See Well Ahead
Into The Future.

There are a number of people in this city who see well ahead beyond the present quiet time and expect great improvements. Some of these men are showing their faith by continuing to build here. While there is no very great amount of building going on, there is enough to let the world know that we are just as confident as ever that the future has great things in store for us.

Bowser Likely
To Again Lead.

It now seems as if Mr. Bowser is likely to continue to lead the Conservative party in this province. The Vancouver World, commenting on the recent refusal of Dr. Tolmie to allow his name to go forward as a prospective leader says:

"Hon. Dr. Tolmie, M.P., has informed a meeting of his supporters in Victoria that he has definitely decided to decline the provincial Conservative leadership in the event of its being offered him at the forthcoming convention. It is common knowledge that Hon. H. H. Stevens, M.P., of this city, is of similar mind. It is not so much that they love Ottawa more but they like Mr. Bowser's job less.

"With these two leading party men out of the way, the prospects appear good for the present leader to retain the position. This may cause deep disappointment to several elements in the party, and the Young Conservative wing of Vancouver will probably express hearty disapproval at the conclave. Mr. Bowser will be supported by the old guard and has a scattered following in some of the rural ridings. This strength will probably more than offset any sudden development in favor of a dark horse at the last moment.

"Dr. Tolmie has always had a kindly and close association with the agricultural industry and his decision not to oppose Mr. Bowser may have been influenced by his ability to forecast the future to some extent. The recent Progressive sweep in Manitoba no doubt exerted considerable impression on his mind. It may well be he thinks that the farmer element in the Conservative party west of the Rockies are in a mood to throw off party ties and embark on a political venture of their own. In that eventuality who would be better fitted for the Progressive leadership than the genial Victoria member?

"The Liberal party is in much better position. For years it has been led by a former premier who commands the confidence of his party, rural and urban alike. There has been no internal warfare such as has afflicted the forces led by Mr. Bowser. Much stranger things have happened than the possibility of Mr. Bowser going to the people at the next general election as leader of a dwindling third party, still pathetically loyal to his losing leadership, with the real contest being between the Liberals and the Progressives led by Dr. Tolmie."

Liquor Stores
Open On Holidays.

There does not seem to be any real need for the liquor stores remaining open on Wednesday or any other holiday. While it is undoubtedly true that sales are missed on that day so they are on Sunday. If the stores were kept open all night they would do an even bigger business after midnight for most respectable citizens are ashamed to be seen carrying home bottles of booze, whereas they would take it if they could get it away under cover of darkness.

Some time ago the people of the province voted by a very large majority in favor of moderation. They did not want liquor shoved before them on every possible occasion. They could easily make their purchases on Tuesday if necessary and allow employees to join with the rest of the community in enjoying the holiday. The liquor board is not to be complimented on its latest move in allowing selling on the weekly half holiday.

Site At Port Edward
For Steel Works.

Another effort is being made to locate a steel works in this province and with that end in view guarantees are being asked from the province, the Federal Government and the Imperial Government. That is quite correct. We need a steel plant.

In this neighborhood there is practically all the raw material for such a plant and there is a good site at Port Edward which the Provincial Government will grant for the purpose. Doubtless the big concern will make a thorough investigation before deciding on a location and will look into the prospects here.

SAVED FROM AN
OPERATION"Fruit-a-tives" Completely
Relieved Me

8928 UNION ST., VANCOUVER, B.C.
"I suffered with all the symptoms of Female trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. A doctor advised me to have an operation.

I started taking "Fruit-a-tives" and this medicine has completely relieved me of all my misery and suffering. I am free of pain and headaches and the terrible Constipation, and what saved me is the fruit medicine, "Fruit-a-tives."

Madam M. J. GORSE.

J. F. MAGUIRE
Next the Prince Rupert Hotel

Ten Years Ago
in Prince Rupert

August 14, 1912.

The Callies came back in last night's football game and beat the Roses by a score of 5 to 1. Wiggins and Willisoff were the stars of the winning team. The game was played on Second Avenue.

E. J. Chamberlain, president of the G. T. P., will be here on August 28, it is announced. W. P. Hinton, general passenger agent, will arrive a week earlier.

Gold ore has been discovered by Foreman Thompson in the course of city grading operations in the vicinity of Market Place.

The Man in the Moon
SAYS:-

SOME horrible matter of fact person without any soul wishes to know from a trout fisherman, how much each his fish cost him.

NEXT thing he will want to know is how much effort he put into the task of securing that little string of rainbows.

Like poets, shakers are born, not made.

WHEN a man swears and a woman says she knows a few too, she takes the wind out of his sails.

NO chauffeur in Prince Rupert would be so conspicuous as to drive slowly. It simply isn't done.

IT is bad form to hold hands while out canoeing.

IT is also bad form to hold anything except the paddle when out canoeing.

IT is bad form to upset the canoe.

IT is bad form to go out canoeing if you think you will upset the canoe.

IT is bad form to go out canoeing alone when there are a lot of fair young things to ride.

WHERE, oh where is the livery stable gone?

WHERE, oh where is the harness maker gone?

WHERE, oh where is the top buggy gone?

WHEN a young man talks about the good old days he is thinking of what his father told him about buying a horse and buggy for three hundred dollars whereas now he had to pay about a thousand for a Chevrolet.

When you buy advertising you buy CIRCULATION, and see that you get it.

PAT DALY HAS
ANOTHER MINE

On His Way to Vancouver to
Raise Funds for Development
of Toric at Alice.

ENTHUSIASTIC OVER
BIG MISSOURI FIND

Pat Daly, the famous mining man of the Stewart district, was in the city last night on the steamer Prince Rupert on his way to Vancouver where he intends to raise funds for development work on the Toric group of mines at Alice Arm. This property, on which an option was recently taken by Walter McDonald, of Alice Arm, who is also in the city, in the words of the government engineer "has earmarks of being a valuable property" and showings that have enthused both Mr. McDonald and Mr. Daly who have now resolved to develop it on a bigger scale. Some fine showings of native silver have been found on it. The group is owned by John and Gus Strombeck of Alice Arm.

Mr. Daly is more enthusiastic than ever about Stewart and its possibilities as a mining town. He declares that 1500 or 2000 men are now working in the Salmon River valley and all are making good money.

Will Make Millions.

He is quite elated over the recent strike that was made on the Big Missouri mine and says A. B. Trites and his associates are going to make millions out of it. Satisfaction that the residents of Stewart have had with the steady record of the Premier has turned into elation over the sudden rise into prominence of the Big Missouri. Numerous large samples of the ore have reached the outside all showing big values in argentite, silver sulphides and native silver. Independent assays made of these specimens give returns of from \$1500 to \$2000 per ton. It is said that the ore already in sight will pay the purchase price of the mine with millions more in sight. About 30 men are now employed on the property and more are being put on as they can be accommodated. Mr. Daly but recently was interested in the Big Missouri himself.

Best in World.

Speaking of his own mine, the New Alaska, Mr. Daly says he does not like to talk about his own property but says he is convinced it is "the best mine in the world." Some 15 or 20 men are engaged in development work on it.

Mr. Daly will be back from the south in about two weeks and Mr. McDonald will be here till Wednesday night. The latter is a brother of Phil McDonald, of this city.

SMITHERS

D. McMillan, provincial government civil engineer, is in the district his special mission being to settle the controversy as to the proper route of the road system between Burns Lake and Endako.

Miss Craddock, formerly of the Grand Forks Hospital, has become matron of the local institution. Miss Jessop, a graduate of Vancouver General Hospital, has arrived to take a position on the staff.

Mrs. E. H. McPherson, of Trout Lake, has been appointed principal of the Smithers School and has accepted the position.

The burial of David Jones, the little son of Mr. and Mrs. Stanley Jones, took place in New Westminster. The little boy died here after having suffered from a heavy cold.

The Dominion Chautauqua will give its performance here August 18, 19, 21 and 22.

The members of the Oddfellows and Rebekah lodges held their annual outing at Lake Kathryn on Saturday.

None of the hay crop in this district is being lost this year and a fine quality of feed is being cut by the farmers now.

Mr. and Mrs. James Barrett are leaving Telkwa in the near future to reside in Northern Ontario. They are selling their effects now.

ELECTION AT
CRANBROOK IS
ON TOMORROW

Liberals Confident of Winning,
But Nothing is Sure Says
Vancouver Despatch

VANCOUVER, Aug. 14. — Tomorrow is the day set for election in the Cranbrook constituency and all reports received here indicate that the Liberals are likely to win. However, nothing is so uncertain as an election. Local issues often interfere to change the views of the electorate. The two candidates, N. A. Wallinger, Conservative, and John Taylor, Liberal, are both working strenuously and they have been aided by all the big guns on either side.

Tried Stop Meeting

A special despatch to the World here says a public meeting called to hear Premier Oliver, Attorney-General Manson and Mrs. Ralph Smith, M.P.P., at Wycliffe was forbidden by Mr. C. Staples yesterday. After some telephone conversation between a member of the Cranbrook Liberal Association and Mr. Staples, the latter came to Cranbrook and after a heated conversation with the attorney-general he reiterated his determination not to permit the meeting to be held. The attorney-general advised him that he was in Canada and not in Germany or Russia and that the meeting would be held, whether he liked it or not.

Later in the afternoon Mr. Staples consented to the meeting being held in the company's hall at Wycliffe. Not satisfied with his defeat in attempting to stop the meeting, he then proceeded to intimidate the company's employees by advising them to keep away from the meeting. He circled around in front of the hall in his motor car evidently for the purpose of ascertaining whether any of his employees were attending the meeting whilst another member of the firm was heard advising a small group, evidently employees, to keep away.

Small Tactics

This morning the Cranbrook Courier received a letter reading as follows:

"The Cranbrook Courier, Cranbrook: Dear Sirs,—Please cancel my subscription to your paper and send statement of my account so that I may clear it up at once. Likewise, if you have any account against the Otis Staples Lumber Company, please send statement for it so that it may also be settled and we may have no more dealings with your outfit. Yours truly

"CHESTER STAPLES."

LAND GOLDFISH

Two Reports Received of Fishermen Taking These Fish Near Chatham

CHATHAM, Ont., Aug. 12. — Two reports have been received in this city of the presence of gold fish in the waters adjacent to Chatham. The first came from Eriean, where a fisherman is said to have seen a large gold fish, and the second comes from Mitchell's Bay, where a fisherman is said to have landed a large gold fish while seining for carp. The fish was over a pound and a half in weight and was an excellent specimen—bright gold in color.
