Chief A. C. Minty, of the provincial police, sailed last night for the south having in custody Anthony Dahl, the insane fisherman who is to be placed in the New Westminster asylum; Joe McBain, who is to serve nine months at Okalla for robbery, and Wong Gum, a Port Essington Chinaman, who will do six months for an infraction of the Opium and Narcotic Drug Act.

Three tourists from the Princess Alice missed the steamer here Saturday afternoon and continued their voyage on the steamer Princess Beatrice later in the afternoon. The C. P. R. boats have discontinued blowing the 15 and 30 minute whistles before leaving here but a board telling the sailing time of the steamer is posted before tourists disembark for the visit uptown. The blowing of the whistle is said by the officers of the steamer to be confusing. This was about the only port where such warning whistles were given.

YOUR BREAD Problem Solved

A word on the Bread Question to SAWMILLS, LOGGING CAMPS, FISHING BOATS MINING CAMPS

The success of out of door work depends upon the physical fitness of the worker and good wholesome BREAD is of course the basis of physical well being.

GOOD BREAD is absolutely necessary to insure good health and good work.

It frequently happens that camp cooks are changed, and in camps where the bread is baked this often means a change in the quality of the bread which is not always satisfactory.

To be able to count absolutely upon BREAD WHICH WILL GIVE ENTIRE SATISFACTION, and above all BREAD THAT WILL KEEP FRESH AND MOIST FOR DAYS AT A TIME is to increase efficiency.

We bake our bread between the hours of 1 a.m. and 4 a.m. for morning requirements, and again between the hours of 6 a.m. and 10 a.m. for the afternoon trade, so that our baking is always FRESH FROM THE OVEN.
