proceed further, and which required a four months hospital stay to recover from. This was one of the most interesting addresses heard here, and it proved especially interesting to the younger members present. Although Mr. Walton expressed himself at the outset as being of the opinion that an address of this kind was scarcely appropriate to a gathering of this kind, nothing could have been more fitting as it was the highest example of a good sport, one for all and all for one.

At the conclusion, on the call of Mr. McAuley a very hearty vote of thanks was accorded the entertainers also the entertainment committee, under the chairmanship of J. Simpson, for very able manner in which they had planned and provided for the evening's enjoyment.

## The BEST way to stop CONSTIPATION

Nothing like Fruit-a-lives

"I was a very bad way with constipation. My stomach was off-color and I kept having headache after headache. Quite frequently I had severe pains in my joints and muscles. The general effect was very depressing. Indeed, I felt so wretched that I was about to give up work. Today my health is excellent and I certainly feel that 'Fruit-a-lives' played a large part in bringing this about. They toned up my entire system."

## WHAT'S NEWS TO YOU?

THRIFTINESS is a state of mind that is nearly as valuable an asset as a bank account. . . . For thriftiness can always get a bank account of its own.

And it's easy to tell thrifty people from the way in which they read the newspapers — just as you can usually spot the other kind.

The great majority of men and women never put a newspaper down until they have read the important news which is directed to them through advertisements.

The modern woman, especially, finds the advertisements indispensable. She spends more than five-sixths of the family income. And the prosperity, happiness and health of her household frequently depend on her reading of the advertisements and on the wisdom with which she chooses everything she buys.

The advertisements bring you complete information about accepted products and new ones. Through them you can compare values . . . discover ways and means for greater household efficiency and enjoyment . . . and make sure that every dollar spent will bring its full return.
