Red Mountain

The prompt recovery of Red Mountain shares from the low level of 45c to Monday's close of 59c has partially fulfilled the prediction we made in these columns.

We are advised by the Boundary Red Mountain management of a second bullion production record amounting to \$3985 in seven days. This was at the rate of \$565 per day and showed a material improvement over the preceding nine days when the daily gross output was \$493.

If you will contrast this output of gold with the present quoted value of Boundary Red Mountain shares you will understand our advice to enter your order at today's market.

Full particulars concerning the property furnished on request.

Waterfront Whiffs

(Continued from Page Five)
to Father Neptune. While getting the goods aboard Cap trod on a pound of butter and said he never saw a pound of butter go so far in his life.

The Provincial forestry department's patrol boat Leila R. is now on the Ward Ways at Cow Bay undergoing hull painting and general overhaul.

Snagsow Adrift

The snagsow, owned by M. M. Stephens, which has been tied at Digby Island, near the Quamline station, was blown off the gridirons in the recent storm and suffered some damage mostly by an influx of water. Capt. Khort, the noted diver, has been working on the case, and with the help of the Provincial, Capt. A. Swanson, the snagsow has been righted and now rests gracefully in its old berth.

New Canning Plant

Some specimens of canned fruit have made an appearance in local nautical circles and the origin has been traced to the terra firma premises of skipper Myhill-Jones who has been experimenting, in his wife's absence, with all the odd fruit lying around the house. The dope certainly looks good through a periscope and has all the clearness of good old fashioned mud. The samples on exhibit in the Admiralty offices include peaches, plums, pears, and something else which we failed to recognize. Several of the recipients have been tossing up for the past few days to see who would be the first man to take a chance. The lot fell to George Newcombe and he says if he had known before now good the canning was that he would have taken the whole damned lot. George is some judge of canning. It is understood an unsolicited testimonial is being written to the manager of the cannery which will doubtless appear in print in all the leading papers in the near future after being censored.

Fleet Visited

During the week a very distinguished visitor in the person of W. Goldsmith, the honest fur buyer, paid an unofficial visit to the mosquito fleet base in company with the Admiral. For the benefit of Bill the Admiral put on a little sailor hornpipe stunt aboard the flag-ship during which somebody swiped the hornpipe and the dancer had to quit. The visitor made the public statement that he was open to listen to any fur buying proposition up to a million dollars. Bill expressed his entire satisfaction with the appearance of the fleet and shook hands with both of the crew.

Cap. Roy Brown Busy

Captain Roy Brown, of the Zorra, who had a booming contract for the J. R. Morgan Logging Company at Surf Inlet during the summer, is now occupied in taking out piling up Portland Inlet for the Canadian Fish & Cold Storage Company.

Fish Marketed

The total amount of fish sold at the Fish Exchange during the week amounted to 199,900 pounds. The highest price was 11.6c, and 9.6c, and the lowest price 10c, and 7c.

The arrivals were: Liberty, Allen, E. Lipsitt, Azores, Daily, Andrew Kelly, Augusta, Imperial, Baltic, Roald Amundsen, Lincoln, Viking, Anna, Annie Tuck, Albatross, Skugait, Orient, G. E. Foster.

Patent Gold Finder

A. W. Kirkland, of Esk, arrived in town recently with some fine specimens of platinum carrying ore. He claims to have an idea for dredging the black sand from the bottom of the harbor and surrounding shores with a patent dredge. The whole thing is very simple and cheap, according to the inventor, and is guaranteed to collect all the gold that is in the sand.

The C.P.R. steamer Princess Mary, Captain H. Ormiston, arrived here yesterday afternoon at 1 o'clock from Vancouver and left two hours later for Skagway. The local passengers arriving included Mr. and Mrs. C. G. Ketchum who returned from a trip south. The people going further north were T. E. Richards, representative for P. Burns and White Horse, Mrs. Lorenson and

"Fruit-a-tives" Restored Him to Health

150 AVENUE PIER 1X, MONTREAL.
"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured. At this time, a friend advised me to try 'Fruit-a-tives.' After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid!"

PATTULLO IS ON THE JOB

Urges Claims of North on Good Roads League Before Government

WILL STUDY NEEDS

Attention Drawn to Ultimate Plan of Road to Hazelton

VICTORIA, Nov. 25.—When the Good Roads League of British Columbia representatives met the members of the Government on Tuesday to present resolutions, Hon. T. D. Pattullo, member for Prince Rupert, pointed out that no representations were made regarding roads for northern or central British Columbia. He mentioned that the plans laid by the Government called for the ultimate completion of a road from Prince Rupert to Hazelton so that motorists could go from Prince Rupert to Prince George and thence to Vancouver.

Mr. Pattullo drew attention to the fact that Prince Rupert people contributed auto fees without getting any direct benefit and were pressing the government to start the road leading off Kaien Island toward the interior. He suggested that the Good Roads League should be representative of the whole province and take up the cause of Prince Rupert and the north generally.

President Gale said the league would meet at Prince Rupert next year and would give special study to the needs of the north on that occasion.
