DAILY EDITION Monday, October 31, 1933

UNITED STATES ELECTION

One week from tomorrow the United States elections will take place. On that day the people of the republic will choose a president who will take office next spring. They will also choose governors of states, judges and dozens of other officials. It is a momentous occasion for the American people and very interesting for other countries to watch. Happily, in Canada we are acting the role of watchers. Yet the results may mean a great deal to us.

All will be glad when the election is over as it always has a bad effect upon business in the States and that reacts to a certain extent on Canada. President Hoover is a high tariff man while Governor Roosevelt is advocating lower tariffs. These policies directly affect Canadian industries.

PROTECTION VS. FREE TRADE

The Daily News has been charged with deserting its principles and espousing the cause of protection. The charge is of course quite baseless. We believe in free trade as the only sensible policy for the nations of the world and we believe the time will come when tariff walls will be abolished and forgotten but not in this generation or the next. It takes time to bring about these radical changes.

The United States is one of the most highly protected countries in the world. Protection is based on selfishness but so is business. Business people try to make the best possible deal for themselves. With a neighbor holding these views we are bound to act on the defensive and raise our tariff walls so that we may be in a position to negotiate for lower tariffs.

For years we have been asking for the abolition of the two cents duty on halibut with no results. We have had nothing to offer in return for the concession. With our present high tariffs we can negotiate for lower tariffs with our neighbor. Reciprocity is now a possibility, especially in view of the position we hold in the British Empire since the Ottawa conference. It became necessary to meet fire with fire. We have done this but we cannot live on fire. We need international trade and we can now talk turkey with the U. S. with some hope of success, especially if the Democratic party should be successful there next week, which seems altogether likely.

HIGH WINS IN SOCCER

Borden Street School is Beaten by 4 to Nil Score

High School and Borden football teams met in their regular Junior League game on Saturday, High School winning by 4 goals to nil. High School attacked and Postuk saved cleverly from Campbell. Borden then became the attacker but Currie was safe and stopped Burns. After Postuk had saved several times, Campbell scored the first goal for High. Burns and S. Currie tried hard to bring the play to the High School goal but they were closely watched by Davies, who, all through, played a splendid game at half for High. The Borden defence was well tested and Veitch played strongly and effectively while B. O'Neill was always in his right place and placed the ball neatly and truly to his forwards. Campbell broke through and struck the crossbar with a strong shot and, from the rebound, Shrubbsall scored a second goal for High. A nice run by Burns and Houston began a series of attacks by the Borden forwards but Ritchie was strong and safe and Annesley, in the High School goal, had little to do. Half-time arrived with High leading by 2 to nil.

While the first half was evenly contested, High had the better of the second half. J. O'Neill and Campbell were playing nice football and brought the ball in front of the Borden goal but Shrubbsall shot behind from a good pass. Irvine and Murray had several good runs for Borden and Irvine centred well but Davies, Johnson and Edgar were safe and Borden could not score. Gulick was helping his backs well but Shrubbsall got through and scored. Shortly after Fulton, with a long drive, scored High's fourth goal.

The Teams

High—Annesley, J. Currie, Ritchie, Edgar, Johnson, Davies, Munro, J. O'Neill, Campbell, Shrubbsall, Fulton.

Borden—Postuk, Unwin, Jones, Gulick, Veitch, B. O'Neill, Burns, S. Currie, Houston, Murray, Irvine, Referee—J. Campbell.

Linesmen—W. Williscroft and J. Kelly.

Touring States

No pal of John Bull is Vithalbal Patel, ex-mayor of Bombay, India, who is touring United States getting a load off his chest. Here we see him arriving at New York.

Handicapped

History says Michelangelo did some of his best work while flat on his back. Dean Corwell tore the ligaments of his leg while doing a mural in Los Angeles—has to be hauled about in a Bos'n's chair

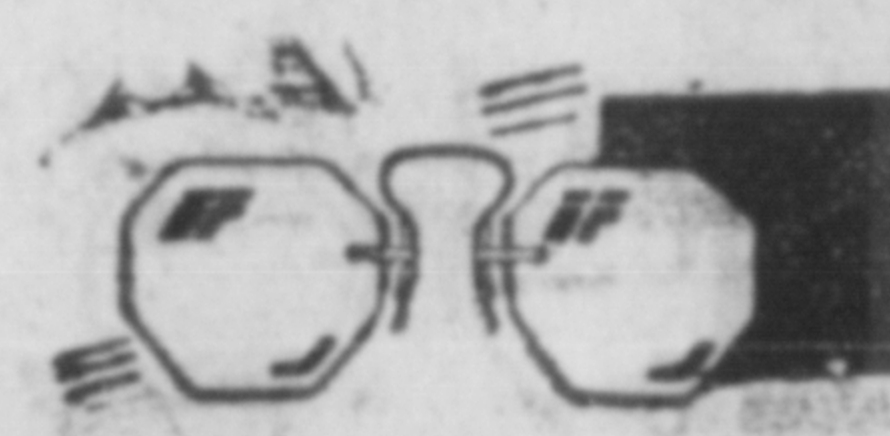

Long Distance Run Staged By High School Boys

Another long distance track run was staged by boys of King Edward High School. A route of three miles in the direction of Seal Cove was covered at a very steady pace. Those who turned out for the first time were commended for their performance. Ronald Allen, Phil Edgumbe and Carl Smith, starting some minutes after the main body of runners, completed the same course in very good time, arriving back at the school on the heels of the main pack.

The main body of runners consisted of George Blake (pace), D. Arrey, B. Cross, W. Cross, B. Cameron, B. Green, J. Greer, T. Johnstone, W. Lee, A. MacPhee, B. Murray, W. Smith, C. Stewart and H. Worsfold.

WHAT'S NEWS TO YOU?

THRIFTINESS is a state of mind that is nearly as valuable an asset as a bank account. . . For thriftiness can always get a bank account of its own.

And it's easy to tell thrifty people from the way in which they read the newspapers — just as you can usually spot the other kind.

The great majority of men and women never put a newspaper down until they have read the important news which is directed to them through advertisements.

The modern woman, especially, finds the advertisements indispensable. She spends more than five-sixths of the family income. And the prosperity, happiness and health of her household frequently depend on her reading of the advertisements and on the wisdom with which she chooses everything she buys.

The advertisements bring you complete information about accepted products and new ones. Through them you can compare values . . . discover ways and means for greater household efficiency and enjoyment . . . and make sure that every dollar spent will bring its full return.
