

.. SUCCESSFUL .. SOCIAL FUNCTIONS.

The successful society matron recognizes that in order to maintain her position as a society leader she must follow certain well defined lines; she must not forget the "frills"—those little aids that may mean the difference between the success or failure of her affair.

Probably you intend holding a whist drive and dance, a bridge or five-hundred party, an "at home" or a birthday party in honor of a daughter or friend. If so, you will require dance programs, tally cards, place cards, bridge score or five-hundred pads, as the case may be. In any case, whatever your requirements, consult us before buying elsewhere. We carry an excellent stock of artistic designs, unexcelled material, and at a reasonable price.

Ward Beverage Co., of Cleveland, and is at present in Detroit. 11

BEAUTY OF THE SKIN

Is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmundson, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

Dr. Chase's Ointment

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying. There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine.

BURDOCK BLOOD BITTERS and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes:—"I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad that I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them!'"

B. B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

A wrong impression was given in yesterday's paper in regard to the report of Mr. Kyle, on the Domestic Science Department by referring only to one detail of the work. Mr. Kyle's report stated that the Domestic Science classes are progressing satisfactorily. Each branch of the work being either "good" or "excellent." 11

W. McGeorge, the Stillwater, Oklahoma, investor, who is in the city making preparations for the building of a permanent two storey business block on Third Avenue, has not yet decided definitely on what kind of a building he will put up. He has been in conference with J. W. Potter, architect, on the matter and will remain in the city some days yet. 11

**FORMER RESIDENT OF
PRINCE RUPERT DIES;
CRUSHES HIS SKULL**

F. W. Wesch of this city received word this morning that his father, H. F. Wesch, had fallen and killed himself. The old man was 80 years of age and was climbing some steps at Hamburg when his foot slipped in the snow and he fell and crushed his skull, dying as the result. 11

Mr. Wesch senior left this city two years ago after living here for about four years. He was well known here. 11

NEW STATION AND APPROACH SOON COMPLETE

Contractors Expect to Have Everything Finished by April 15.

Considering the unfavorable weather of the past few days, excellent progress is being made on the building of the new Canadian National Railway station here by P. W. Grahame, the Moose Jaw contractor, and it is expected that the job will be completed by April 15. Construction of the overhead bridge approach from the present general offices to the second floor of the station will be commenced in a very short time.

The actual brick laying on the station is now practically all finished and the cement coping has been placed on the tops of the outside walls. The roof of 5-ply composition is being put on and should be finished in the course of a day or so. Gravel and tar will be spread over all.

The work of steamfitting and plumbing commenced on Thursday, and the company electricians have started their work which will entirely be in conduit piping.

The ceilings and walls of the second floor will all be plastered, those in the lavatories and boiler room being over metal lath. The walls of the first floor will be of brick, the ceiling of the baggage and express rooms having two coats of Johns-Manville fireproof and waterproof material. The baggage and express rooms will have ceilings only.

The ground floor, where the express and baggage rooms will be located, will have inch and a half composition flooring and the second floor, where the waiting rooms will be, are to have maple floors.

A. Mather is in charge of the work for the contractor. Charles Clarke is foreman steamfitter and P. H. Reynolds, carpenter foreman.
