INDIAN BAND ORDERS CUPS

Greenville Concert Organization Will Replace Three Trophies Lost in Village Fire.

While in the city last week, the Greenville concert band placed orders with R. W Cameron, the local jeweler for three large silver cups to replace those that had been awarded them in Exhibition band contests of the past and which were destroyed in the fire that wiped out their village last spring. Instructions were given to have similar decorations and engravings worked on the new cups to those on the old ones which were as follows:

1914—Best March.

1920—Best Selection.

1921—First prize March, Northern B. C. Championship.

Members of the band while here also announced that that new uniforms had been ordered and that when they came down for the 1923 Exhibition they would have a spick-and-span appearance with new instruments as well as uniforms.

The action of the band in replacing the destroyed cups at its own expense furnishes proof of the interest that the natives attach to the band competition and also their appreciation of the awards.

There was no contest at the Fair this year on account of the fact that the bargain of the Fair Board stipulated that there would be three bands entered before a contest would be staged.

BOSTONIAN "JOY BABES" AT WESTHOLME TONIGHT

Arrived From South This Afternoon and will be Here Until End of Week.

Mrs. Lang, with the Juvenile Bostonian "Joy Babes" arrived in town this afternoon from the south by the Prince George to fulfill a four night engagement at the Westholme Theatre. The "Joy Babes" number five and they are really wonderful kids. Their turn comes on between the pictures at the Theatre, starting at 8:30. For those to whom vaudeville appeals, and it appeals to most every one, there will be something worthwhile at the show until the end of this week.

GETS RADIO CONTRACT.

GOTHENBURG, Sweden, Sept. 20. — Sweden awarded the contract for equipping her new powerful radio station, to be erected 40 miles south of Gothenburg, to the Radio Corporation of America in spite of a lower bid from the German Telefunken Company.

The reason was that the American company offered better terms of payment. The amount of the equipment contract is $432,500, one-third cash and the balance from future receipts, without interest charges. The total cost of the station will be about $1,300,000.
