

Renoul

Meets a long-felt need in both home and office. It cleans and polishes in one operation, renewing, brightening and bringing out the grain in the wood, leaving a highly glossed surface that may be rubbed when dry with a silk handkerchief without staining.

Does not adhere, due to the non oily after effect.

For linoleum, all hard wood surfaces, linoleum, automobiles, phonographs, pianos, etc.

Mr. and Mrs. A. B. Trites were passengers from Stewart for Vancouver on the Prince Rupert last night. Mr. Trites is the head of the company which now controls and operates the Big Missouri mine on which a rich strike was recently made.

Some Cut Glass

Isn't much (if any) better than a good quality of the pressed article. It's cheap of course—and it looks it. Cut Glass sparkles like a diamond and has the weight of iron. Look over our odd pieces. Price from \$3.00 to \$10.00.

John Bulger,

COFFEE

FRESH ROASTED

Why Fresh Roasted?

Why does the local baker buy his flour in bulk and bake bread, pies and cakes daily? We might go on indefinitely asking such questions, but why multiplying the evidence? The answer in each case is the same. The shorter time that elapses between the finishing process mentioned and delivery to the user the more satisfaction with the product.
