Red Mountain

The prompt recovery of Red Mountain shares from the low level of 45c to Monday's close of 59c has partially fulfilled the prediction we made in these columns.

We are advised by the Boundary Red Mountain management of a second bullion production record amounting to \$3985 in seven days. This was at the rate of \$565 per day and showed a material improvement over the preceding nine days when the daily gross output was \$493.

If you will contrast this output of gold with the present quoted value of Boundary Red Mountain shares you will understand our advice to enter your order at today's market.

Full particulars concerning the property furnished on request.

STEWART MINES ARE DESCRIBED

(continued from page two)

This first 232 feet accomplished was very difficult owing to the nature of country being much broken by boulders, but from now onwards operations should be more rapid. The object of driving the tunnel is to strike the Premier lode, which has already been located in the property further on—the Bush. It is expected to cut the lode at about 800 feet, and assuming that it will be possible to drive 200 feet a month very important news should be received before Christmas.

Mr. Banks has been able to secure an option on the Cascade Falls No. 5, a property contiguous to the original discovery, and upon which developments may be expected later.

Recommendations B.C.

It can be seen from the foregoing that attention is being focused upon this important territory, and we can only conclude by expressing the hope that British mining engineers may be able to obtain more of the plums which so far seem to be going almost entirely to shrewd and business-like Americans who are not afraid of risking capital to exploit this vast treasure house of wealth.

We would commend British Columbia to the attention of the great mining houses of the city of London. Some of these have already sent experts, but through lack of courage enterprise, or faith in the reports received, they have allowed properties to be pigeon-holed, and then later they are surprised to learn that Americans have visited the spot, promptly acquired options, and are at the present time opening up these same promising properties. That this kind of proceeding may cease must be the earnest desire of every patriotic Briton.

Terrible Headaches and Dizziness

Miss S. Hapland, 237 Kentworth Ave., N. Hamilton, Ont., writes:—"I used to suffer from terrible headaches and dizziness. Last summer, while I was walking up a side street, I got a dizzy spell and fell in the middle of the road. An old gentleman helped me to get to where I was going and told me to get a vial of Milburn's Laxa-Liver Pills. Well, I did, and they did wonders for me. I don't know how to thank you, as I don't get headaches or dizzy spells any more."

When your liver gets sluggish and inactive your whole health suffers, and the only way to keep well is to keep the liver active and performing its proper functions by using Milburn's Laxa-Liver Pills.

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
