Rentals. Insurance. Real Estate.

Red Mountain

The prompt recovery of Red Mountain shares from the low level of 45c to Monday's close of 59c has partially fulfilled the prediction we made in these columns.

We are advised by the Boundary Red Mountain management of a second bullion production record amounting to \$3985 in seven days. This was at the rate of \$565 per day and showed a material improvement over the preceding nine days when the daily gross output was \$493.

If you will contrast this output of gold with the present quoted value of Boundary Red Mountain shares you will understand our advice to enter your order at today's market.

Full particulars concerning the property furnished on request.

All The Family Had Bad Colds

"Did you ever notice that if one of the family contracts a cold it generally runs to all the other members?"
Many people when they contract a cold do not pay any attention to it, thinking perhaps it will pass away of itself in a day or two. This is a great mistake for before they know it, it has become settled on the lungs.

Never neglect the first symptoms; get a bottle of

Dr. Wood's Norway Pine Syrup

and see how quickly your cold will disappear.
Mrs. A. Coughlan, Magnolia, Alta., writes:—"Last winter we all had bad colds in our family, and I didn't know what to do. Some friends told me to try Dr. Wood's Norway Pine Syrup, so I went and got a couple of bottles, and in a short while our colds were all gone. Now we always keep a bottle on hand in case one of us might catch a cold."

"Dr. Wood's" is 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

B.C. STURGEON MAKES CAVIAR

Stuart Lake Produces Fish Weighing up to 400 Pounds

EDMONTON, Nov. 22.—While at Fort St. James, in the interior of British Columbia, last week E. W. Bowness, consulting engineer of this city, met a party of Edmonton men who were looking over the terrain mentioned with the possible intention of establishing a sturgeon fishery there. Mr. Bowness went to the coastal province to investigate various water powers in the vicinity of Stuart Lake, and describes this section of B.C. as the most beautiful he has seen. A chain of long narrow lakes, hemmed in by the mountains can be navigated by motor boats for a distance of 150 miles, and Mr. Bowness is of the opinion that it would be an ideal country for pleasure seekers.

It also has considerable historical associations, as Fort St. James was one of the earliest posts of the Hudson's Bay company, once they commenced to penetrate from the bay. The Fort is situated on a pretty flat at the entrance to the lake system where considerable farming is carried on by the present day representatives of the great company. In addition to the H.B.C. there is a large mission at this point and several villages, one of which houses a celebrity in the shape of an elderly lady named Jenny who is one hundred and fourteen years of age and is accredited with playing a "dirty game of poker."

Sturgeon Fishing
Sturgeon fishing on a small scale is at present carried on at Stuart lake, the fish being taken for the caviare they contain, which latter is cured at Fort St. James prior to shipment. Some of the sturgeon taken in Stuart lake tip the scales at 400 pounds weight, and there is a probability that this industry will be considerably commercialized during the next decade, says Mr. Bowness. Fort St. James is connected with Vanderhoof, on the C.N.R. main line by a good motor road, which passes through an interesting territory, much of the beauty of which has been spoiled by the forest fires, which this season have done untold damage in the interior of British Columbia.

SMOKES CIGARETTE WHILE SUICIDING; ACTOR TO THE END

NEW YORK, Nov. 22.—Lying against the mossy bank of a secluded ravine in the Bronx, a lighted cigarette dangling from his smiling lips, the lifeless body of Arthur Crawford, actor, humorist, "the man of a wealth of funny ideas," was found, a bullet wound in the heart. A revolver lay at his side.

In Crawford's pocket was found a letter addressed to his son, and a will. The letter contained a key to a safety deposit vault and informed the son that he would find \$8,000 in the Bank of Montreal.

All sheet music is not retired at bedtime.

ALICE ARM

The Alice Arm Debating Society has decided that Country Life is better than City Life. A debate on the question was held last week and that was the outcome. Those arguing for Country Life were Mrs. R. F. McGinnis, M. D. Ross and J. M. Morrison while the City Life champions were Miss B. Crawford, H. Fowler and T. W. Falconer.

C. P. Riel is building a new two-story 35 by 77 foot building here. It will be finished by next spring, it is expected.

Mr. and Mrs. George Young entertained at a banquet on Armistice Night. The day was generally observed here. E. R. Oatman sounded the Last Post and Miss Alice Hogberg and Lorne Falconer sold poppies.

Last Tuesday 225 tons of second grade ore was shipped from the Esperanza Mine to the Ansoy smelter. The ore was handled through the Dolly Varden bins and was taken out by scow.

The Alice Arm Freighting Co. has secured a contract for getting out a quantity of mining timber for the Granby Co. The logs will be taken out near Silver City and work will commence immediately.
