## Speech by Mrs. Smith Featured Busy Day in Legislature Yesterday

VICTORIA, Nov. 25.—Friday was a big day in the legislature. The budget speech was closed after a long afternoon session and the evening session was cancelled in order to allow members of the House and the press gallery to attend the police ball.

The feature of the debate was the speech made by Mrs. Ralph Smith, member for Vancouver. The lady member expressed pride in the work accomplished by the government. There had been sneering because the freight rates had been reduced only fifty per cent but that had meant millions of dollars to the province.

## LAST NIGHT IN DUBLIN QUIET

No Disorders Following the Execution of Erskine Childers

DUBLIN, Nov. 25.—Last night passed quietly in Dublin and the feeling of uneasiness caused by the execution of Childers yesterday seemed to be greatly lessened today. It was stated that Childers was informed on Monday that he would be executed Wednesday morning. He asked for a Protestant minister whom he knew when he was a boy and the minister was with him when he was executed.

### Approves Execution

LONDON, Nov. 25.—The execution of Childers drew no editorial condemnation in the London morning papers today. The Chronicle called Childers the enemy of Ireland and author of the cruel and barbarous methods against his adopted country. "He merited the fate meted out to him not merely as a murderer but as a murderer on a large scale," the paper said.

## Fred Stork Endorses Freight Rates Case but Plainly Says Rupert Entitled to Elevator

Receiving a telegram this morning from the Vancouver Sun asking that he express his endorsement of the movement to have unfair discrimination in B. C. freight rates removed in view of a meeting to be held in Vancouver on Monday night, Fred Stork, M.P. for Prince Rupert, has acceded to the request and at the same time expressed his opinion that the next grain elevator to be built on the Pacific coast should come to Prince Rupert.

The following is the text of the telegram received by Mr. Stork from the Sun:

"Fred Stork, M.P.,  
Prince Rupert.

"Mayor Tisdall has called a monster mass meeting of citizens of Vancouver for Monday night as a protest against existing freight discriminations against B.C. whereby grain rates Westward are double existing rates Eastward thereby constituting an outrage against the citizens of British Columbia and also to urge the Dominion government to commence immediate construction of grain elevators at Vancouver. Shipment of grain via the Pacific route will save millions for Western Canada farmers and will mean tremendous business for the Pacific Coast.

"Kindly wire Mayor Tisdall endorsing the movement and stating that you will do all you can to remedy this situation. Your telegram will be read at the meeting and published in the press."

Mr. Stork's reply is as follows:

"Mayor Tisdall,  
Vancouver.

"By request of the Vancouver Sun I assure you that I am using every influence to remove the unfair discrimination in freight rates against British Columbia and am urging to the utmost a square deal for our province.

"The fact that Prince Rupert is located 485 miles nearer the Orient than Vancouver and is the terminus of the Canadian National Railway with a railroad grade unequaled on the continent and possessing a magnificent harbor with dry dock and splendid port facilities compels me to say that Prince Rupert is the logical location for the erection of another grain elevator on the coast. Located here, it would secure best results for our National Railways and provide the northern prairies with speedy and direct service. We earnestly hope for the co-operation of Vancouver in this matter."

## SMEETON CASE IS DISMISSED

Counter Claim of Defendant for \$160 Rent Was Also Sustained

The action brought by Mrs. Rose Smeeton and W. H. Smeeton for an injunction against E. H. Mortimer as agent of the building occupied by the Carlton Cafe seizing the contents for back rent and also to damages amounting to \$1,000 was dismissed by Judge Young in the County Court this morning and a counter claim of \$160 for rent due was sustained, the sale of contents to take place on Nov. 27. Taking of evidence in the case was concluded yesterday afternoon. W. E. Fisher appeared for the plaintiff and S. W. Taylor, of Williams & Gonzales, for the defendant.

Dr. J. P. Cade, city medical health officer, told of being called in by the plaintiff and finding water leaking into the dining room.

Henry Lebourneau, the tin-smith who worked on the building, told of repairing two skylights. He was satisfied they were both water tight when he finished. His assistant, John Belsford, had also worked on the repairs and was certain they were fixed.

Archie L. Box, the first witness for the defence, said that he had eaten in the cafe for three months and had never seen any leaking from the skylight or heard of any.

### Never Saw Leaks

George McDonald, the contractor who erected the building, told of taking out part of his bill in meals there. He had never seen any leaks during the rain after they had been repaired the first time.

Thos. J. Glenn, chauffeur, was called to prove that on November 4 Mr. Smeeton had called him in to take a quantity of goods from the house at once. He got a boiler, galvanized tank, a valve and a book full of articles at the back door and took them to Tite's warehouse where they were stored. He said the packages contained utensils.

Sheriff Shirley testified that he had served Mrs. Smeeton with a notice on November 1 in writing that nothing was to be removed from the premises as everything was under seizure.

### E. H. Mortimer

The main witness for the defence was E. H. Mortimer, agent for the property. He told that he had had the first leak fixed and had received no more complaints till early spring when he had the contractor go over the skylight again. The next complaint he received was on October 23.

In reply to a question Mr. Mortimer stated that the plaintiffs had only paid their rent once on time and that they had stated on October 26 that they would not pay the three months back rent until the building was repaired. He added he had been given full power by his client to put the matter in the hands of the sheriff if he thought fit. He had come to the conclusion that the tenants were trying to do the owner out of the rent.

Mr. Fisher asked him if he had waived the rent on the first of the month.

"No," witness replied.

"Well you did not enforce it on the first of the month so you must have waived it," the counsel suggested.

Tried to Get Rent

Mr. Mortimer insisted that he tried to get it the first of every month.

"You could not get it?" His Honor asked.

"No," the witness replied.

"I hope the people of this town will not start to sue us when our bills are due," His Honor remarked.

Mr. Mortimer denied the statement of the plaintiff that he had been asked to repair the place during the summer. He also told of offering to try and get the rent reduced. Mr. Fisher asked

### NOVEL OPIUM PIPE IS FOUND

Local Police Discover Strange Device While Making Raid

For ways that are dark and tricks that are vain, the heathen Chinese is peculiar. In their search for opium for many years police officers have encountered many different articles used by Orientals to smoke opium, but local police officers in a raid the other night came upon an entirely new utensil used by a smoker to produce the dreams claimed to result from "hitting the pipe."

The pipe found on the premises was nothing more or less than an ordinary small ink bottle. The wily Oriental had extracted the cork and replaced it with a spoon through which a hole had been bored. On the side of the bottle he had drilled a hole through the glass and thus completed his pipe. Through the hole in the glass he drew the smoke from his lighted "pill" of opium into the bottle and then inhaled it through the spoon.

It was evident that the smoker did not have a large supply of the drug for he had carefully scraped all the ashes from inside the bottle to use over again. The owner of the pipe was not found.

## Booth School Affair Discussed in Legislature; Member Urges Expulsion of Architect Potter

VICTORIA, Nov. 25.—Urging that J. W. Potter, of Prince Rupert, be expelled from membership in the Institute of B. C. Architects for causing a loss of \$46,000 to the City of Prince Rupert, W. A. McKenzie, Conservative member for Similkameen, took half an hour of the legislature's time yesterday to call attention to the situation in connection with the Booth Memorial School at Prince Rupert. He did not blame the government but thought that architects had been given privileges and were expected to protect people from just such incompetent men as this.

Mr. McKenzie told the story of the building of the school. He laid no blame on the trustees but advised the government to put a better man in the place of Architect Whittaker who had estimated the cost of repairs at \$15,000 while they actually cost \$46,000. A well paid construction engineer, Mr. McKenzie said, should pass plans and inspect buildings aided by the government.

## OLD COLLEGE IS DESTROYED

Three Persons Perish and Damage \$750,000 in Burning of St. Boniface

WINNIPEG, Nov. 25.—Three persons are known to have perished and property damage is placed at \$750,000 as a result of a fire early this morning which completely destroyed St. Boniface College situated in the town of St. Boniface. A check-up shows five students missing but some of these may have gone to their homes nearby. Two are known to be dead and the charred remains of one body as yet unidentified has been found.

There were 138 students and 18 of the college staff in the buildings when the fire commenced. It is believed that the blaze started from a furnace explosion in the basement.

The known dead are W. A. Taylor, of St. Boniface, and Lawrence Legree, of Winnipeg.

The college dates back to 1
