

THE "LONGDON" Propelling - Eversharp Pencil

Scores of EVERSHARP Pencils have been placed on the market during the past couple of years—some good, some otherwise. The "Longdon," made in England, stands in bold contrast to the many lesser lights. Movement and screws of solid brass, very thin leads.

Two persons, J. H. Meagher and Mrs. A. Iverson each guessed the same number of beans in the jar in the guessing contest at the Robin Hood flour booth at the exhibition last week, and as that number was the nearest to the correct number they share between them the five sacks of flour which was given for a prize. The correct number was 3414 and the nearest guess was 3370.

SCHOOL BOARD TO OFFER COX \$500 INSTEAD \$2,250

Total Payment Authorized to Vancouver Architect for Examination, Advice and Plans, \$1413.20.

The account of A. A. Cox, the Vancouver architect, for \$2250 in connection with his plans for the reconstruction of Booth Memorial School was dealt with by the school board last night and it was decided to offer Mr. Cox \$500. In addition to this Mr. Cox has already received \$400 and \$513.20 more has been authorized for payment to cover the cost and expenses of making his examinations. The account of \$2,250 was based on five per cent of the estimated cost of \$45,000 for reconstruction. The school board considered that the plans which Mr. Cox had submitted had not actually been ordered by the board and he is to be informed that working plans were not asked for and that in the sum of \$500 he was being more than generously remunerated. The total payment to Mr. Cox with this \$500 will be \$1413.20.
