'DR. FOWLER'S' Saved The Lives of Four Children

Diarrhea, dysentery, cholera infantum and summer complaint are responsible for more deaths, especially among children, during the summer months than any other form of disease. According to statistics, in the City of Toronto alone, in the past five years out of 1008 deaths of children, from diarrhoea, 757 died during the four summer months. It therefore behooves every mother to look after her children on the first sign of any looseness of the bowels by using Dr. Fowler's Extract of Wild Strawberry, a remedy that has been on the market for the past 77 years, and has been proven to be the best there is. Mrs. Harold Sellers, Penfield, N.B., writes:—"Dr. Fowler's Extract of Wild Strawberry saved the lives of four of my children when all other remedies failed. It stopped the vomiting and terrible diarrhoea with which they were troubled. I will always recommend it, and now always have a bottle on hand in case of emergency." Price, 50c a bottle; put up only by The T. Milburn Co. Limited, Toronto, Ont.
