Had Bad Pains in Her Heart

Nerves were very bad

Mrs. John Case, R. R. No. 4, St. Catharines, Ont., writes: "I wish to say that I have been bothered very much with my heart and nerves. I doctored with two different doctors, but did not find much relief. I would have such bad pains in my heart, at times, I would be almost afraid to move or breathe, and at night could not sleep. If the pains in my heart were gone, my nerves would be so bad I could not be still and would only get a little sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart worse. I had been suffering for nearly two years until one day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken five boxes and am feeling so much better, I am able to do my own work, and can eat anything I wish. I cannot praise too highly."
