LOST IN NORTHLAND FOR SEVENTEEN YEARS

**Archie Brighton Finds Way Back
to Civilization in Saskatchewan**

Saskatoon, Nov. 27. — Lost among the Indians of the north country for 17 years, Archie Brighton, now 33 years of age, found his way back to civilization and his old home at Battleford last week. According to his story, he left for the Yukon with some miners in 1905, and was taken north by them and finally abandoned among the Indians.

Since then until he finally found his way back he had never seen a newspaper and lived the life of the aborigines, knowing not where he was nor the passage of time. He was amazed to find North Battleford a city where there had been but a few cabins at the time he left. After some searching he located his old home on the banks of the Battle river south of Battleford.

CITY BUYS LAUNCH SHAWATLANS LAKE

**Boat Bought From N. M. McLean
at Price of \$750**

The recommendation of the finance committee that a launch owned by N. M. McLean be purchased by the city for use on Shawatlangs Lake in connection with the power plant was adopted by the city council last night. The boat will cost \$750 and constituted one of four tenders submitted. The other tenders were lower but the committee on examining the boats found Mr. McLean's to be the most serviceable. The hull is six months old and is 24 feet by 7 feet eight inches wide with a ten horse power engine.

ATTEMPTED MURDER CASE WILL START WEDNESDAY MORNING

The case of Edward Clarence Flewin and Raymond Arthur Kewis, charged with the attempted murder of Robert Boyd Young at Port Simpson on September 11, will be heard before Magistrate McMullin on Wednesday morning. The injured man is now recovered sufficiently to give evidence after the case has been adjourned after time for the last two months. There are twenty-three witnesses to be called at the trial. L. W. Patmore will defend the accused men and T. B. Hooper will prosecute.

MARINE DISASTER IN SOUTH AMERICA

BUNEOS AYRES, Nov. 27. — Thirty-four lives were lost on Sunday in a collision between a launch and a ferry boat in the Parana River near Zarate, north-west of here.

DANA FILM THRILLER OF SECRET SERVICE

**Thrilling Story of the Law and
Romance Among Opium
Smugglers**

Secret service agents and opium smugglers furnish the story of Viola Dana's latest picture, "There are no Villains," which opened last night at the Westholme Theatre. The production proved just as thrilling as one would expect from such a subject.

In the character of a Federal sleuth Miss Dana becomes a stenographer in a business man's office and then following the trail of the hon. smugglers acts as nurse to one of the supposed members of the gang. But the female detective falls in love with the man she is nursing and her attempts to save him from the law bring about many exciting incidents.

As the female secret service agent Miss Dana gives a portrayal that is full of dramatic thrills. Gaston Glass as a crippled smuggler is excellent. Others in the cast are Edward Cecil, Dr. Whit Jennings, Fred Kelsey and Jack Cosgrave.

The final adoption of bylaw 101 to permit the city to advertise for sale any property acquired by the city in tax sales took place at the meeting of the city council last night.

HAZELTON

According to James Wells, who has just returned from Esk, the silver ore in Silver Basin will be very valuable. He struck a four foot vein recently and brought some samples here with him.

Mrs. M. L. Lackworthy returned to New Hazelton last week and is able to be around although her ankle is still weak.

W. B. Grove and W. G. Grove who spent several weeks visiting Mr. and Mrs. F. A. Goddard, returned to their home in London, Ont., last week.

Mr. and Mrs. R. W. Franklin expect to leave for Vancouver about the first of next month.

Will Your Boy Be Educated?

Of course he will, because you want to see him grow up to be a "real" man. When he gets out into the world and makes his mark, what pleasure and satisfaction it will bring to you!

But there is just one consideration—suppose you do not live until he is fitted for his life's work. This thought has escaped many a man. It is the chief reason ninety per cent. of children never complete their High School course.

The matter can easily be arranged—an education guaranteed to your children—through life insurance.

It is one of the great pleasures of life insurance representation to be able to advise fathers and mothers how to provide for the education of their children, who will afterwards pay honor to their parents, holding them in high regard for this chance in life.

LIFE INSURANCE IS "THE LOVE THAT NEVER DIES," AND WHEN EXTENDED TO YOUR CHILDREN REACHES ONE OF ITS HIGHEST FORMS OF EXPRESSION.

LIFE INSURANCE SERVICE.

RESIDENTS OF SIXTH AVENUE ASK THAT STREET BE OPENED

N. Muskhallum and a number of other residents of Sixth Avenue submitted a letter to the city council at the meeting last night regarding the decision of the council not to rough grade the street. The letter drew attention to the fact that the street was now closed at both ends. The people of Fifth and Seventh Avenues were not paying any higher taxes than the people on Sixth Avenue and they felt that if the street was not to be rough graded, it should be open at least.

Alderman Dybbavn, in speaking to the letter stated that if the writers had been familiar with the facts they would not have brought the matter to the attention of the council again. The council, he said, was not in a position to undertake the work and it must be the work of next year's council.

Mayor Rochester declared that the council did not have the money. He added, however, that he had asked the city engineer to look into the feasibility of lowering the planks until such time as the money was available for rough grading and this plan would be a solution for the problem for the winter at least.

That the lowering of the planks would not be any good at all was the view taken by Aldermen Montgomery and McLeod. They pointed out that the street was the oldest in the city, having been built by the government fourteen years ago and that new lumber would be needed.

The matter was left over till the engineer makes his report on the plan.

ASKS PLEBISCITE ON ROUGH GRADING

Alderman McLeod, at the meeting of the city council last night, gave notice of motion to be discussed at the next meeting whereby a plebiscite should be submitted to the people at the coming election in regard to the policy

was that the work be done and that 35 per cent be charged to the property abutting work and the other 65 per cent be paid by the city as a whole.

"I Was Terribly Weak After Baby Was Born"

Mrs. H. McClure, Norwood, Ont., writes:

"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."
